We have all the information you need to learn how to understand and speak the language.How to Speak ThaiThai is the official language of the Kingdom of Thailand, and it is spoken by about eighty per cent of Thailand's population (about 65 million people). It is believed to be originated from somewhere around the southern part of today's China. It belongs to one of the branches of the Tai-Kadai language family. It is a tonal language, which means that pronouncing a word with changing its tone, the way we say it, can bear totally different meanings. Just like the Thai cuisine, the language can be divided into four dialects based on the regions of the country:
