Up: My Life's Journey to the Top of Everest Ben Fogle, Marina Fogle, 2018-10-18 My eyes lifted to the horizon and the unmistakable snowy outline of Everest. Everest, the mountain of my childhood dreams. A mountain that has haunted me my whole life. A mountain I have seen hundreds of times in photographs and films but never in real life.

Speeches against Catilina Marcus Tullius Cicero, 1924

Everyday Ambassador Kate Otto, 2015-05-26 In a world of limitless technology, we are more connected than ever before, but our hyper-connected lifestyles threaten our ability to know ourselves and meaningfully interact with each other. Everyday Ambassador offers a solution to this disconnectivity paradox-- reflections, everyday examples, and tools that anyone can use every day and everywhere to maximize technology's capacity for social change. With an emphasis on the core values of focus, empathy, humility, and patience, Everyday Ambassador demonstrates that the power of technology is not in the tool but in the intention of the person using it. Everyday ambassadorship is a process that starts from the inside out and serves our countries, cities, communities, and even our own homes. Changing ourselves is the necessary first step to changing the world--

The Catiline Conspiracy Sallust, 2022-08-10 'The Catiline Conspiracy' is a history book published by the Roman historian Sallust. The second historical monograph in Latin literature, it chronicles the attempted overthrow of the government by the aristocrat Catiline in 63 BC in what has been usually called the Catilinarian conspiracy. The narrative of the monograph was seized upon as illustrating the moral and social decadence of the ruling Roman classes, particularly the Roman Senate. Sallust continually critiques Roman corruption throughout his narration.

Cornelius Nepos, Life of Hannibal Bret

Mulligan,2015-10-05 Trebia. Trasimene. Cannae. With three stunning victories, Hannibal humbled Rome and nearly shattered its empire. Even today Hannibal's brilliant, if ultimately unsuccessful, campaign against Rome during the Second Punic War (218-202 BC) make him one of history's most celebrated military leaders. This biography by Cornelius Nepos (c. 100-27 BC) sketches Hannibal's life from the time he began traveling with his father's army as a young boy, through his sixteen-year invasion of Italy and his tumultuous political career in Carthage, to his perilous exile and eventual suicide in the East. As Rome completed its bloody transition from dysfunctional republic to stable monarchy, Nepos labored to complete an innovative and influential collection of concise biographies. Putting aside the detailed, chronological accounts of military campaigns and political machinations that characterized most writing about history, Nepos surveyed Roman and Greek history for distinguished men who excelled in a range of prestigious occupations. In the exploits and achievements of these illustrious men, Nepos hoped that his readers would find models for the honorable conduct of their own lives. Although most of Nepos' works have been lost, we are fortunate to have his biography of Hannibal. Nepos offers a surprisingly balanced portrayal of a man that most Roman authors vilified as the most monstrous foe that Rome had ever faced. Nepos' straightforward style and his preference for common vocabulary make *Life of Hannibal* accessible for those who are just beginning to read continuous Latin prose, while the historical interest of the subject make it

compelling for readers of every ability.
