Boyhood Adventures Aaron L. Carter,2014-01-27 A sortie involving a moonless visit to a cemetery reputed for supernatural and threatening manifestations qualifies as a worthy nocturnal event for the boys. A condemned structure - formerly serving the county as a prison for the criminally insane is deemed irresistible. But highest on their list of destinations for adventure is a place that will haunt their memories forever: the old Gramercy house. Known by most students attending College Hill Elementary School, it is as a place of infamy, occupied by restless spirits who horrifyingly repel trespassers. Rumors about the place motivate any normal, red-blooded, adventure-seeking country boy to be drawn past the front gate. Such was the case for Lee Farmer, Dennis Williams, and - reluctantly - Frank Cherry in October of 1953.

The Adventures of Jaden Kincaid and the Missouri Five Daniel W. Carter,2019-11-19 In northern Missouri in 1843, Jaden Kincaid and his four cousins named themselves The Missouri Five. They lived, worked, and played on a four-thousand-acre farm where their fathers were employed by the owner to do the farm work. Although work-life was hard, money was in short supply, and their homes were very simple log structures with tin roofs, the boys enjoyed adventures together and learned some important life lessons. Join in with The Missouri Five as they explore a cave, deal with angry hornets, attempt skunk surgery, save a life, have an embarrassing moment at the swimming hole, deal with bullies at school, and much more! And be encouraged as these twelve- and thirteen-year-old boys learn about life and live out their faith with their families through many of these adventures and challenges. Note: Content safe for all ages and is easily read by ages ten years and older. Published by Burkhart Books,

The Adventures of Samantha the Black Racer Snake Christine Jamesson, 2005 The Adventures of Samantha is about a Black Racer snake that lives in my yard. She has given me a lot of respect for snakes with her unique personality and I have witnessed everything mentioned in the book. It's a typical day in her life as she goes about looking for food and just surviving the dangers of suburbia. It is told in a rhyming format and hopefully this book will be the first of many about Florida's animals.

The Adventures of Carter and the Last Dragon John E Parnell, 2016-12-07 Carter is a curious boy of about 12 who always enjoys visiting his grandfather whose attic is filled with many marvelous contraptions. One day, he's dropped off at his grandfather's house after his grandfather's funeral. Carter has the house to himself and goes exploring parts of the house his grandfather had forbidden. While looking around, he finds a strange wooden chest in the attic and opens it. When he does, Carter is transported to a world within the chest. In the alternate world, he almost immediately crosses paths with a dragon named Azi. Azi explains to Carter that humans should never enter the world of dragons and vice-versa because if they do, the two worlds might become permanently connected. Dragons would be free to roam and destroy the human world. The Adventures of Carter and the Last Dragon follows the travels of Carter and Azi in this new world.

The Serpent's Shadow Rick Riordan, 2012 Despite their best efforts, Carter and Sadie Kane can't seem to keep Apophis, the chaos snake, down. Their only hope: find an ancient spell that might turn the serpent's own shadow into a weapon.

The Fairyland Series Catherynne M. Valente, 2014-11-18 The Fairyland Series (Books 1-3): The Girl Who Circumnavigated Fairyland in a Ship of Her Own Making, The Girl Who Fell Beneath Fairyland and Led the Revels There, and The Girl Who Soared Over Fairyland and Cut the Moon in Two One of the most extraordinary works of fantasy, for adults or children, published so far this century—Time magazine, on the Fairyland series Twelve-year-old September lives in Omaha, and used to have an ordinary life, until her father went to war and her mother went to work. One day, September is met at her kitchen window by a Green Wind (taking the form of a gentleman in a green jacket) who invites her on an adventure, implying that her help is needed in Fairyland. . . . Perfect for fans new to the series, the first three books of Catherynne M. Valente's Fairyland Series are available together in this bundle. The Girl Who Circumnavigated Fairyland in a Ship of Her Own Making: Upon arriving in Fairyland, September learns the new Marquess is unpredictable and fickle, and also not much older than she is. Only September can retrieve a talisman the Marquess wants from the enchanted woods, and if she doesn't . . . then the Marquess will make life impossible for the inhabitants of Fairyland. The Girl Who Fell Beneath Fairyland and Led the Revels There: September has longed to return to Fairyland after her first adventure there. And when she finally does, she learns that its inhabitants have been losing their shadows—and their magic—to the world of Fairyland Below. This underworld has a new ruler: Halloween, the Hollow Queen, who is September's shadow. And Halloween does not intend to give Fairyland's shadows back. The Girl Who Soared Over Fairyland and Cut the Moon in Two: September misses Fairyland and her friends Ell, the Wyverary, and the boy Saturday. She longs to leave the routines of home and

embark on a new adventure. Little does she know that this time, she will be spirited away to the moon, reunited with her friends, and find herself faced with saving Fairyland from a Moon-Yeti with great and mysterious powers.

Ten Million Steps M. J. Eberhart,2007-04-11 M. J. Eberhart, aka the Nimblewill Nomad, was a 60-year-old retired doctor in January 1998 when he set off on a foot journey that carried him 4,400 miles (twice the length of the Appalachian Trail) from the Florida Keys to the far north of Quebec. Written in a vivid journal style, the author unabashedly recounts the good (friendships with other hikers he met), the bad (sore legs, cutting winds and rain), and the godawful (those dispiriting doubts) aspects of his days of walking along what has since become known as the Eastern Continental Trail (ECT). An amazing tale of self-discovery and insight into the magic that reverberates from intense physical exertion and a high goal, Eberhart's is the only written account of a thru-hike along the ECT. Covering 16 states and 2 Canadian provinces, Ten Million Steps deftly mixes practical considerations of an almost unimaginable undertaking with the author's trademark humor and philosophical musings.
