**Artsy Fartsy** Joseph B. Weiss,2015-03-04 Artsy Fartsy, Cultural History of the Fart is a fascinating overview of flatulence through human civilization and society. The cough, sneeze, hiccup, stomach rumble, burp, belch, and other bodily sounds simply cannot compete with the notoriety of the fart. Whether encountered live and in person, or through literature, television, cinema, art, music, it may leave a lingering memory. The history of the fart in culture and society is a seldom told but remarkable tale. Its release has had powerful consequences, from the unexpected triggering of wars that led to the death of thousands of innocents, to the opposite extreme of inducing spasms of laughter with the entertainment of millions. A perfect companion volume is To 'Air' is Human, Everything You Ever Wanted To Know About Intestinal Gas. This uniquely informative, entertaining, and well-illustrated volume clearly explains the physiology and science of the fart, burp, and bloat that are often associated with digestion. Continuing in a scatological vein is the eccentric and equally unique volume The Scoop on Poop. It provides a wealth of knowledge on the rarely told but engrossing subject of poop. From potentially life-saving information to the bizarre and obscure, the book completely covers a subject many people mistakenly consider a simple waste. It is much more complex than that, and this book uncovers and airs its mysteries! The wealth of valuable information and trivia in these volumes can sustain a long social conversation, or cut it short abruptly!

*The Art of Farting* Parviz Shirmohammadi,2021-11-20 This book offers pure hilarious comedy, romance, adventures, and fun entertainment for any reader. It is a comic book that takes you through a hilarious roller coaster joyful ride. It is amusing to read and will leave you with a lasting and delightful experience. You will never look at your fart the same way again.

*Did Somebody Step on a Duck?* Jim Dawson, 2010-05-04 This impolite, aromatic, and incredibly erudite flatulence compendium will astound you with: • The recent discovery of the world's oldest joke, a proverb from the Old Babylonian period, that turned out to be—that's right, folks—a fart joke. • A new reading of Emily Dickinson's poetry that "reveals" the true meaning behind "They Have a Little Odor." • A harrowing account of Apollo astronauts getting inner-space gas from hydrogen bubbles in their drinking water on their way to the moon. • The other Tiger Woods scandal—this one involving a mysterious cheek-squeak recorded while Tiger sized up an approach shot at the 2009 Buick Open. • A scientist who built the world's biggest whoopee cushion and lived to tell about it . . . . . and many more wacky but true tales from the fart historian who brought you the best-selling *Who Cut the Cheese?* and its combustible sequel, *Blame It on the Dog*. In this incomparable collection you'll experience firsthand the Jungian implications of farting, the environmental import of "flatulence cards" in the carbon-offset market, and the brutally honest social commentary of a man whose office chair broadcasts his farts on Twitter.
