*The Greatest Thing in the World and Other Addresses* Henry Drummond, 2017-10-09 I was staying with a party of friends in a country house during my visit to England in 1884. On Sunday evening as we sat around the fire, they asked me to read and expound some portion of Scripture. Being tired after the services of the day, I told them to ask Henry Drummond, who was one of the party. After some urging he drew a small Testament from his hip pocket, opened it at the 13th chapter of I Corinthians, and began to speak on the subject of Love. It seemed to me that I had never heard anything so beautiful, and I determined not to rest until I brought Henry Drummond to Northfield to deliver that address. Since then I have requested the principals of my schools to have it read before the students every year. The one great need in our Christian life is love, more love to God and to each other. Would that we could all move into that Love chapter, and live there. This volume contains, in addition to the address on Love, some other addresses which I trust will bring help and blessing to many. **The Greatest Thing in the World And Other Addresses** Henry Drummond, 2020-04-16 You will find as you look back upon your life that the moments when you have truly lived are the moments when you have done things in the spirit of love. -Henry Drummond EVERY one has asked himself the great question of antiquity as of the modern world: What is the summum bonum--the supreme good? You have life before you. Once only you can live it. What is the noblest object of desire, the supreme gift to covet? We have been accustomed to be told that the greatest thing in the religious world is Faith. That great word has been the key-note for centuries of the popular religion; and we have easily learned to look upon it as the greatest thing in the world. Well, we are wrong. If we have been told that, we may miss the mark. I have taken you, in the chapter which I have just read, to Christianity at its source; and there we have seen, The greatest of these is love. It is not an oversight. Paul was speaking of faith just a moment before. He says, If I have all faith, so that I can remove mountains, and have not love, I am nothing. So far from forgetting, he deliberately contrasts them, Now abideth Faith, Hope, Love, and without a moment's hesitation, the decision falls, The greatest of these is Love. And it is not prejudice. A man is apt to recommend to others his own strong point. Love was not Paul's strong point. The observing student can detect a beautiful tenderness growing and ripening all through his character as Paul gets old; but the hand that wrote, The greatest of these is love, when we meet it first, is stained with blood. -Henry Drummond

Weight of Glory C. S. Lewis, 2001-03-20 Selected from sermons delivered by C. S. Lewis during World War II, these nine addresses offer guidance and inspiration in a time of great doubt. These are ardent and lucid sermons that provide a compassionate vision of Christianity.

Nor is this letter to the Corinthians peculiar in singling out love as the summum bonum. The masterpieces of Christianity are agreed about it. Peter says, Above all things have fervent love among yourselves. Above all things. And John goes farther, God is love.

*The Greatest Thing Since Sliced Bread* Don Robertson, 2008-04-22 On a quiet autumn afternoon in 1944, nine-year-old Morris Bird III decides to visit a friend who lives on the other side of town. So he grabs the handle of his red wagon and, with his little sister in tow, begins an incredible pilgrimage across Cleveland . . . and out of childhood forever. Set against the backdrop of one of the worst industrial disasters in American history, Don Robertson's enduring, beloved masterwork is a remarkable story of destiny, bravery, and responsibility, as fresh and relevant as when it first appeared in print.

**Factfulness** Hans Rosling, Anna Rosling Rönnlund, Ola Rosling, 2018-04-03 INSTANT NEW YORK TIMES BESTSELLER "One of the most important books I've ever read—an indispensable guide to thinking clearly about the world." - Bill Gates "Hans Rosling tells the story of 'the secret silent miracle of human progress' as only he can. But Factfulness does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly." -Melinda Gates Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases. - Former U.S. President Barack Obama Factfulness: The stress-reducing habit of only carrying opinions for which you

have strong supporting facts. When asked simple questions about global trends—what percentage of the world’s population live in poverty; why the world’s population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In *Factfulness*, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don’t know what we don’t know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn’t mean there aren’t real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, *Factfulness* is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- “This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn’t enough. But I hope this book will be.” Hans Rosling, February 2017.
