**The American Scholar** Ralph Waldo Emerson,1901

**The American Scholar** Ralph Waldo Emerson,1970 The scholar is that man who must take up into himself all the ability of the time, all the contributions of the past, all the hopes of the future... - Ralph Waldo Emerson, The American Scholar (1837) The American Scholar (1837), is an address delivered by Ralph Waldo Emerson to the Harvard Chapter of the Phi Beta Kappa Society. Emerson's writing was focused on providing a philosophical framework for escaping European culture and building a new, distinctly American identity. This essay is a declaration of independence of the United States intellectual community from Europe's. It also expresses the author's belief that the American scholar could only achieve a higher state of mind by rejecting old ideas and by thinking for himself, to become Man Thinking rather than a mere thinker, or still worse, the parrot of other men's thinking, the sluggish intellect of this continent.

**The American Scholar (1838) by** Ralph Waldo Emerson,2016-11-12 Ralph Waldo Emerson (May 25, 1803 - April 27, 1882), known professionally as Waldo Emerson, was an American essayist, lecturer, and poet who led the transcendentalist movement of the mid-19th century. He was seen as a champion of individualism and a prescient critic of the countervailing pressures of society, and he disseminated his thoughts through dozens of published essays and more than 1,500 public lectures across the United States. Emerson gradually moved away from the religious and social beliefs of his contemporaries, formulating and expressing the philosophy of transcendentalism in his 1836 essay Nature. Following this groundbreaking work, he gave a speech entitled The American Scholar in 1837, which Oliver Wendell Holmes Sr. considered to be America's intellectual Declaration of Independence.

**The American Scholar** Norman Foerster,2013-01-03 Foerster has here formulated his ideas concerning the relation of humanism to graduate study and scholarship. In a day when all educational ideals and methods are up for reexamination and appraisal, this book is particularly timely, and no one interested in such questions can afford to be ignorant of this carefully considered statement by one of the leading thinkers of his day. Originally published in 1929. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

*The American Scholar* Ralph Waldo Emerson,2020-09-28 I greet you on the re-commencement of our literary year. Our anniversary is one of hope, and, perhaps, not enough of labor. We do not meet for games of strength or skill, for the recitation of histories, tragedies, and odes, like the ancient Greeks; for parliaments of love and poesy, like the Troubadours; nor for the advancement of science, like our cotemporaries in the British and European capitals. Thus far, our holiday has been simply a friendly sign of the survival of the love of letters amongst a people too busy to give to letters any more. As such, it is precious as the sign of an indestructible instinct. Perhaps the time is already come, when it ought to be, and will be, something else; when the sluggish intellect of this continent will look from under its iron lids, and fill the postponed expectation of the world with something better than the exertions of mechanical skill. Our day of dependence, our long apprenticeship to the learning of other lands, draws to a close. The millions, that around us are rushing into life, cannot always be fed on the sere remains of foreign harvests. Events, actions arise, that must be sung, that will sing themselves. Who can doubt, that poetry will revive and lead in a new age, as the star in the constellation Harp, which now flames in our zenith, astronomers announce, shall one day be the pole-star for a thousand years?

**Burning Boy** Paul Auster,2021-10-26 A LOS ANGELES TIMES BOOK PRIZE WINNER A BOSTON GLOBE BEST BOOK OF 2021 Booker Prize-shortlisted and New York Times bestselling author Paul Auster's comprehensive, landmark biography of the great American writer Stephen Crane. With Burning Boy, celebrated novelist Paul Auster tells the extraordinary story of Stephen Crane, best known as the author of The Red Badge of Courage, who transformed American literature through an avalanche of original short stories, novellas, poems, journalism, and war reportage before his life was cut short by tuberculosis at age twenty-eight. Auster's probing account of this singular life tracks Crane as he rebounds from one perilous situation to the next: A controversial article written at twenty disrupts the course of the 1892 presidential campaign, a public battle with the New York police department over the false arrest of a prostitute effectively exiles him from the city, a star-crossed love affair with an unhappily married uptown girl tortures him, a common-law marriage to the proprietress of Jacksonville's most elegant bawdyhouse endures, a shipwreck results in his near drowning, he withstands enemy fire to send dispatches from the Spanish-American War, and then he relocates to England, where Joseph Conrad becomes his closest friend and Henry James weeps over his tragic, early death. In Burning Boy, Auster not only puts forth an immersive read about an unforgettable life but also, casting a dazzled eye on Crane's astonishing originality and productivity, provides uniquely knowing insight into Crane's creative processes to produce the rarest of reading experiences—the dramatic biography of a brilliant writer as only another literary master could tell it.
