📖 [THE BEST OF THE BEST RICE COOKER COOKBOOK](#) BETH HENSPERGER,2019-03-12 This beautiful book will have you falling in love with your rice cooker as you use it every day for perfect-every-time rice and an incredibly surprising range of other foods. Rice cookers are ideal for the way we cook today. They are versatile and convenient, with one-button operation and a conveniently small footprint on your kitchen counter—plus, they can be cleaned in a flash when you are done cooking. Rice cookers make foolproof rice and beans, of course; but, as Beth Hensperger shows in this collection of the 100 best recipes from her earlier Ultimate Rice Cooker Cookbook, they cook a whole lot more than you might have thought. Here are all sorts of grains beyond rice, including quinoa, millet, and couscous, as well as all the popular pulses and legumes. In these pages, you will also find custards, hot cereals, and puddings, which, it turns out, cook up like a dream in the rice cooker. For substantial meals, there are a host of tasty and easy-to-make risottos, pilafs, chilis, stews, and soups, some with meats and some vegetarian. Unlike the earlier book, this new book has beautiful color photos to inspire you, as you make a heartwarming sweet brown rice with curry, carrots, and raisins; a zippy fiery pineapple rice with cashews and cilantro; or a comforting millet, squash, and sweet pea pilaf. Never has such a humble and simple-to-use kitchen appliance seemed so powerful and full of promise.

📖 [SECRET MEMOIRS OF THE SHOGUNS](#) ISAAC TITSINGH,2006-03-17 Isaac Titsingh was intermittently head of the Japan factory (trading station) of the Dutch East India Company 1780-94. He was a career merchant, but unusual in having a classical education and training as a physician. His impact in Japan was enormous, but he left disappointed in the ability of the country to embrace change. After many years in Java, India and China, he came to London, and then settled in Paris where he devoted himself to compiling translations of prime Japanese texts. It is one of the most exciting anthologies of the period and reveals the almost unknown world of eighteenth-century Japan, discussing politics, history, poetry and rituals. The illustrations of Japan appeared posthumously in 1821-1822 in English, French and Dutch. This fully annotated edition makes the original English version available for the first time in nearly two centuries

📖 [A CULTURAL HISTORY OF TRANSLATION IN EARLY MODERN JAPAN](#) REBEKAH CLEMENTS,2015-03-05 Translation, in one form or another, has been present in all major exchanges between cultures in history. Japan is no exception, and it is part of the standard narrative of Japanese history that translation has played a formative role in the development of indigenous legal and religious systems as well as literature, from early contact with China to the present-day impact of world literatures in Japanese translation. Yet translation is by no means a mainstream area of study for historians of Japan and there are no monograph-length overviews of the history of pre-modern Japanese translation available in any language--

📖 [WORLD’S BEST WHISKIES](#) DOMINIC ROSKROW,2018-10-16 Revised and Updated. Whisky is one of the world’s most revered spirits, with connoisseurs spending a great deal of money and time on the appreciation of rare expressions and limited edition bottles. In addition, many whisky connoisseurs travel direct to the source to see and experience the world’s best distilleries at first hand. Since the publication of the first edition in 2010, many changes have occurred in the world of whisky which are fully explored in this completely new edition. Over 200 of the 750 whiskies are updated, along with over 20 of the 38 features to reflect the ‘new world of whisky’, from the growing US single malt craft distillery movement (including Balcones in Texas), Japan (Yoichi), Taiwan (Kavalan), India (Paul John), Australia (Overeem), France (Warengem) and Sweden (Mackmyra, Spirit of Hven). Aimed at beginners as well as connoisseurs, the book encompasses everything you need to know to increase your appreciation of this complex and fascinating spirit. Iconic distilleries such as Lagavulin, Highland Park and Glenrothes in Scotland are fully explored alongside the bourbon innovators of Kentucky such as Woodford Reserve and Maker’s Mark. From global brands to tiny craft distillers, this book offers a comprehensive overview of the best dram the world over.

📖 [NATIONALISM AND POWER POLITICS IN JAPAN’S RELATIONS WITH CHINA](#) YEW MENG LAI,2013-08-22 Despite flourishing economic interactions and deepening interdependence, the current political and diplomatic relationship between Japan and China remains lukewarm at best. Indeed, bilateral relations reached an unprecedented nadir during the spring of 2005, and again more recently in autumn 2012, as massive anti-Japanese demonstrations across Chinese cities elicited corresponding incidents of popular anti-Chinese reprisal in Japan. This book systematically explores the complex dynamics that shape contemporary Japanese-Chinese relations. In particular, it analyses the so-called ‘revival’ of nationalism in post-Cold War Japan, its causality in redefining Japan’s external policy orientations, and its impact on the atmosphere of the bilateral relationship. Further, by adopting a neoclassical realist model of state behaviour and preferences, Lai Yew Meng examines two highly visible bilateral case studies: the Japanese-Chinese debacle over prime ministerial visits to Yasukuni Shrine, and the multi-dimensional dispute in the East China Sea which comprises the Senkaku/Diaoyudao territorial row, alleged Chinese maritime incursions, and bilateral competition for energy resources. Through these examples, this book explores whether nationalism really matters; when, and under what circumstances nationalism becomes most salient; and the extent to which the emotional dimensions of nationalism manifest most profoundly in Japanese state-elites’ policy decision-making. This timely book will be of great interest to students and scholars of both Japanese and Chinese politics, as well as those interested in international relations, nationalism, foreign policy and security studies more broadly.

📖 [AFTER DEFEAT](#) AYSE ZARAKOL,2010-12-23 Not being of the West; being behind the West; not being modern enough; not being developed or industrialized, secular, civilized, Christian, transparent, or democratic - these descriptions have all served to stigmatize certain states through history. Drawing on constructivism as well as the insights of social theorists and philosophers, After Defeat demonstrates that stigmatization in international relations can lead to a sense of national shame, as well as auto-orientalism and inferior status. Ayşe Zarakol argues that stigmatized states become extra-sensitive to concerns about status, and shape their foreign policy accordingly. The theoretical argument is supported by a detailed historical overview of central examples of the established/outsider dichotomy throughout the evolution of the modern states system, and in-depth studies of Turkey after the First World War, Japan after the Second World War, and Russia after the Cold War.

📖 [JAPANESE FILM AND THE FLOATING MIND](#) JUSTIN VICARI,2016-05-31 Japanese film is enduringly fascinating, challenging and rewarding. This book provides a cultural, historical and philosophical study of Japanese film, from the silent era to the present-day, focusing on its expansive consciousness. The author examines masterpieces by Ozu, Mizoguchi, Oshima and many other directors, discussing their influence on the Japanese culture of esoteric Zen Buddhism and relating them to recent neuroscientific theories of brain trauma.

📖 [CAPITAL MARKETS AND CORPORATE GOVERNANCE IN JAPAN, GERMANY AND THE UNITED STATES](#) HELMUT DIETL,1997-11-27 This book explores a series of questions about the differences in the capital markets in Japan, Germany and the United States, and contains empirical and comparative studies from the three countries.

📖 [HOLLYWOOD ABROAD](#) MELVYN STOKES,RICHARD MALTBY,2019-07-25 Hollywood Abroad is the first book to examine the reception of Hollywood movies by non-American audiences. Although numerous books on film history have analyzed the ways in which American films came to dominate world markets, there has so far been very little published work on how audiences outside the United States have responded to Hollywood-produced films. Hollywood Abroad explores the reception of U.S. films in Britain, France, Belgium, Turkey, Australia, India, Japan, and Central Africa. The book covers topics from the first major penetration of American films into France, Britain, and Australia to the impact of such films as The Best Years of Our Lives to the response of Belgian young people in the age of the multiplex. It demonstrates that the story of the reception of American films overseas is less one of domination than of a complex adoption of Hollywood into various cultures.

📖 [THE GI WAR AGAINST JAPAN](#) PETER SCHRIJVERS,2005-03 Choice Outstanding Academic Title Even in the midst of World War II, Americans could not help thinking of the lands across the Pacific as a continuation of the American Western frontier. But this perception only heightened American soldiers’ frustration as the hostile region ferociously resisted their attempts at control. The GI War Against Japan recounts the harrowing experiences of American soldiers in Asia and the Pacific. Based on countless diaries and letters, it sweeps across the battlefields, from the early desperate stand at Guadalcanal to the tragic sinking of the U.S.S. Indianapolis at war’s very end. From the daunting spaces of the China-India theater to the fortress islands of Iwo Jima and Okinawa, Schrijvers brings to life the GIs’ struggle with suffocating wilderness, devastating diseases, and Japanese soldiers who preferred death over life. Amidst the frustration and despair of this war, American soldiers abandoned themselves to an escalating rage that presaged Hiroshima and Nagasaki. The GI’s story is, first and foremost, the story of America’s resounding victory over Japan. At the same time, however, the reader will recognize in the extraordinarily high price paid for this victory chilling forebodings of the West’s ultimate defeat in Asia and America’s in Vietnam.
