Army Blue Lucian K. Truscott, 2014-07-01 From the bestselling author of Dress Gray. "Part-war story, part-family saga . . . zeroes in on the men of the Blue family, three generations of soldiers" (The Washington Post). In the eagerly anticipated follow-up to his first novel, Dress Gray, Truscott turns his attention to the Vietnam War and delivers a suspenseful, sprawling court-martial drama set in Saigon in 1969. At twenty-three, platoon leader Lt. Matthew Nelson Blue is the youngest member of an army family; his father is a colonel and his grandfather a profane, cantankerous retired general. Shortly

after one of his men is killed by friendly fire while on routine patrol, Blue is arrested and charged with desertion in the face of the enemy. Arriving in Vietnam, his father and grandfather end their long estrangement and join forces to clear the young soldier's name. Truscott's plot offers less than initially meets the eye; the nature of the conspiracy and cover-up that nearly destroy Blue is fairly easy to predict, as is the disillusionment about Vietnam that eventually befalls his seniors. The author's intimate portrayal of the texture of army life gives his narrative a more deeply felt sense of anger and regret than others in its genre, and makes its final revelations more powerful than they might otherwise have been.

**Wolves for the Blue Soldiers** Thomas W. Dunlay, 1987-10-01 In the decades following the Civil War, the principal task facing the United States Army was that of subduing the hostile western Indians and removing them from the path of white settlement. Indian scouts and auxiliaries played a central role in the effort, participating in virtually every campaign. In this comprehensive account of the wolves (as scouts were designated in sign language), Thomas W. Dunlay describes how and why they served the army, how they were viewed by the military and their own tribes, and what wider implications their service held.

Get with the program, develop a bullet-proof mindset and be all you can be! HOOAH!

Dream When You're Feeling Blue Elizabeth Berg, 2008-01-29 New York Times bestselling author Elizabeth Berg takes us to Chicago at the time of World War II in this wonderful story about three sisters, their lively Irish family, and the men they love. As the novel opens, Kitty and Louise Heaney say good-bye to their boyfriends Julian and Michael, who are going to fight overseas. On the domestic front, meat is rationed, children participate in metal drives, and Tommy Dorsey and Glenn Miller play songs that offer hope and lift spirits. And now the Heaney sisters sit at their kitchen table every evening to write letters-Louise to her fiancé, Kitty to the man she wishes fervently would propose, and Tish to an ever-changing group of men she meets at USO dances. In the letters the sisters send and receive are intimate glimpses of life both on the battlefield and at home. For Kitty, a confident, headstrong young woman, the departure of her boyfriend and the lessons she learns about love, resilience, and war will bring a surprise and a secret, and will lead her to a radical action for those she loves. The lifelong consequences of the choices the Heaney sisters make are at the heart of this superb novel about the power of love and the enduring strength of family.

**Union Blue** Robert Girard Carroon, Dana B. Shoaf, 2001 The Loyal Legion is the

oldest veteran's organization of the Civil War. Union Blue recounts the history of the Loyal Legion and gives illustrated biographies of each of the commanders in chief who served in the Civil War and lists every Companion of the First Class with their name, rank, unit brevet rank. State Commandery and insignia number.

**More Army Blue** John P. Langellier, 2001 In this new book, the development of an altogether new uniform for troops of the United States Army, a few years after the Civil War, has never been told so well or so comprehensively. In this volume, the sequel to the authors highly praised Army Blue: The Uniform of Uncle Sams Regulars, 1848-1873, John Langellier continues the story of the evolution of American army uniforms during a critical period that saw experimentation and innovation finally surmount conservatism to produce some of the more practically functional and aesthetically appealing martial clothing in American history. The breadth of Langelliers research, coupled with his years of accumulated expertise in the study of historical army uniforms, is evident throughout, and together make this book the most thorough and precise accounting the topic has ever received.

**Colonels in Blue: New York** Roger D. Hunt, 2003-02 This book is the second in a series which will feature the colonels of the Union Army in the Civil War. Most of them were citizen soldiers from a wide variety of backgrounds. Motivated by patriotic enthusiasm and personal ambition but often lacking any real military expertise, they nevertheless offered their services in defense of the Union. Through photographs and biographical sketches their lives are now being remembered. This volume documents the colonels who commanded regiments from New York state. Volume one in the series covers the New England states.

**Getting the message through: A Branch History of the U.S. Army Signal Corps** Rebecca Robbins Raines, 1996 Getting the Message Through, the companion volume to Rebecca Robbins Raines' Signal Corps, traces the evolution of the corps from the appointment of the first signal officer on the eve of the Civil War, through its stages of growth and change, to its service in Operation DESERT SHIELD/DESERT STORM. Raines highlights not only the increasingly specialized nature of warfare and the rise of sophisticated communications technology, but also such diverse missions as weather reporting and military aviation. Information dominance in the form of superior communications is considered to be sine qua non to modern warfare. As Raines ably shows, the Signal Corps--once considered by some Army officers to be of little or no military value--and the communications it provides have become integral to all aspects of military operations on modern digitized battlefields. The volume is an invaluable reference source for anyone interested in the institutional history of the branch.

**Awesome Sh\*t My Drill Sergeant Said** Dan Caddy, 2015-06-09 The official tie-in book to the wildly popular Facebook page, featuring brand-new crazy, off-the-wall, outrageously funny, and downright "awesome" pearls of wisdom from real-life drill sergeants and instructors from all branches of the military. Sweat dries. Blood clots. Bones heal. Suck it up, buttercup. After his deployment in Afghanistan, Dan Caddy began swapping great drill sergeant stories by e-mail with other combat veterans--an exchange with friends that would grow into the dedicated Facebook page, "Awesome Sh\*t My Drill Sergeant Said." But what began as a comedic outlet has evolved into a robust online community and support network that conducts fundraisers for and donates to military charities, has helped veterans struggling with PTSD and other issues, and on numerous occasions, literally saved lives. Now, Caddy shares more great DS stories--most never before seen--in this humorous collection. Often profane, sometimes profound, yet always entertaining, these rants from real life soldiers are interspersed with lively sidebars, Top 10 lists, stories from fans, one-liners, and more. For anyone who has suffered a hard-ass manager (in uniform or not), Awesome Sh\*t My Drill Sergeant Said will add a much needed dose of humor to the day.

Thank you for downloading **The Army Soldiers Blue Book**. As you may know, people have search numerous times for their chosen books like this The Army Soldiers Blue Book, but end up in infectious downloads.
