**Selected National, European and International Provisions from Public and Private Law** Philipp Kiiver, Nicole Kornet, 2010 The Maastricht Law Faculty is known for its outstanding expertise in the field of European and comparative law, and it attaches great importance to comparative legal studies in its teaching. National, European, and international legal provisions, which have proven to be particularly relevant in comparative legal studies, assists students, academics, and practitioners in their comparative law work. This expanded and updated second edition of the Maastricht Collection covers the areas of: constitutional law \* administrative law and administrative procedure \* criminal justice \* European and international human rights law \* property law \* tort law \* national and European contract law \* civil procedure \* private international law \* company law \* international business law \* international tax law. For each area, a selection of important legal provisions - from France, Germany, the Netherlands, and the UK - is provided. This includes domestic constitutional and statutory provisions, provisions from international treaties, and instruments of the EU. In addition, selected sources from the US are provided. Sources are reproduced in the original English or are rendered as fresh English translations under critical editorship. Unlike many other translations, The Maastricht Collection remains true to the content, style, and syntax of the original texts. This allows the reader to appreciate, not only the substance, but also the authentic form - and the beauty - of foreign legal sources.

**Weapons of Our Warfare** Greg Locke, 2023-07-25 It's time to embrace the power of the divine arsenal and triumph in every aspect of your life. After reading this book you will discover the secrets of activating the full power of the armor of God, equipping yourself to overcome every spiritual battle. Through fresh perspectives, practical insights, and powerful strategies, this book will empower you to wield your divine arsenal effectively and emerge victorious in the face of opposition. "Put on the armor of God" has become a battle cry in the church today, but most Christians have no clue

how to put it on in a way that unleashes its supernatural, Holy Spirit power. They might have the pieces of the armor memorized, but what good are words if they are made lifeless by a lack of understanding or powerless by a lack of action? In *Weapons of Our Warfare*, the first book in his Spiritual Warfare Series, firebrand pastor Greg Locke plumbs the depths of this divine arsenal in fresh new ways that will transform believers' lives and equip them to defeat the enemy on every front. For anyone ready to suit up and boot up for Jesus and contend for the faith in these last of the last days, this book is a must-read.
