*Thai-Western Mobilities and Migration* Paul Statham, Sarah Scuzzarello, Sirijit Sunanta, Alexander Trupp, 2021-11-29 The chapters in this volume study transnational social relationships and cross-border connections between 'ordinary' people that arise from the increasingly large-scale mobilities and migrations between Thailand and 'the West'. While Thai and Western people's social relationships are usually studied as personal stories within a cross-border marriage migration perspective, this book considers it necessary to see them as more than marriage migration. Even though a focus on the 'personal life stories' of marriage migrants provides valuable insights, it can also mask consideration of the structural context of socially embedded cross-border connections and exchanges, as well as state restrictions, that,

first, make people's decisions to move a possibility in the first place, and second, shape a migrant's post- migration life- trajectory and experiences, relative to others in their origin and settlement societies. The chapters on Thai women who marry and move with older Western men, Western men and women who move to Thailand to retire or for leisure, and Thai rural families transformed by mobilities and migration, try to draw out their gendered experiences of transnational living. The individual choices that shaped these lives, and the surprising prevalence of lives like these in Thailand and abroad, needs to be understood within context as an outcome of the specific globalisation processes that have shaped Thailand through transnational links to other parts of the world over the last decades. Globalisation and penetration by foreign capital, cultures, and people through mass tourism is key to this explanatory backstory as well as the internal rural/ urban cleavages that drive Thailand's economic development. This book was originally published as a special issue of the Journal of Ethnic and Migration Studies.

Thailand Owen Jones, The information in this ebook on various aspects of Thailand and life in Thailand is organized into 15 chapters of about 500-600 words each. **Thailand's International Meditation Centers** Brooke Schedneck, 2015-05-15

This book explores contemporary practices within the new institution of international meditation centers in Thailand. It discusses the development of the lay vipassana meditation movement in Thailand and relates Thai Buddhism to contemporary processes of commodification and globalisation. Through an examination of how meditation centers are promoted internationally, the author considers how Thai Buddhism is translated for and embodied within international tourists who participate in meditation retreats in Thailand. Shedding new light on the decontextualization of religious practices, and raising new questions concerning tourism and religion, this book focuses on the nature of cultural exchange, spiritual tourism, and religious choice in modernity. With an aim of reframing questions of religious modernity, each chapter offers a new perspective on the phenomenon of spiritual seeking in Thailand. Offering an analysis of why meditation practices appeal to non-Buddhists, this book contends that religions do not travel as whole entities but instead that partial elements resonate with different cultures, and are appropriated over time.

**NEAR AWAKENING and The Value of Life** Quinn McDonald, 2023-11-03 “He asked if I was all settled in; although he meant settled into my accommodations, I took it to also mean settled in to meditate—ready to settle the mind into concentration. Always look for the double meaning.” As a young adult, Quinn McDonald sought to understand the nature of truth: is there a singular universal truth, or does truth vary from person to person? Unsatisfied with the lack of answers in her hometown of Winnipeg, Manitoba, she ventured to Thailand to seek enlightenment as a Buddhist nun. Over the next thirteen years, she would receive teachings from the most prolific leaders in Buddhism and journey across the world on her path to near awakening. As she studies and meditates, she must overcome obstacles both mental and physical: from splitting with her partner when they ordain at separate monasteries to having an infection cut out of her with no anaesthetic, Quinn’s path to the truth is a long and arduous one. But through the friends she makes and the teachers she connects with, she learns to decipher the teachings of the Buddha and apply them to her life, bringing her closer to understanding the nature of the world.

**Chasing Wrongs and Rights** Elaine Pearson, 2022-09-07 The Australia Director at Human Rights Watch shares her experiences defending human rights – from human trafficking in Nepal to the 'drug war' in the Philippines to treatment of detainees in Papua New Guinea and in Australia – offering an extremely involving personal account of how far we've come, and how far we've got to go. Growing up in Perth, Elaine Pearson always dreamt of the wider world. Her British father and Singaporean-Chinese mother meant that her family extended beyond our shores, but it wasn't until later in life that she fully understood how her professional calling might have been influenced by personal history: she learned that her beloved maternal grandmother had been sold to an opera troupe as a child to save the family from starvation. As soon as she could, Elaine followed her interest in women's rights and people-trafficking, interviewing sex-workers and victims of trafficking on the streets of Bangkok and Amsterdam's red light district. Her experiences in Nepal and Nigeria profoundly shaped her understanding of how governments and NGOs need to protect the rights of victims, as well as how poverty, corruption and war drive trafficking in the first place. Elaine's story takes us on a panoramic survey of human rights across the world – into the UN committee rooms of New York and Geneva, as well as to the front-lines of Sri Lanka's search for those who disappeared in the country's civil war, examining death squad killings on the Philippines island of Mindanao and the

detention of asylum seekers in Papua New Guinea. And her work on the appalling treatment of prisoners, many of whom are Aboriginal, vividly demonstrates that human rights abuses are something that happens at home as well as out in that wider world. In exploring human rights abuses and governments' failure to address them, *Chasing Wrongs and Rights* sometimes shows humanity at its worst. Just as often, though, we see people at their best – compassionate, resilient, determined. Deeply informative and inspiring, Elaine Pearson's story will leave you understanding how much needs to change, and how individuals can make a difference.
