Doctor Dolittle in the Moon Hugh Lofting,2024-01-01 The doctor who can talk to the animals makes some mind-blowing lunar discoveries in this spacefaring adventure from the Newbery Medal-winning author. On the back of a gigantic moth, John Dolittle and his companions travel through space from London to the moon. And they make an interesting landing party indeed. There's the esteemed doctor and naturalist, his secretary Thomas Stubbins, Polynesia the parrot, and Chee-Chee the monkey. Though their purpose on the moon is mysterious, Doctor Dolittle has much to explore once they discover the lush forests beyond the barren desert landscape that greets them. Strangely no animal life makes itself known, but the doctor soon learns to communicate with the flowers! But it's the footprints of an apparent giant that hold the greatest fascination for the intrepid explorers—and just might reveal the moon's greatest mystery . . . “Any child who is not given the opportunity to make the acquaintance of this rotund, kindly and enthusiastic doctor/naturalist and all of his animal friends will miss out on something important.” —Jane Goodall “Each generation cries for the moon in turn and the very newest one will find in these pages not something to cry for but something to completely satisfy their fleeting fancy.” —The Spectator

Tommy is introduced to some of the strange animals in Doolittle's care, such as the Wiff-Waff fish, and those who care for his household, such as Dab-Dab the duck, and Jip the dog. Tommy begins his studies with Doolittle, and Polynesia teaches Tommy the language of animals. Chee-Chee comes from Africa disguised as a lady and tells about his voyage. The Doctor acquires The Curlew and is thinking of taking Tommy, Polynesia, and Luke the Hermit. They find out from the hermit's dog, Bob, that he was sent to prison for murder but Bob is a witness so when the court is in the process the Doctor proves to the judge that he can talk to animals when this is settled he translates Bob's story to English. When the story is finished the judges conclude that the hermit is innocent. But all this is a prelude to the voyages of Doctor Dolittle. In their first journey, the Purple Bird of Paradise informs the Doctor that Long Arrow, son of Golden Arrow, who is a friend of the Doctor, is missing so after they play the game Blind Travel, which would determine where in the world they would voyage.
