On the Case in the English Language Arts Classroom Thomas M. McCann, Elizabeth A. Kahn, Sarah Hochstetler, Dianne Chambers, 2021-12-22 Being a high school English teacher is both rewarding and difficult. Although teacher education programs try to be thorough, they can't prepare preservice teachers for every situation that might arise. For instance: How can an ELA teacher work with learners who have suffered significant trauma? How can a well-prepared literature instructor teach high school students the basics of reading? Should a teacher shy away from classroom conversations because they can become too political? How does a teacher contend with a crushing workload? These are just a few of the issues ELA teachers face every day, but *On the Case in the English Language Arts Classroom* provides teachers at any point in their career the opportunity to analyze potential situations and problems that commonly confront teachers through case studies that prompt extensive, stimulating discussion and invite written responses. Four veteran teacher educators offer twenty case narratives as well as a format

for discussion, professional resources that can inform decisions, and a guide to constructing new case narratives that can expand the possibilities for developing powerful problem-solving strategies.

What Teachers Need to Know About Language
Carolyn Temple Adger, Catherine E. Snow, Donna Christian, 2018-07-10 Rising enrollments of students for whom English is not a first language mean that every teacher – whether teaching kindergarten or high school algebra – is a language teacher. This book explains what teachers need to know about language in order to be more effective in the classroom, and it shows how teacher education might help them gain that knowledge. It focuses especially on features of academic English and gives examples of the many aspects of teaching and learning to which language is key. This second edition reflects the now greatly expanded knowledge base about academic language and classroom discourse, and highlights the pivotal role that language plays in learning and schooling. The volume will be of interest to teachers, teacher educators, professional development specialists, administrators, and all those interested in helping to ensure student success in the classroom and beyond.

It recounts the stories of the University Park Campus School (UPCS) in Worcester, the American Indian Public Charter School in Oakland, Amistad Academy in New Haven, the Cristo Rey Jesuit High School in Chicago, the KIPP Academy in the Bronx, and the SEED school in Washington, D.C.

Can a bank robber marry the banker's daughter without having any hidden thoughts and intentions? *A Retrieved Reformation* tells the story of Jimmy, a formal prisoner, who decides to quit violating the law in the name of love. He takes up a new identity and starts a new life as an honorable man. However he is about to face a choice which can cost him his future. Henry, was an American writer who lived in the late 19th century. He gains wide popularity with his short stories which often take place either in New York or some small American towns. The plot twists and the surprise endings are a typical and integral part of O. Henry's short stories. Some of his best known works are *The Gift of the Magi*, *The Cop and the Anthem*, *A Retrieved Reformation*. His stories often deal with ordinary people and the individual aspects of life. As a result of the outstanding literature legacy that O. Henry left behind, there is an American annual award after his name, given to exceptional short stories.

Textual Power Robert E. Scholes, 1985-01-01
Robert Scholes has written an enviable book on the uses and abuses of literary theory in the teaching of literature. One of [his] most forceful points...is that 'literary theory' is not something a teacher may either 'use' or not use, for teaching itself is an unavoidably theoretical activity.--Gerald Graff, *Novel* Scholes' emphasis in *Textual Power* is indicated by the book's subtitle. After a provocative analysis of disciplinary values and departmental tendencies...[he] proposes that 'we must stop teaching literature and start studying texts'...His book is essential for college libraries.--R.C. Gebhardt, *Choice* There is no issue more current, more relevant to the present scene, than the problem of pedagogy and its relation to contemporary theory. *Textual Power* is an important, provocative, and above all useful contribution to this discussion.--Gregory L. Ulmer
Robert Scholes, author of *Structuralism in Literature and Semiotics and Interpretation* among other books, is Alumni-Alumnae University Professor of English and Comparative Literature at Brown University.

A Walk in the Night Alex La Guma, 1968 Of French and Malagasy stock, involved in South African politics from an early age, Alex La Guma was arrested for treason with 155 others in 1956 and finally acquitted in 1960. During the State of Emergency following the Sharpeville massacre he

was detained for five months. Continuing to write, he endured house arrest and solitary confinement. La Guma left South Africa as a refugee in 1966 and lived in exile in London and Havana. He died in 1986. *A Walk in the Night and Other Stories* reveals La Guma as one of the most important African writers of his time. These works reveal the plight of non-whites in apartheid South Africa, laying bare the lives of the poor and the outcasts who filled the ghettos and shantytowns.

The Necklace Cheryl Jarvis, 2008-09-09 The true story of thirteen women who took a risk on an expensive diamond necklace and, in the process, changed not only themselves but a community. Four years ago, in Ventura, California, Jonell McLain

saw a diamond necklace in a local jewelry store display window. The necklace aroused desire first, then a provocative question: Why are personal luxuries so plentiful yet accessible to so few? What if we shared what we desired? Several weeks, dozens of phone calls, and a leap of faith later, Jonell bought the necklace with twelve other women, with the goal of sharing it. Part charm, part metaphor, part mirror, the necklace weaves in and out of each woman's life, reflecting her past, defining her present, making promises for her future. Lending sparkle in surprising and unexpected ways, the necklace comes to mean something dramatically different to each of the thirteen women. With vastly dissimilar histories and lives, the women show us how they transcended their individual personalities and politics to join together in an uncommon journey. What started as a quirky social experiment became something far richer and deeper, as the women transformed a symbol of exclusivity into a symbol of inclusiveness. They discovered that sharing the necklace among themselves was only the beginning; The more they shared with others, the more profound this experience-and experiment-became. Original, resonant, and beautifully told, this book is an inspiring story about a necklace that became greater than the sum of its links, and about thirteen ordinary women who understood the power of possibility, who touched the lives of a community, and who together created one extraordinary experience.
