The Holocaust in the Soviet Union Yitzhak

Arad,2020-05-27 Published by the University of
Nebraska Press, Lincoln, and Yad Vashem, Jerusalem

The Holocaust in the Soviet Union is the most
complete account to date of the Soviet Jews during
the World War II and the Holocaust (1941-45).

Reports, records, documents, and research
previously unavailable in English enable Yitzhak
Arad to trace the Holocaust in the German-occupied
territories of the Soviet Union through three
separate periods in which German political and
military goals in the occupied territories
dictated the treatment of the Jews. Arad's
examination of the differences between the
Holocaust in the Soviet Union compared to other
European nations reveals how Nazi ideological
attacks on the Soviet Union, which included war on
Judeo-Bolshevism, led to harsher treatment of Jews
in the Soviet Union than in most other occupied
territories. This historical narrative presents a
wealth of information from German, Russian, and
Jewish archival sources that will be invaluable to
scholars, researchers, and the general public for
years to come.
