Film Noir 101 Mark Fertig,2014-08-06 Collecting 101 noir movie posters of, arguably, the greatest noir films ever made (including classics The Maltese Falcon, Laura, and Double Indemnity). Reproduced in a stunningly designed, over-sized format that shows off the spectacular visual elan of Hollywood movie posters at their best, the book is not only a spectacular showcase of film noir art, but also establishes the crucial films and identifies their key characteristics, with critical commentary on each film by author and scholar Mark Fertig. This is an ideal handbook for noir rookies, a valuable resource for old-hats, and a visual feast for fans of film noir and American entertainment art.

World War II: The Last War Heroes Stephen Bull,2011-11-11 The companion volume to the groundbreaking TV series, this book tells the story of the physical, emotional and psychological journey of Allied soldiers from the beaches of Normandy to the ruins of Berlin. In their own words these brave men from Britain, the United States, Canada and Russia tell us what it was like to face the bullets, bombs, mortars, mines and artillery shells of Nazi Germany. Interviews with over 80 soldiers who fought in the conflict, totalling 150 hours, provide a new perspective on the experiences of 1944-45. Building on the high-speed, multi-camera filming of World War II weapons and munitions shown in the TV series, this book brings the terrifying reality of the war to life. Technical descriptions and the experiences of the men in the field explain the dramatic power and effect that this weaponry had on the battlefield, from the sinister simplicity of the deadly AP mine through to the immense firepower of the 88mm gun, giving the modern historian a unique insight into the last days of the war for the troops on the frontline. This is not a history of generals, of armies manoeuvring and strategic objectives. It is a book about the ordinary men put into incredible situations, deprived of sleep and food, and in constant fear of death on the long road to victory.

101 Ways to Become a Superhero . . . Or an Evil Genius Richard Horne,Helen Szirtes,2011-04-26 Ever wanted to fly like Superman?* Drive a cool car like Batman? Smash things like the Hulk? Well, 101 Things to Do to Become a Superhero is the book for you. Inside is everything you need to transform yourself from mere mortal into exciting, dynamic, total superhero material. Make things, learn amazing tricks, and be inspired by genius ideas in order to complete the transition to object of worship and admiration. Develop your stealth and telepathy! Identify your nemesis! Choose your outfit! Or maybe the side of evil is more your thing? Select a sidekick! Get a villainous chair! Either way, your days as a mere mortal are over. . . .

*Note: Book will not actually teach you to fly.

Beyond the Latino World War II Hero Maggie Rivas-Rodríguez,Emilio Zamora,2009-12-07 Maggie Rivas-Rodríguez 's edited volume Mexican Americans & World War II brought pivotal stories from the shadows, contributing to the growing acknowledgment of Mexican American patriotism as a meaningful force within the Greatest Generation. In this latest anthology, Rivas-Rodríguez and historian Emilio Zamora team up with scholars from various disciplines to add new insights. Beyond the Latino World War II Hero focuses on home-front issues and government relations, delving into new arenas of research and incorporating stirring oral histories. These recollections highlight realities such as post-traumatic stress disorder and its effects on veterans' families, as well as Mexican American women of this era, whose fighting spirit inspired their daughters to participate in Chicana/o activism of the 1960s and 1970s. Other topics include the importance of radio as a powerful medium during the war and postwar periods, the participation of Mexican nationals in World War II, and intergovernmental negotiations involving Mexico and Puerto Rico. Addressing the complexity of the Latino war experience, such as the tandem between the frontline and the disruption of the agricultural migrant stream on the home front, the authors and contributors unite diverse perspectives to harness the rich resources of an invaluable oral history.

The World of the Khanty Epic Hero-Princes Arthur Hatto, 2017-02-02 In his final book, the late Arthur Hatto analyses the Khanty epic tradition in Siberia on the basis of eighteen texts of Khanty oral heroic epic poems recorded and edited by a succession of Hungarian and Russian scholars in the nineteenth and twentieth centuries. The book examines the world view of an indigenous culture as reconstructed from its own words, demonstrates a flexible outline for organising an analytical dossier of the genre of oral heroic epic poetry in a specific culture, and presents an abundance of new information to compare with better-known heroic epics. Consisting of main sections on The Cosmos, Time, The Seasons, Geography, Spirits, Personae, Warfare, Armour and Weapons, and Men's Handiwork, the book also includes a section of background information on the Khanty people. Marianne Bakró-Nagy contributes specialist knowledge of the Khanty language to the linguistic interpretation of the texts, and there is an afterword by Daniel Prior.

A Hero for Miss Hatherleigh Carolyn Miller, 2019-03-19 As the daughter of Viscount Aynsley, Caroline Heatherleigh knows every rule of society—and she's always followed them precisely. It's simply the way things are done in her world. When she visits south Devonshire and encounters a fossil-hunting scientist and his sister, her assumptions about what is right are shaken. She is suddenly confronted by questions she has never considered about the importance of friendship and faith—and her comfortable understanding about how the world works is thrown off balance. Gideon Kirby loves science, and hunting down proof of past lives is a joy he won't willingly give up. But his scientific leanings are being challenged by both his personal beliefs and by local smugglers in the Devonshire countryside. And every day his sister's illness is becoming more desperate and her care grows more demanding. Adding a proper Viscount's daughter to the mix is a complication Gideon never expected—especially since he has a secret that demands he stays far away from this young woman he's falling for in order to protect his beloved sister. When a mysterious stranger visits the village, that secret is set to be exposed, no matter how Gideon fights. Then tragedy strikes in a smugglers cave. And the threat of scandal may lead to broken hearts and passionless propriety. Will the shaky bond these two have managed to build be strong enough to overcome their differences—or will the trust they've withheld from each other end up tearing three lives apart?

The Storybook Hero Andrea Pickens, 2002 Accepting a position as a governess in Moscow, Octavia Hadley's journey from England is terribly daunting. But she soon finds greater peril in the advances of Alexander Sheffield, a wastrel on his way to Russia to rescue a young cousin. But Alexander will have to use more than sweet words to melt Octavia's heart and bask in the glow of her fiery passion.

Return to Titanic Robert D. Ballard, Michael J. Sweeney, 2004 Nearly 20 years after making the world's most famous underwater discovery, Ballard returns to the Titanic with the most advanced instruments in underwater exploration to provide the clearest, most dramatic images of the ship ever seen.

Drones, Tones, and Timbres Carole Pegg, 2024-01-09 An indispensable study of the music of Altai-Sayan peoples Based on more than twenty years of collaborative research, Carole Pegg's long-awaited participatory ethnography explores how Indigenous nomadic peoples of Russia's southern Siberian republics (Altai, Khakassia, Tyva) sound multiphonies of place in a post-Soviet global world. Inspired by the mountain-steppe ecology and pathways of nomadism, soundscapes created in performative ritual events cross political and multiple-world boundaries in a shamanic-animist universe, enabling human and spirit actor interactions in a series of sensuous worlds. As with the "throat-singing" for which Indigenous Altai-Sayan peoples are famous, senses of place involve sonic relations, rootedness, movement, and plurality. Pegg echoes their drone-partials musical and ontological models in an innovative theoretical entwinement. Three strands form the book's multivocal drone, the partials of which sound in each chapter: ontological sonicality and musicality that enables emplacement and movement; the importance of shamanism-animism--at the core of

Indigenous spiritual practices--for personhood and community; and the agency of sonic performances. Sounding place, Pegg demonstrates, is essential to the identities, ways of life, and very senses of being of Indigenous Altai-Sayan peoples.

Olympia Judith M. Barringer, 2021-11-02 A comprehensive and richly illustrated history of one of the most important athletic, religious, and political sites in the ancient Greek and Roman world The memory of ancient Olympia lives on in the form of the modern Olympic Games. But in the ancient era, Olympia was renowned for far more than its athletic contests. In *Olympia*, Judith Barringer provides a comprehensive and richly illustrated history of one of the most important sites in the ancient Greek and Roman world, where athletic competitions took place alongside—and were closely connected with—crucial religious and political activities. Barringer describes the development of the Altis, the most sacred area of Olympia, where monuments to athletes successful in the games joined those erected to the gods and battlefield victories. Rival city-states and rulers built monuments to establish eminence, tout alliances, and join this illustrious company in a rich intergenerational dialogue. The political importance of Olympia was matched by its place as the largest sanctuary dedicated to Zeus, king of the gods. Befitting Zeus's role as god of warfare, the Olympian oracle was consulted to ensure good omens for war, and the athletic games embodied the fierce competition of battle. Other gods and heroes were worshipped at Olympia too, Hera, Artemis, and Herakles among them. Drawing on a comprehensive knowledge of the archaeological record, Barringer describes the full span of Olympia's history, from the first monumental building around 600 BC to the site's gradual eclipse in the late Christianized Roman empire. Extensively illustrated with maps and diagrams, *Olympia* brings the development of Olympia vividly to life for modern readers.

Rewriting Medieval French Literature Leah Tether, Keith Busby, 2021-07-05 Jane H. M. Taylor is one of the world's foremost scholars of rewriting or *réécriture*. Her focus has been on literature in medieval and Renaissance France, but rewriting, including continuation, translation, and adaptation, lies at the heart of literary traditions in all vernaculars. This book explores both the interdisciplinarity of rewriting and Taylor's remarkable contribution to its study. The rewriting and reinterpretation of narratives across chronological, social and/or linguistic boundaries represents not only a crucial feature of text transmission, but also a locus of cultural exchange. Taylor has shown that the adaptation of material to conform to the expectations, values, or literary tastes of a different audience can reveal important information regarding the acculturation and reception of medieval texts. In recent years, numerous scholars across disciplines have thus turned to this field of enquiry. This collection of studies dedicated to the rewriting of medieval French literature from the twelfth to the twenty-first centuries by Taylor's friends, colleagues, and former students offers not only a fitting tribute to Taylor's career, but also a timely consolidation of the very latest research in the field, which will be vital for all scholars of medieval rewriting. With contributions from Jessica Taylor, Keith Busby, Leah Tether, Logan E. Whalen, Mireille Séguy, Christine Ferlampin-Acher, Ad Putter, Anne Salamon, Patrick Moran, Nathalie Koble, Bart Besamusca, Frank Brandsma, Richard Trachsler, Carol J. Chase, Maria Colombo Timelli, Laura Chuhan Campbell, Joan Tasker-Grimbert, Jean-Claude Mühlethaler, Michelle Szkilnik, Thomas Hinton, Elizabeth Archibald.

The Victorian Fol Sage Camille R. La Bossière, 1989 In considering the responses of Carlyle, Emerson, Melville, and Conrad to Montaigne and to one another, this work focuses on the fundamental contradiction between wisdom and art and demonstrates that this contradiction impels the writing of the *Essais* and generates the Victorian sage's antic speculations.

Party Pieces Alan W. Friedman, 2007-10-29 "Irishness" has often meant self-dramatization because Ireland is commonly represented, and has historically represented itself, as a nation of storytellers, musicians, and virtuoso performers. Like many of their characters, Joyce and Beckett were superb musicians, creators of performance, and they sought both to evoke and exhaust the resources and rhythms of language and performance. In this groundbreaking work, Alan Warren Friedman explores the rich historical and literary backgrounds of this distinctly Irish phenomenon. He then

explains its cultural significance and discusses the major works of both authors, illustrating the diverse ways in which Ireland is enacted. *Party Pieces* offers a distinct contribution to the critical study of Joyce and Beckett. Unlike other books on the subject of social performance, it places two great modern Irish writers within social and metaphorical conventions that are specifically moored in their Irishness. In so doing the author shows how social performances not only impacted the works of Joyce and Beckett but also were central to their creative processes. Meticulously researched, convincingly argued, and clearly written, *Party Pieces* is an ideal reference for scholars of Joyce, Beckett, and Irish studies.

Girls with Swords Lisa Bevere, 2013-02-12 When women understand how God has empowered them, they can wield the sword of feminine strength against any evil that threatens them and those they love. What if you discovered you have been entrusted with an invisible, invincible, and incorruptible weapon? Would you use it? In a day of worldwide trafficking, gendercide, discrimination, and other hostility against women, Lisa Bevere points to a biblical foundation to present a model of feminine strength that will empower women to live confidently. Drawing on the many references to swords throughout Scripture, the author constructs a revealing and compelling female paradigm that will impact every area of a woman's self identity, spiritual awareness, relationships, and life vision and mission. Long known for her passionate and articulate expression of biblical womanhood, Bevere presents fresh imagery--as enticing and strong as polished steel--to prepare women boldly for the challenges they face in today's world. It's not enough to just be wise and strong: Now a woman must know how to wield her sword. Creatively forging the imagery of swords, the Word of God, and the Cross, *Girls with Swords* will teach you: • How to speak the language of heaven on earth • What it means to intercede • What it means to carry your cross • What it means to be discerning • How to disarm the enemy • Why women are the enemy's target—and why God needs them to be heroes It's time to take up your sword and be a hero.

No Hero John Kingsmill, 1994 An autobiographical work in the form of memoirs. Kingsmill was a junior clerk who joined the RAAF as a wireless operator at the beginning of World War II. He served in New Guinea and the memoirs cover many observations of wartime behaviour and his experiences of that time. This is the sequel to the author's first book 'The Innocent'. He has written two other books pertaining to life in Sydney before the war.
