Texting 1, 2, 3 Rachel Wise,2013-07-23 Sam and Michael realize just how much their words matter when they tackle an important story for the Cherry Valley Voice. When Mr. Trigg tells Samantha and Michael that they should write an article about texting, they are both annoyed. Texting? Texting is just something kids do for fun. Where's the story in that? But when Michael's older brother gets into a car accident while texting, they suddenly realize how important their assignment actually is. Michael asks Mr. Trigg if he can write an additional sidebar to their article, and when the next issue of the Cherry Valley Voice comes out, the whole school is buzzing. Michael's words have really affected everyone—the principal even puts a framed copy of the article in the main hallway outside of his office. Sam has always loved journalism, but now she experiences firsthand how much her words (and Michael's) can truly impact the way people behave. What started out as a “fluff piece” turns out to be the story of the year!

44 Days Backpacking in China: The Middle Kingdom in the 21st Century, with the United States, Europe and the Fate of the World in Its Looking Glass Jeff J. Brown,2022-09-04 Praise for 44 Days:What if Alexis de Tocqueville were fluent in Mandarin and traveling through China by backpack and bullet train? He would record every encounter and analyze China's national character with remarkable lucidity. He would produce a book full of telling insights that functioned like a five-dimensional chess game. It would be a guide book, travel companion, memoir, political history, and plain-old-pleasure for someone who likes their prose with pith in it. Oklahoma's latter-day Tocqueville, Jeff J. Brown, is one hell of a good story teller, and traveling with him deep into China is an adventure not to be missed. Thomas Bass, Author of The Spy Who Loved Us, Vietnamerica, Camping with the Prince, Reinventing the Future, and The Eudaemonic Pie. 44 Days is a delightful romp through a changing China and Jeff Brown is an excellent guide.John Pomfret, author of Chinese Lessons: Five Classmates and the Story of the New China 44 Days is a fascinating exploration of the people of China, and the land in which they live. Brown is very knowledgeable of China's government and the country's millennia-old history. He obviously enjoys not just his travels but the people he meets. While he journeys, we journey with him. Jeff Brown is an intelligent, articulate and entertaining writer and 44 Days is absolutely enthralling. I highly recommend it. Mick Winter, author of Cuba for the Misinformed: Facts from the Forbidden Island Much more than just a travelogue, 44 Days is an intimate dialogue with China's peoples, their histories, regions, economies, cultures, work, foods and future. Unabashedly iconoclastic and a contrarian's delight, Jeff brings down many a golden calf, as he writes as few travelers do - putting China's relations and rapid arc of development in perspective with the United States and Europe, making 44 Days a fascinating and unique approach to today's critically important world affairs. Traveling over 12,000km by train and bus, walking hundreds more, while climbing a few of those in vertical ascent, join Jeff as he reports from the ground up on the greatest socioeconomic transformation ever seen, 21st century China - our planet's soon to be greatest superpower. How will Baba Beijing, China's central government behave, while honoring its 2,200 year old Heavenly Mandate for 20% of the human race? After 500 years of being masters of the world, what will the great historical Industrial Age powers do in response - adapt or lash out? All of our standards of living and lifestyles, even our species' survival, depend on these soon to be events. Funny, enlightening & with an eye for the right details, 44 Days provides unique perspectives to these new century issues. It will keep you amused and thinking, as Jeff takes you traveling in, across and over five wild and woolly Western China provinces, face to face with the local people. Includes 125+ photos, maps and charts. Read less
