*Complicated Watches and Their Repair* Donald De Carle,2020-01-31 Dealing with a complicated watch used to be a rare job for the watch repairer, but with the popularity of the automatic, it is almost commonplace. Furthermore, the increased interest in calendar work, alarm watches, and chronographs will undoubtedly bring more and more complicated work into the workshop. This book deals with complicated work essentially from the repairer's point of view. The action of each mechanism is briefly and clearly described because understanding this is essential to proper servicing, repair and testing for functioning. Dismantling and assembly instructions are given, as well as oiling charts and - most important - hints on fault-finding and their rectification. Another essential feature of the book is that it deals with all complicated work - from the relatively simple automatic to the triple-complicated watch with chronograph, calendar and repeater work, and the very complicated clock watch. Exceptional care has been taken in the preparation of diagrams, which have been

drawn from actual movements in various stages of assembly, so that the reader can actually work with the book illustrations beside the watch itself. As always with books by Donald de Carle, instructions are easy to follow and there is no reason why anyone well versed in ordinary work and able to use watchmakers' tools should not become a specialist in complicated watches and their repair.

**Tapped Out** Matthew Polly,2012-10-02 An aging amateur takes his shot at glory in the world of mixed martial arts. As a younger man, Matthew Polly traveled to the Shaolin Temple in China and spent two years training with the monks who had invented the ancient art of kung fu. Fifteen years later, his weakness for Chinese takeout and Jack Daniel's had taken its toll. Firmly into middle age and far removed from his past athletic triumphs, Polly decided to risk it all one last time. Out of shape and over the hill, he jumped headlong into the world of MMA. In Tapped Out, Polly chronicles his grueling yet redeeming two-year journey through an often misunderstood sport. From Thailand to Russia, Manhattan to Las Vegas, Polly studied with the best trainers, concluding with a six-month fight camp at Randy Couture's legendary gym. He explores the history of fighting sports and joins a fascinating subculture of men who roll around on sweaty mats with one another in appreciation of the purity of contained combat. And in the end, Polly straps on the gloves, gets into the cage, and squares off with a fighter fifteen years younger. An honest and humorous look at a hard-core sport, Tapped Out is a fascinating look into the fastest growing sport in America and what it takes to be an MMA fighter.

The Fighter of Auschwitz Erik Brouwer,2023-08-17 **\*\*A SUNDAY TIMES BESTSELLER\*\*** 'He had the dream again last night... He taps the gloves of his unbeaten Polish opponent. There are rumours that the loser will be sent to the gas chamber.' In 1943, the Dutch champion boxer, Leen Sanders, was sent to Auschwitz. His wife and children were put to death while he was sent 'to the left' with the others who were fit enough for labour. Recognised by an SS officer, he was earmarked for a 'privileged' post in the kitchens in exchange for weekly boxing matches for the entertainment of the Nazi guards. From there, he enacted his resistance to their limitless cruelty. With great risk and danger to his own life, Leen stole, concealed and smuggled food and clothing from SS nursing units for years to alleviate the unbearable suffering of the prisoners in need. He also regularly supplied extra food to the Dutch women in Dr. Mengele's experiment, Block 10. To his fellow Jews in the camp, he acted as a rescuer, leader and role model, defending them even on their bitter death march to Dachau towards the end of the war. A story of astonishing resilience and compassion, The Fighter of Auschwitz is a testament to the endurance of humanity in the face of extraordinary evil.
