*The Really Groovy Story of the Tortoise and the Hare* Kristyn Crow,2011-03-01 Deep inside the city was a hip and happy hare. He was zipping, sometimes lippy, takin' taxis everywhere. Way out in the country was a tortoise calm and cool. He was quite the mellow fellow chillin' out beside the pool. Kids will love to move and groove with this dynamic duo as they hop and pop towards the finish line in this hip-hopping retelling of the classic tale.

*The Tortoise and the Hare* Elizabeth Jenkins,2012-04-10 In affairs of the heart the race is not necessarily won by the swift or the fair. Imogen, the beautiful and much younger wife of distinguished barrister Evelyn Gresham, is facing the greatest challenge of her married life. Their neighbour Blanche Silcox, competent, middle-aged and ungainly - the very opposite of Imogen - seems to be vying for Evelyn's attention. And to Imogen's increasing disbelief, she may be succeeding. 'A subtle and beautiful book ... Very few authors combine her acute psychological insight with her grace and style. There is plenty of life in the modern novel, plenty of authors who will shock and amaze you - but who will put on the page a beautiful sentence, a sentence you will want to read twice?' Hilary Mantel, Sunday Times

The Great Tortoise & Hare Counting Race Melissa Mattox,2015 1,2,3. What are you doing? asks Hare. I'm counting, says Tortoise. Counting? I LOVE to count!. Hare is always in a hurry, and in his rush, he forgets what number comes up next. Can he wait for Tortoise to catch up? Who will win the counting race?

The Tortoise and the Hare Blake Hoena,2018-10-06 A modern song retells the events of the famous race between the boastful hare and the persevering tortoise. Includes a brief introduction to Aesop, sheet music, glossary, discussion questions, and further reading.

**The Tortoise and the Hare Activity Book** Susan Shaw-Russell,2012-07-17 More than 40 puzzles include hidden pictures, search-a-words, fill-in-the-blanks, mazes, and other games, all starring the slow and steady tortoise, the fleet-footed rabbit, and their woodland friends. Kids can color the charming illustrations. Solutions.

*The Hare and the Tortoise* – Aesop,2021-03-22 Is talent more important to success than hard work? Sometimes if we are determined and focused on our goals, we can overcome even the strongest opponents. And vice versa: we should not only rely on talent to win. In his timeless fables, Aesop whispers from the past knowledge which we think we know, but very often forget. Aesop's fables feature animals, legendary creatures, plants, inanimate objects, or forces of nature that speak, solve problems, and generally have human characteristics. All the stories story lead to a particular moral lesson. Aesop (620–564 BCE) was a storyteller that was believed to have lived in Ancient Greece. He is celebrated for a number of fables now collectively known as Aesop's Fables. In the few scattered sources about his life, Aesop was described as a slave who by his cleverness acquires freedom and becomes an adviser to kings and city-states. Although Aesop's existence remains unclear, numerous tales credited to him were gathered across the centuries and in many languages in a storytelling tradition that continues to this day.

Short Tales Fables (Set) Rob M Worley,Christopher E Long,Mark Bloodworth,2010 The Short Tales Fables make life's truths available to the youngest readers. Aesop's tales are brilliantly retold in a simple, easy-to-read style. These strikingly illustrated fables provide the morals to live by and entertain readers of all ages.

**How to Double your Wealth Every 10 Years (Without Really Trying)** Nick Louth,2012-10-01 This book shows you that effective investment can be simple, how anyone with just an hour or two to spare each week can double their wealth in ten years; double it again in the decade after that; and then double it once more - to make an eight-fold increase of capital in 30 years. The strategy for this should work even if the current miserable investment climate persists for all those years. And it requires minimal time and effort. This isn't a get-rich-quick guide. It is a get-rich-slow guide, a get-rich-reliably guide. There are all sorts of books out there that tell you how to double your money in five years or even three years. Most were written back in the 1990s when double-digit stock market returns were the norm, and most also require - if they work at all - a dedication to trading which is both anxiety-inducing and costly in terms of time. They are all about taking risk. This guide is not. Written by a veteran investor and finance writer, this book is all about building as much certainty as possible into your returns right from the very start.

*Parables and Riddles in Ancient and Modern Teaching* Kalman J. Kaplan,Matthew B. Schwartz,2018-12-14 This book is about the difference between parables and riddles,

and between different views and definitions of wisdom and various attitudes towards the possibility of its attainment. Both parables and riddles go beyond a simple rote presentation of facts, which may become tedious and likely to be tuned out or rejected. However, there is a major difference between the two. Parables are a dominant form of transmission of information in biblical writings, while riddles dominate those of ancient Greece. Parables transmit an underlying, useful life-message in a way that will not be rejected. Riddles, in contrast, are largely unintelligible, leaving one helpless, unable to derive any life-lesson. This book will be of intellectual value to educators, writers, therapists, story-tellers, clergy, and classicists, as well as anyone interested in the implications of ancient views of wisdom for modern education.
