Insight Guides

The Unofficial Guide to Mall of America Beth Blair, 2016-07-19 The Unofficial Guide to Mall of America is the first of its kind. Never before has a guidebook been written about the Mall of America. The Unofficial Guide to Mall of America enhances visitors' experiences by assisting them through the entire process, from finding the right hotel and making the decision whether or not to rent a car or use the hotel shuttle. The various attractions are laid out and analyzed so that Mall of America-goers can decide what activities will enhance their experiences and which are simply tourist traps. In addition to ranking and describing the stores and restaurants, The Unofficial Guide to Mall of America, by Beth Blair, offers insight and tips that will not only make the visit fun for those looking for a general Mall of America experience but will also highlight things for people with special interests.

Southeast Asia Cruising Guide Elaine Morgan, 2019-01-01 The only guide to Southeast Asia that covers the entire length and breadth of a region frequently visited by round-the-world sailors, many of whom leave Australia to head west. This 2008 edition concentrates on the most frequented routes and includes the most popular stops. There are hundreds of possible anchorages, the most popular of which are usefully summarised in tables. Introductory sections cover planning and the last part of the book deals with more general topics including advice on provisioning and the problems that are often faced by cruisers. Stephen Morgan and Elaine Davies first arrived in the region over 30 years ago. They work in Hong Kong- Stephen Davies as Director of the Hong Kong Maritime Museum and Elaine Morgan as a writer and editor. While this pilot is aimed at yachtsmen and indeed was surveyed from the Davies/Morgan yacht, it is just as relevant to the commercial or military mariner. The part of the world described in this work is one of the most interesting on our planet. Culturally, scenically, climatically and commercially- it has everything. This excellent book - now in its second edition, describes it all very enticingly. Set to the usual high standard of the Imray pilots that precede it, this one is spiced up by the wit and anecdotes the authors are so good at.
