Art Guide Texas Rebecca S. Cohen, 2004-10-01 Texas is an art lover's paradise. More than one hundred venues located within the state welcome visitors to experience the visual arts. These include internationally recognized collections such as the Chinati Foundation, the Kimbell Art Museum, the Menil Collection, and the Nasher Sculpture Center; renowned encyclopedic institutions such as the Museum of Fine Arts, Houston, the Dallas Museum of Art, and the San Antonio Museum of Art; and dozens of first-rate art centers, alternative spaces, and university galleries. In addition to delighting the eye with a wide-ranging assortment of exhibitions, many of these museums and galleries are housed within architectural gems. To enhance the reader's visits to familiar destinations and to encourage the exploration of lesser-known venues, Art Guide Texas presents the only in-depth survey devoted exclusively to the state's nonprofit visual arts institutions. Rebecca Cohen organizes the book regionally. Individual entries for museums and galleries give essential contact information, including phone numbers and Web sites, as well as a description of the collection(s) and past exhibitions, a brief history of the institution, significant architectural details about the building, and assorted practical tips. Black-and-white photographs accompany many of the entries, as well as notable quotes on art and architecture. In addition, Cohen's essays on the phenomenal late-twentieth-century growth of the arts in Texas and on arts activity in the different regions of the state provide a helpful context for exploring the arts in Texas.

Some of the ideas are: designing stamps for the U.S. Postal Service; selling art through architects and interior designers; placing art in corporate and public settings; and gaining access to online galleries.

Where is the art in contemporary libraries? How do you bring subway art into the classroom? Drawing on an abundance of examples from Finland, Italy, New Zealand, Spain and the USA, including the NYC 2nd Ave Subway, the Detroit's Heidelberg Project, the Favel Painting Foundation and bicycle rack sculpture, Szekely inspires readers to look beyond the classroom walls to develop meaningful art experiences for students. She shows the myriad art forms, media expressions, and design professions that have the influence and potential to shape the local environment, reaching far beyond the traditional museum and gallery venue. Underpinned by a clear philosophical foundation, the field-tested approaches show readers how to go beyond the study of reproductions or dwelling on of the masters who are framed in art museums, instead having meaningful art experiences using everyday objects and diverse collective experiences. She also shows that innovative and exciting art lessons don't need large amounts of funding, transportation or even a museum within the local community.
