Investigating Ghosts and the Spirit World Susan Henneberg, 2015-01-01 Whether or not you believe in them, the scientific investigation of ghosts is big business. Reality television shows that follow ghost hunters at work and the popularity of ghost tours in many U.S. cities prove that we are fascinated by the possibility that the dead may still be with us. This book examines evidence of the existence of ghosts and takes a critical look at what the scientific findings might actually mean. It also delves into the history of ghosts in cultures around the world and attempts to explain why the idea of being haunted by spirits of the dead continues to captivate us.

Paranormal Media Annette Hill, 2010-11-05 The paranormal has gone mainstream. Beliefs are on the rise, with almost half of the British population, and two thirds of Americans, claiming to believe in extra sensory perceptions and hauntings. Psychic magazines like Spirit and Destiny, television shows such as Fringe, Ghost Whisperer and Most Haunted, ghost-cams and e-poltergeists, bestselling books on mind, body and spirit, and magicians like Derren Brown have moved from the outer limits to the centre of popular culture, turning paranormal beliefs and scepticism into revenue streams. Paranormal Media offers a unique, timely exploration of the extraordinary, unexplained and supernatural in popular culture, looking in unusual places in order to understand this

phenomenon. Early spirit forms such as magic lantern shows or the spirit photograph are re-imagined as a search for extraordinary experiences in reality TV, ghost tourism, and live shows. Through a popular cultural ethnography, and critical analysis in social and cultural theory, this ground-breaking book by Annette Hill presents an original and rigorous examination of people's experiences of spirits and magic. In popular culture, people are players in an orchestral movement about what happens to us when we die. In a very real sense the audience is the show. This book is the story of audiences and their participation in a show about matters of life and death. Paranormal Media will be a highly interesting read for undergraduate and postgraduate students, as well as academics, on a wide range of television, media, cultural studies, and sociology courses.

Haunted Hamilton, Ohio Shi O'Neill,2021 At a casual glance, Hamilton is a typical midwestern town, but a closer look reveals strange and inexplicable events of possibly supernatural origin. A mischievous poltergeist plays its tricks in a High Street tavern. More than a century ago, a young boy narrowly escaped death in a fall that left him gravely ill, and some say his cries still echo in his family home. A vaporous woman appears on the stairs of a Hamilton home once owned by one of the county's richest men. Could this be his daughter who died from suicide? Hamilton native and contributor to the Dayton Lane Ghost Walk Shi O'Neill mines the history of the town's many spectral occurrences.

The Haunting of Sunshine Girl Paige McKenzie, Alyssa Sheinmel,2015-03-26 The Haunting of Sunshine Girl is the first in a frighteningly good new series based on the popular YouTube sensation The Haunting of Sunshine Girl Network, created by Paige McKenzie. In that place where you're more asleep than awake any more, I hear something else. A phrase uttered in a child's voice, no more than a whisper: Night Night. Something freaky's going on with Sunshine's new house . . . there's the chill that wraps itself around her bones, the giggling she can hear in the dead of night, and then the strange shadows that lurk in her photographs. But the more weird stuff that happens, the less her mum believes her. Sunshine's always had a quirky affiliation with the past, but this time, history

is getting much too close for comfort . . . If there is something, or someone, haunting her house, what do they want? And what will they do if Sunshine can't help them? As things become more frightening and dangerous, and the giggles she hears turn to sobs and screams, Sunshine has no choice but to accept what she is, face the test before her and save her mother from a fate worse than death.

IS IT A GHOST OR SWAMP LIGHTS ? Carol Nicholson, 2021-12-09 The subject of an afterlife and ghosts has a universal appeal that transcends time and culture. This book sheds light on the topic, while simultaneously offering some practical advice for living in this world with its limited number of hours we have left. The author's journey through his own personal experiences will help others who are also seeking to understand the supernatural. It is hoped that it may be helpful to those who believe they see or hear something beyond our physical reality. In addition - perhaps more importantly - there is no better way than reading about someone else's experience to gain perspective from another angle. If you are experiencing paranormal activity in your life, please know that it is not always due to evil spirits or malicious intent. Some things simply cannot be explained by science alone.

Ghosts of Northwestern New Jersey Robert Oakes, 2022-09-26 Among the rolling hills, picturesque farms and lush highlands of Northwestern New Jersey lurk haunting mysteries and unexplained apparitions. A historic recluse who practiced witchcraft generations ago is said to be still spinning misdeeds as the Sussex Sorcerer on Sunrise Mountain. The ghost of Reverend O'Malley walks the woods around Mount Allamuchy as the Purple Bishop, seeking vengeance against those who betrayed him. The sinisterly named Shades of Death Road along the sod farms and meadows of the Pequest River Valley has a bloody reputation of bandit killings, Lenape massacres and supernatural encounters. Author Robert Oakes leads readers on a spirited journey through the historic ghost lore of Northwestern New Jersey.

The Ghost in the Image Cecilia Sayad, 2021 The Ghost in the Image offers a new take on the place that supernatural phenomena occupy in everyday life by examining the horror genre in fiction, documentary and participative modes. The book covers a variety of media:

spirit photography, ghost-hunting reality shows, documentary and fiction films based on the Amityville and Enfield hauntings, found-footage horror movies, experiential cinema, survival games, and creepypasta. These works transform our interest in ghosts into an interactive form of entertainment. Through a transmedial approach to horror, this book investigates our expectations about the ability of photography and video to work as evidence. A historical examination of technology's role in at once showing and forging truths invites questions about our investment in its powers, which is pertinent to the so-called post-fact scenario. Behind our obsession with documenting everyday life lies the hope that our cameras will reveal something extraordinary. The obsessive search for ghosts in the image, however, shows that the desire to find them is matched by the pleasure of calling a hoax--
