Total Law of Attraction David Che, 2013-03-12 Now available as an eBook, a simple step-by-step guide that allows you to realistically apply the Law of Attraction to improve your life and achieve the next level of practical understanding. The Law of Attraction is one of the most popular topics in the area of self-help. At the same time, it is also one of the most misunderstood. Why is that? There are three main reasons: First, there are hundreds of Law of Attraction books available, and most either rehash the same information or completely differ on what they teach, which results in confusion. Second, the big-name experts on the Law of Attraction never teach the real secrets in their books, as they mainly try to convince you to enroll in their expensive courses, which supposedly teach the real secrets. And lastly, the majority of Law of Attraction books are either motivational and/or inspirational while lacking practicality. In this economic recession, people more than ever need the Law of Attraction to find a new job, earn more money, or simply to improve their lives. What exactly is the Law of Attraction? Plain and simple, it is the process of tapping into the hidden powers of our subconscious mind to manifest what we desire into our physical reality. *Total Law Of Attraction* explains in plain language that it's our emotions, not so much our thoughts, that play a greater role in attracting what we want. *Total Law Of Attraction* avoids the need to search through many different Law of Attraction books to get the most important information. In one book, Dr. David Che has made the most powerful secrets of the Law of Attraction accessible for any individual who seeks them.

In each chapter, she explains one individual archetype, showing how it has evolved and then in fascinating detail lays out the unique characteristics, the defining graces, the life challenges, and other information to help you understand if you are part of this archetype family and if so, how you can fully tap into its power. She also offers tips and practical advice on how to fully engage with your archetypes. Learning which archetypes best describe you is just the beginning. You can then use this knowledge to make more conscious decisions about everything from careers to relationships, avoiding common pitfalls of your personality type while playing up your strengths.
