**Summary of Carrie Wilkerson's The Barefoot Executive** Everest Media,2022-02-28T18:40:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 Having multiple sources of income is a must in case your main source of income gets cut off. Having a self-controlled and self-generated income allows you to be less reliant on a job, which could be jeopardized at any moment. #2 To be an entrepreneur, you must be the owner of a part-time or a full-time business. You must control how the money is spent, and who stays or who goes. #3 You need to quit comparing yourself to others and focus on becoming the best you. It's easy to make excuses when you don't compare yourself to others. Just beat your best, do your best, and learn your best. Then take action and you'll be successful on your terms. #4 personal development sounds like a motivational market. However, not everyone can change the world, but everyone can change his own world. Each person should recognize his strengths and make them better in order to serve others.

**Raising Uncommon Kids** Sami Cone,2016-01-12 The single greatest lesson parents teach their kids isn't anything they say--it's what they do. And while most parents would say they want to raise compassionate kids, they might be surprised to discover just how little they're actually modeling the behaviors they hope to pass on--qualities such as unconditional love, gentleness, forgiveness, patience, gratitude, humility, and more. In this unique book, Sami Cone shows parents a new way to look at molding their children, one in which focusing on adding good behaviors and attitudes is more powerful than eliminating bad ones. Grounding her advice in Scripture--specifically the twelve characteristics found in Colossians 3:12-17--Cone offers plenty of stories from her own life to show these principles in action. And she offers practical things parents can do right now to create a home and family that exhibits love, harmony, and generosity of spirit in a self-centered world.

Each has something the other wants. To Jackson, Smith & Banks represents the possibility of reaching more animals with his products--if he can negotiate terms and conditions that will protect his company's integrity. To Gillian, Angels Clothed in Fur could give her company a distinctive, uniquely high-quality line that will help them stand out from their competitors--if Angels Clothed in Fur can be persuaded to give them an exclusive. At first, the negotiations are adversarial and frustrating. Then, coincidentally, Gillian and Jackson each encounter a mysterious yet kindly mentor. **Instant Speaking Success** Paul Evans,2011-02 Successful public speaking consists of three elements: Content. A message packed with practical, easy to remember and useful information. Confidence. Knowing that what you share will be valuable and useful, and that you are the one to share it. Connection. You must be able to draw the audience into the message. That's what brings the laughter, the tears, the standing ovations. Not only will the combination of those three erase your fear, they will keep you from being dull and boring. In this book you will discover: A step by step process that takes you from the very first word of your message to the last syllable. This is not the open, body of the message, close outline that is taught so prevalently. This is a 7 step system that's impossible to mess up. The true meaning of communication and how it affects you.
