The Boy Scout Treasure Hunters the Lost Treasure of Buffalo Hollow Charles Henry Lerrigo, 2017-06-28 GLEN MASON RUNS AWAY It was the supper hour at the State Industrial School for Boys, known to the general public as The Reform School. Glen Mason sat on a long bench trying to hold the place next to him against the stealthy ravages of the boys who crowded him. Where's Nixy? he inquired angrily of his neighbor on the right. Did he go to town again? He's back, the boy replied. Just got in an' had to go up and change his clothes. Had the toothache again to-day, he told me. Here he comes, now. A lanky boy of fifteen or sixteen got into the vacant seat just as the chaplain rose to say grace. After grace no loud talking was permitted, but no objection was made to whispered conversations that did not become too noisy.

How's it come you go to town so often and I don't ever get to go, Nixy? whispered Glen, the moment grace was ended. One thing you don't have the toothache, another thing you get too many demerits. The fellows that get to town have to go thirty days without a black sign. You never could do it, Glen. I could if I wanted. I'm twenty days now. Wouldn't hurt me to go another ten. If I went to town alone I'd never come back. It ain't so easy, Glen. You have to wear your uniform so everybody knows what you are. If you aren't back by six o'clock they have the police after you. The old man made a great talk about his honor system, but as long as you have to wear your uniform there's plenty of people to watch you. I could find a way to get around that, insisted Glen. Well, so could I. I've got one all planned out that I'm going to work some day. I'll get leave to go to the dentist late some afternoon. The car to come back leaves his office at five o'clock. He doesn't want to stay until five because he goes off to play golf. So he'll leave me in his waiting-room when he goes. I'll have a suit of overalls rolled up under my uniform. Soon as the doctor goes I'll change my clothes. You can't get out without being seen but I'll hide right there in the building till it closes and then get down the fire-escape. I guess somebody'd see you go down and a policeman would get you. I guess they wouldn't. I wouldn't try till late at night when there wasn't anybody around. Then I'd pick a dark night, and that fire-escape is in the back end of the building, so I guess there wouldn't nobody see me. Oh, mebbe there wouldn't. Supposin' you did get away. Where'd you go? I'd have that all fixed. I'd put on my other clothes and pitch my uniform away and that night would get me twenty-five miles where nobody'd think of looking for me. Oh, I dunno. I guess you'd be easy picked up. Anybody could tell you a mile off. All to do is to look for a broom handle out walking all by itself. Broom handle yourself, Glen Mason. I've got the makings of a big man if ever I'd get enough to eat. You go high enough up to be a big man, but you've stretched too much. If you'd ever learn to be a contortionist and tie yourself into three knots close together,

you'd do better. You're always saying something mean....

Unbroken (Movie Tie-in Edition) Laura Hillenbrand, 2018-08-21
#1 NEW YORK TIMES BESTSELLER • The incredible true story of survival and salvation that is the basis for two major motion pictures: 2014's *Unbroken* and the upcoming *Unbroken: Path to Redemption*. On a May afternoon in 1943, an Army Air Forces bomber crashed into the Pacific Ocean and disappeared, leaving only a spray of debris and a slick of oil, gasoline, and blood. Then, on the ocean surface, a face appeared. It was that of a young lieutenant, the plane's bombardier, who was struggling to a life raft and pulling himself aboard. So began one of the most extraordinary odysseys of the Second World War. The lieutenant's name was Louis Zamperini. In boyhood, he'd been a cunning and incorrigible delinquent, breaking into houses, brawling, and fleeing his home to ride the rails. As a teenager, he had channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics and within sight of the four-minute mile. But when war had come, the athlete had become an airman, embarking on a journey that led to his doomed flight, a tiny raft, and a drift into the unknown. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, a foundering raft, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve,

and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. In her long-awaited new book, Laura Hillenbrand writes with the same rich and vivid narrative voice she displayed in *Seabiscuit*. Telling an unforgettable story of a man's journey into extremity, *Unbroken* is a testament to the resilience of the human mind, body, and spirit. Praise for *Unbroken* "Extraordinarily moving . . . a powerfully drawn survival epic."—The Wall Street Journal "[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurbly adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring."—New York "Staggering . . . mesmerizing . . . Hillenbrand's writing is so ferociously cinematic, the events she describes so incredible, you don't dare take your eyes off the page."—People "A meticulous, soaring and beautifully written account of an extraordinary life."—The Washington Post "Ambitious and powerful . . . a startling narrative and an inspirational book."—The New York Times Book Review "Marvelous . . . *Unbroken* is wonderful twice over, for the tale it tells and for the way it's told. . . . It manages maximum velocity with no loss of subtlety."—Newsweek "Moving and, yes, inspirational . . . [Laura] Hillenbrand's unforgettable book . . . deserve[s] pride of place alongside the best works of literature that chart the complications and the hard-won triumphs of so-called ordinary Americans and their extraordinary time."—Maureen Corrigan, *Fresh Air* "Hillenbrand . . . tells [this] story with cool elegance but at a thrilling sprinter's pace."—Time "Unbroken is too much book to hope for: a hellride of a story in the grip of the one writer who can handle it."—Christopher McDougall, author of *Born to Run*

The American Boy's Book of Sign Signals and Symbols Dan Beard,2008-10 PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-

fishing is the most convenient. One great matter is, that the loch-fisher is dependent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream-fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...
