Wicked Women of Alabama Jeremy W. Gray,2021 While men commit most of Alabama's crimes, women have written some of the darkest chapters in state history. Poisoners who murdered dozens. A mob icon who captivated millions. An anti-government cop killer. A madam whose courage lifted her from shame to legend. A mummified woman shrouded in mystery. Whether they enjoyed the spotlight or weaponized their status as unlikely suspects, these women left scandal and misery in their wake. Journalist Jeremy W. Gray digs into the sordid mess left behind by some of the most notorious women in Alabama history.

Raising Children Vivian K. Friedman,2008-06 A collection of articles on the subject o parenting written by Dr. Friedman, a clinical child psychologist at the University of Alabama at Birmingham. Presented in a Q and A format and categorized by age, they cover a wide variety of topics related to child rearing. Dr. Friedman provides clear, down-to-earth, yet psychologically sophisticated solutions to everyday and unique problems alike.

More Than a Game Alf Van Hoose,2009-09-30 The best work of one of Alabama's longest-serving and most beloved sports journalists. Although he spent 43 years at the same job, Alf Van Hoose was not a man limited by the boundaries of his profession. As Birmingham News sports editor for 21 years and a columnist for a decade before that, Van Hoose helped define a city, a state, and a region largely known for sports. He was the writer of record for some of the biggest sporting events and personalities in the state of Alabama in the last half of the 20th Century. Wayne Hester, Van Hoose's successor as sports editor of The News, in 1990, said, To many sports fans over the years, Alf Van Hoose has been The Birmingham News. But he was also much more than the sports guy, as older generations of Alabama sports fans who read this book will remember and younger ones will learn. He was a man for all seasons, not just those where balls get kicked, hit, or thrown around. A native of Cuba, Alabama, and a veteran of the Third Army campaigns in WWII (where he won both the Bronze and Silver Stars), Van Hoose became a sportswriter on The News in 1947. He remained in that role until retirement in 1990, with only short breaks to serve as a Vietnam war correspondent, and to reflect on the lessons learned while serving with George Patton. Van Hoose died in 1997 at the age of 76. This volume contains 90 of Van Hoose's best columns, selected not only to showcase his characteristic style, but also because of the enduring importance and interest of the topics--football and baseball, of course, but also golf, high school heroics, auto racing, and Van Hoose's special favorites: Rickwood Field and its various tenants, especially the Birmingham Black Barons. Published with the College of Communication and Information Science, The University of Alabama.

Raising Children Vivian Katzenstein Friedman,2003-08 A selection of columns by Dr. Vivian K. Friedman that appeared in The Birmingham News, arranged by age and covering a wide variety of child-rearing topics. The columns are in question/answer format, and are intended to serve as a general guide. For specific guidance, consult your pediatrician or child psychologist.

Magic City Rock Blake Ells,2020-10-19 Birmingham's rock music scene has thrived on camaraderie and collaboration for decades. With no competitiveness, it has maintained a punk rock ethos while also appealing to a mainstream audience, thanks to DIY clubs and alternative radio support. Once one of the country's most successful AAA radio stations, 107.7 The X and the A&R power of station head Scott Register provided the early radio success that helped break Train, Matchbox Twenty and John Mayer. The same scene produced Jim Bob & the Leisure Suits, the Primitons, the Sugar La Las and Verbena. From local legends like Hotel and Telluride to national sensation St. Paul and the Broken Bones, writer Blake Ells tells the story of the Magic City's indelible stamp on the history of modern rock.

Christmas in Birmingham Tim Hollis,2021-07-26 For decades, the Christmas season in Birmingham was not complete without the sights and sounds of the retail district. During the season, the Magic City made magic with elaborate light displays and the Living Christmas Tree in Woodrow Wilson Park. Many remember the battling Santas of Loveman's and Pizitz, each vying for the hearts of the community. The elaborate Enchanted Forest dazzled shoppers on the sixth floor at Pizitz. In the 1940s, more than 200,000 people lined the streets each year to make merry for the Christmas Carnival parade. Author and local historian Tim Hollis celebrates the happy history of Birmingham's holiday season, reviving the traditions and festivities, the food and shopping of days gone by.

Politics and Welfare in Birmingham, 1900–1975 Edward Shannon LaMonte,2015-09-15 This well-written volume explores the relationships between politics and welfare programs for low-income residents in Birmingham during four periods in the twentieth century: • 1900-1917, the formative period of city building when welfare was predominantly a responsibility of the private sector; • 1928-1941, when the Great Depression devastated the local economy and federal intervention became the principal means of meeting human need; • the mid 1950s, when the lasting impacts of the New Deal could be assessed and when matters of race relations became increasingly significant; • 1962-1975, when an intense period of local government reform, the Civil Rights movement, federal intervention in the form of the War on Poverty, and increasing demands for citizen participation all reinforced one another. From the time of its founding in 1871, Birmingham has had a biracial population, so the theme of race relations runs naturally throughout the narrative. LaMonte pays particular attention to those efforts to achieve a more harmonious biracial community, including the failed effort to establish an Urban League in the 1940s, the progressive activities of the Community Chest’s Interracial Division in the 1950s, which were abruptly terminated, and the dramatic events of the Civil Rights Movement in the 1960s, when local events were elevated to international significance.

Whites Recall the Civil Rights Movement in Birmingham Sandra K. Gill,2016-11-08 This illuminating volume examines how the 1963 bombing of the Sixteenth Street Baptist Church in Birmingham, Alabama developed as a trauma of culture. Throughout the book, Gill asks why the “four little girls” killed in the bombing became part of the nation’s collective memory, while two black boys killed by whites on the same day were all but forgotten. Conducting interviews with classmates who attended a white school a few blocks from some of the most memorable events of the Civil Rights Movement, Gill discovers that the bombing of the church is central to interviewees’ memories. Even the boy killed by Gill’s own classmates often escapes recollection. She then considers these findings within the framework of the reception of memory and analyzes how white southerners reconstruct a difficult past.

The Birmingham Book Colin Diamond CBE,2022-07-11 The Trojan Horse affair sent shock waves across England's education system in 2014. The affair centred around an anonymous letter that contained instructions on how to

take over schools with a majority Muslim population by influencing their governing bodies and undermining head teachers. The authenticity of the letter remains hotly disputed, yet its publication generated huge turbulence - not only in Birmingham's schools and communities, but also in both Parliament and the national news. The book offers fresh perspectives based on unique access to information from within the city, written by respected educationalists who have worked successfully in Birmingham for many years both during the Trojan Horse era and since. It explains what led to the publication of the letter, its profound consequences for education in Birmingham, and how it influenced events in the city since. Crucially the book also opens up an informed discussion around the issues raised during Trojan Horse, such as delivering a well-rounded curriculum suitable for a diverse school community, developing working partnerships in the local area, and boosting the attainment and aspirations of children from disadvantaged backgrounds. Colin shares case studies of school improvement in local and national MATs in tough, multicultural urban environments, and how schools worked to develop pupils' social capital. The Birmingham Book reveals how the Trojan Horse affair was handled by the Department for Education as their academies and free schools policies underwent their first major stress tests. Furthermore, the book provides an up-to-date appraisal of the interrelationship between education in England's schools and the cultural and religious practice of the local communities the schools serve - and of the underachievement levels of the different ethnic groups in Birmingham. Suitable for teachers, school leaders, governors and policymakers.

News from the Gulf John Emmett Winn,1991

Until Justice Rolls Down Frank Sikora,2005-10-23 It was a time when Martin Luther King Jr. and other leaders rallied black youth and adults to march for their civil rights, a time when the Ku Klux Klan was active in cities and throughout the countryside of the Deep South, employing 19th-century tactics to intimidate blacks to stay “in their place.” It was also the year that the worst act of terrorism in the entire civil rights movement occurred just as Birmingham, Alabama, was coming under close national scrutiny. This book tells the story of one grim Sunday in September 1963 when an intentionally planted cache of dynamite ripped through the walls of the Sixteenth Street Baptist Church and ended the dreams and the lives of four young black girls. Their deaths spurred the Kennedy administration to send an army of FBI agents to Alabama and led directly to the passage of the Civil Rights Act. When the Justice Department was unable to bring anyone to trial for this heinous crime, a young Alabama attorney general named Bill Baxley began his own investigation to find the perpetrators. In 1977, 14 years after the bombing, Baxley brought one Klansman to trial and, in a courtroom only blocks from the bombed church (now a memorial to the victims), persuaded a jury to return a guilty verdict. More than 20 years later two other perpetrators were tried for the bombing, found guilty, and remanded to prison. Frank Sikora has used the court records, FBI reports, oral interviews, and newspaper accounts to weave a story of spellbinding proportions. A reporter by profession, Sikora tells this story compellingly, explaining why the civil rights movement had to be successful and how Birmingham had to change.

300 For 300 Birmingham News, The,2018

The News Where You Are Catherine O'Flynn,2010-07-06 A heartbreaking, yet hilarious, novel from the author of the best-selling, prize-winning What Was Lost. The News Where You Are tells the funny, touching story of Frank, a local TV news presenter in England. Beneath his awkwardly corny screen persona, Frank is haunted by disappearances: the mysterious hit-and-run that killed his predecessor Phil Smethway; the demolition of his father's post-war brutalist architecture; and the unmarked passing of those who die alone in the city. Frank struggles to make sense of these absences whilst having to report endless local news stories and trying to cope with his resolutely miserable mother. The result is that rare thing: a page-turning novel that asks the big questions in an accessible way, and is laugh-out-loud funny, genuinely moving and ultimately uplifting.

Renewing Birmingham Christopher MacGregor Scribner,2002 Renewing Birmingham is the first book-length study of how federal funding helped transform a twentieth-century southern city. Christopher MacGregor Scribner shows that such funding not only aided Birmingham's transition from an industrial to a service economy but also led to redrawn avenues of power, influence, and justice in the city. By the 1960s Alabama's largest city faced wrenching changes brought on by economic decline, suburbanization, and racial tension. Decades in the making, these problems pitted old-guard politicians, manufacturing elites, and working-class whites against an alternative vision, kindled by federal dollars, of Birmingham's future. Scribner uses the Birmingham experience to trace the evolution of federal grants from extensions of Depression-era fiscal policy to instruments of social change. As he discusses federal backing of projects ranging from low-income housing to the University of Alabama Medical College, Scribner also shows how control of the grant purse, which once belonged exclusively to politicians, came to be shared with bureaucrats and activists, local and federal participants, and blacks and whites. Most important in Birmingham's case, debates over spending drew in entrepreneurs in fields as diverse as biomedicine and education, real estate and construction. This complicated bargaining and coalition-building sparked a quiet revolution that had begun hollowing out the core of Birmingham's old order even as civil rights protests cemented the city's segregationist reputation. Scribner stresses that the social benefits of Birmingham's economic rebirth reflected not so much a change of heart for the city as an admission that segregation was simply bad for business. As a new Birmingham ascended--and became less distinguishable from other American cities--aspects of its racist, elitist past persisted. In learning the particulars of Birmingham we come closer to understanding how the South can be at odds with the rest of the country even as it participates in national trends.

Infamous Birmingham Axe Murders, The: Prohibition Gangsters & Vigilante Justice Jeremy W. Gray,2018 Uncover the details of the most murderous times in Birmingham Alabama's history. A reign of terror swept the streets of Birmingham in the 1920s. Criminals armed with small axes attacked immigrant merchants and interracial couples, leaving dozens dead or injured over the course of four years. Desperate for answers, police accepted clues from a Ouija board, while citizens clamored for gun permits for protection. The city's Italian immigrants formed their own association as protection against the Black Hand, an organized band of brutal criminals. Eventually, the police turned to a dangerous and untested truth serum to elicit confessions. Four black men and a teenage girl were charged and tried, while copycat killers emerged from the woodwork. Journalist Jeremy Gray tackles one of the most curious and violent cases in Magic City history.
