**Love Worth Finding 25 Pack** Adrian Rogers,2016-01-31 Psychologists have long known that every person has two great longings and inward needs. The first is to be loved, and the second is to love. But when pressures and heartaches come into our lives, many give up any hope of ever finding love. The tragedy is that we often look in the wrong places to fill this deep need and longing. Some substitute lust for love. Others pursue material things or superficial relationships--all in the futile attempt to fill a God-shaped vacuum in the human heart. But there is good news! There is a love worth finding and a love worth sharing. The Bible says, For God so loved the world, that he gave his only Son, that whoever believes in him should not perish but have eternal life (John 3:16). On the cross of Christ, God's mighty love was revealed and offered unconditionally to all who would be saved. Do you long to know this mighty love? Then I need to ask you the most important question you'll ever be asked: Do you know beyond a shadow of a doubt that God loves you, that your sins are forgiven, and that you are saved and on your way to heaven? The great news is, you can know! Let me share with you how to discover the greatest love worth finding. Admit Your Sin. First, you must admit that you are a sinner. The Bible says, None is righteous, no, not one. . . . For all have sinned and fall short of the glory of God (Romans 3:10, 23). It is our sin that separates us from God and from fulfilling our deepest needs and longings. Sin is an offense against God that carries a serious penalty. According to Romans 6:23, The wages of sin is death [eternal separation from the love and mercy of God]. Abandon Your Efforts. Second, you must abandon any efforts to save yourself. If we could save ourselves, Jesus's death would have been unnecessary! Even getting religion cannot get you to heaven. The Bible says it is not because of works done by us in righteousness, but according to his mercy that we are saved (Titus 3:5). Salvation is by God's grace, not a result of works, so that no one may boast (Ephesians 2:8-9). Acknowledge

Christ's Payment. What you cannot do for yourself, Jesus Christ has done for you! But God shows his love toward us in that while we were still sinners, Christ died for us (Romans 5:8). He died on the cross for you and then rose from the dead to prove that his payment was acceptable to God. But you must acknowledge and believe this fact. Believe in the Lord Jesus, and you will be saved (Acts 16:31). Accept Christ as your Savior. Salvation is God's gift to you. The free gift of God is eternal life in Christ Jesus our Lord (Romans 6:23). When someone offers you a priceless gift, the wisest thing you can do is accept it! This very moment, you can receive Christ's gift of salvation by sincerely praying this simple prayer from your heart: Dear God, I know that I am a sinner. I know that you love me and want to save me. Jesus, I believe you are the Son of God, who died on the cross to pay for my sins. I believe God raised you from the dead. I now turn from my sin and, by faith, receive you as my personal Lord and Savior. Come into my heart, forgive my sins, and save me, Lord Jesus. In your name I pray. Amen.

**The Remedy Bible** Timothy Jennings, 2016-05-10 God is love and love is not self-seeking. (1Jn 4:8, 1Cor 13:5) Love rather than seeking self, is the principle of beneficence or giving. God, when He built His universe, constructed it to operate upon this principle of giving, an expression of His character of love. Harmony with this principle is life. Disharmony is death. Every breath you take you give away carbon dioxide to the plants which give back oxygen to you, a never ending circle of giving life is built to operate upon. You are free to transgress the law by tying a plastic bag over your head and selfishly hoarding your carbon dioxide to yourself. But, the wages of doing so is death. Thus, the Bible teaches sin is lawlessness and breaking the law results in death. (1Jn 3:4, Rom 6:23) Sadly, after Constantine converted, Christianity changed its view of God's law from the law of love, the

design protocol for life, to an imperial Roman imposed law construct, in which the law has no inherent consequence and thus requires the ruling authority to inflict externally imposed punishments upon lawbreakers. Christianity changed from an organization of people who had such love they would lay down their lives for others (Jn 15:13), to a system that carried out the Crusades, Inquisition and burned dissenters at the stake. Why? God's design was replaced by an imposed law construct. All Bible translations have been done in the aftermath of Constantine's conversion and the acceptance of the imposed law construct. This has resulted in unintended misunderstanding of the message of Scripture. The Remedy refocuses our mind upon God's character of love and His law as the design protocol upon which He constructed life to operate. As such, The Remedy is exactly that, a New Testament paraphrase that communicates God's remedy for our sin-sick terminal condition. I invite you to partake The Remedy.

*Concepts of Biology* Samantha Fowler, Rebecca Roush, James Wise, 2018-01-07 *Concepts of Biology* is designed for the single-semester introduction to biology course for non-science majors, which for many students is their only college-level science course. As such, this course represents an important opportunity for students to develop the necessary knowledge, tools, and skills to make informed decisions as they continue with their lives. Rather than being mired down with facts and vocabulary, the typical non-science major student needs information presented in a way that is easy to read and understand. Even more importantly, the content should be meaningful. Students do much better when they understand why biology is relevant to their everyday lives. For these reasons, *Concepts of Biology* is grounded on an evolutionary basis and includes exciting features that highlight careers in the biological sciences and everyday applications of the concepts at hand. We also strive to show the interconnectedness of topics within this extremely broad discipline. In order to meet the needs of today's instructors and students, we maintain the overall organization and coverage found in most syllabi for this course. A strength of *Concepts of Biology* is that instructors can customize the book, adapting it to the approach that works best in their classroom. *Concepts of Biology* also includes an innovative art program that incorporates critical thinking and clicker questions to help students understand--and apply--key concepts.
