The gospel according to spiritism Allan Kardec, 2022-02-17

The Gospel according to Spiritism is one of the five books that make up the Spiritist Codification, a set of teachings transmitted by high order spirits, and organized and commented upon by Allan Kardec. This work contains the essence of the moral teaching of Jesus, and therefore is a refuge where the followers of all religions – and even those who have no religion – may join hands, because it offers a sure itinerary for our inner reform, the objective indicated by Christ as indispensable for achieving our future happiness and inner peace: that achievement which only the full observance of the divine laws can provide to the spirit on its gradual evolutionary path toward God.

The Gospel According to Spiritism Allan Kardec, 2020-06-02 A brand-new translation of a Classic A book ahead of its time, The Gospel according to Spiritism has set a high standard in restoring the original power and significance of Jesus Christ's unique message to the world. Using his extensive knowledge on the subject, Allan Kardec presents the ancient scriptures with effortless authority, as he explains step by step the many concepts, words and expressions found in the Gospel that have become obscure and difficult to understand after centuries and millennia of successive copies and translations. On top of that, there is the invaluable insight provided by higher-order spirits themselves, which clarifies several passages hitherto largely misapprehended. Above all this book demystify popular beliefs and shows the true nature of so-called miracles and wonders, without derogating from the immutability of the laws which govern the whole. This brand-new English translation went to great lengths to render this book palatable to the modern reader, while remaining absolutely loyal to the original. The word Gospel formerly meant good news and in English it derives directly from the word God. May this book bring truly good news to all its readers worldwide.

The Gospel according to Spiritualism (Translated) Allan Kardec, 2021-09-09 In this book, Allan Kardec deals with a problem of great importance, especially taking into account the past and present relations between the Church and Spiritism. The Gospel according to Spiritism contains the explanation of the moral maxims of Christ, their concordance with Spiritism and their application to different cases of life. All the communications have been made by very high spirits, and texts due to different authors agree and integrate each other in an admirable way. It is the true interpretation of the life of Christ, his miracles, acts and parables, with an explanation and commentary of high spiritual entities, in a presentation that corrects errors and false interpretations to offer only and above all the truth. The name of Allan Kardec is famous in the world as the first codifier and therefore, practically, as the founder of the spiritualist doctrine, or rather, as he wanted to define it, of the spiritualist philosophy. It was his merit to have collected and coordinated in several volumes of great interest all the theories and principles enunciated, through various mediums, in numerous spiritist communications. At that time, spiritualism was in its infancy, and Kardec's works shed light on this new world that was opening up to man on Earth. After The Book of Spirits and The Book of Mediums, which are the foundations of spiritualism, appeared The Gospel according to Spiritism. Famous and spread all over the world, it will fully satisfy the demands and expectations of the numerous devotees and enthusiasts. Since it was written, the work has lost nothing of its topicality and validity, proving that the truth is always the same and its inspiring principles never change.

Kardec,2020-08-24 The subjects contained in the Gospels can be divided into five parts: The ordinary acts of the life of Christ, the miracles, the prophecies, the words that served to establish the dogmas of the church, and moral teaching.If the first four have been the subject of controversy, the last one has remained unassailable. Before this divine code, the same incredulity bows; it is the ground where all cults can be found and the banner under which all can shelter, whatever their beliefs, because it has never been the subject of religious disputes, always and everywhere raised by questions of dogma.For the rest, if the sects had discussed it, they would have found in that teaching their own condemnation, because the majority have taken into consideration the mystical part more than the moral part, which demands self-reform.For men, in particular, it is a rule of conduct that embraces all circumstances of public or private life, the principle of all social relations founded on the most rigorous justice; in short, and above all it is the infallible path of true happiness, the part that lifts the veil that covers the future life. This part is the exclusive object of this work.Why buy this book?Because the knowledge that is revealed in this author's books, a series that we sell through Amazon in different languages and formats, will take the reader on a deep journey through a deeper understanding of the wisdoms that govern our universe.A book that every lover of life, its forms and spiritual, religious and self-knowledge knowledge cannot stop reading.

Spiritism in its simplest expression Allan Kardec, 2021-11-17 Wanting to popularize Spiritism and make spreading it easier and quicker, but without prejudicing the basic works of the Spiritist Doctrine, Allan Kardec wrote a number of booklets and distributed them throughout France at prices that were affordable for anyone who might be interested. Some of them had several printings and were highly successful. They continued to be republished even after the Codifier's discarnation. This is one of those booklets. It is hoped that Spiritist readers will find that this unpretentious work enriches their knowledge of the Spiritist Doctrine.

What is Spiritism? Allan Kardec, 2010 A work that is still up-to-date, What is Spiritism? is useful for adherents of the Spiritist Doctrine as well as for those who want to understand the nature of Spiritism and its fundamental points. Kardec's logic and common sense are obvious in this book as he confounds Spiritism's detractors while answering the questions of those who believe in and aspire to a superior life. The book is divided into three chapters. The first is composed of dialogues between Kardec and a critic, a skeptic and a priest, providing answers to those who do not understand the basic principles of Spiritism. It also presents appropriate refutations to its opponents. The second chapter presents practical and experimental aspects of the science and is a kind of summary of The Mediums' Book. The third chapter is a short synthesis of The Spirits' Book, with solutions to psychological, moral and philosophical problems according to the Spiritist Doctrine. In addition, the book is prefaced with an abridged version of Henri Sausse's biography of Allan Kardec.--
