Arabian Nights One Thousand and One Nights,2022-03-30 The Arabian Nights is an exotic collection of stories that will grab your attention from the very first page. At the heart of the collection is Scheherazade, the bride of

Schahriar, Sultan of Persia. The jealous sultan marries a new girl every evening, and has her executed the following morning – until Scheherazade decides to put a stop to his cruelty, and volunteers to marry him. As clever as she is courageous, night after night Scheherazade distracts the Sultan with tales that keep him listening, and her alive, until he falls in love with her. This classic selection presents the best-loved stories from the Arabian Nights, translated into English and introduced by Andrew Lang. A treasure-trove of timeless stories, the One Thousand and One Nights or Arabian Nights have been loved, imitated, and added to over many centuries. Similar to the fairy tales collected by the Brothers Grimm, the Arabian Nights are drawn from the folklore of India, Iran and the Middle East, and were collected in Arabic versions throughout the medieval period; others were added as recently as the eighteenth century. These stories of the exotic East have been popularised for new generations by film adaptations such as Disney's Aladdin, starring Robin Williams and Gilbert Gottfried in 1992, and Will Smith in 2019, and Dreamworks' Sinbad, starring Brad Pitt and Michelle Pfeiffer. They continue to inspire writers as varied as Marcel Proust and Neil Gaiman, while numerous Bollywood and manga versions attest to their popularity around the world. These stories of magic, adventure and romance have shaped readers' imaginations for generations, and are sure to be retold for years to come. This selection was translated by Andrew Lang from the French versions by Antoine Galland, who was the first to include the stories of Aladdin and Ali Baba. Born in Scotland in 1844, Lang was a scholar of ancient Greek, a journalist, historian, novelist and poet, and the author of 25 popular collections of fairy tales; his edition of the Arabian Nights' Entertainment was published in 1898. He became a Fellow of the British Academy in 1906, and died in 1912.

The Arabian Nights: by Andrew Lang - Illustrated Andrew Lang,2016-06-26 One Thousand and One Nights is a collection of Middle Eastern and South Asian stories and folk tales compiled in Arabic during the Islamic Golden Age. It is often known in English as the Arabian Nights, from the first English language edition (1706), which rendered the title as The Arabian Nights' Entertainment. The main frame story concerns Shahryar, whom the narrator calls a Sasanian king ruling in India and China.[5] He is shocked to discover that his brother's wife is unfaithful; discovering his own wife's infidelity has been even more flagrant, he has her executed: but in his bitterness and grief decides that all women are the same. Shahryar begins to marry a succession of virgins only to execute each one the next morning, before she has a chance to dishonour him. Eventually the vizier, whose duty it is to provide them, cannot find any more virgins. Scheherazade, the vizier's daughter, offers herself as the next bride and her father reluctantly agrees. On the night of their marriage, Scheherazade begins to tell the king a tale, but does not end it. The king, curious about how the story ends, is thus forced to postpone her execution in order to hear the conclusion. The next night, as soon as she finishes the tale, she begins (and only begins) a new one, and the king, eager to hear the conclusion, postpones her execution once again. So it goes on for 1,001 nights. The tales vary widely: they include historical tales, love stories, tragedies, comedies, poems, burlesques and various forms of erotica. Numerous stories depict jinns, ghouls, apes, [6] sorcerers, magicians, and legendary places, which are often intermingled with real people and geography, not always rationally; common protagonists include the historical Abbasid caliph Harun al-Rashid, his Grand Vizier, Jafar al-Barmaki, and the famous poet Abu Nuwas, despite the fact that these figures lived some 200 years after the fall of the Sassanid Empire in which the frame tale of Scheherazade is set. Sometimes a character in Scheherazade's tale

will begin telling other characters a story of his own, and that story may have another one told within it, resulting in a richly layered narrative texture
