“Aven is a perky, hilarious, and inspiring protagonist whose attitude and humor will linger even after the last page has turned.” —School Library Journal (Starred review) Aven Green loves to tell people that she lost her arms in an alligator wrestling match, or a wildfire in Tanzania, but the truth is she was born without them. And when her parents take a job running Stagecoach Pass, a rundown western theme park in Arizona, Aven moves with them across the country knowing that she'll have to answer the question over and over again. Her new life takes an unexpected turn when she bonds with Connor, a classmate who also feels isolated because of his own disability, and they discover a room at Stagecoach Pass that holds bigger secrets

than Aven ever could have imagined. It's hard to solve a mystery, help a friend, and face your worst fears. But Aven's about to discover she can do it all . . . even without arms.

*Results* Bruce A. Pasternack, Gary L. Neilson, 2005-10-18 Every company has a personality. Does yours help or hinder your results? Does it make you fit for growth? Find out by taking the quiz that's helped 50,000 people better understand their organizations at OrgDNA.com and to learn more about Organizational DNA. Just as you can understand an individual's personality, so too can you understand a company's type—what makes it tick,

what's good and bad about it. Results explains why some organizations bob and weave and roll with the punches to consistently deliver on commitments and produce great results, while others can't leave their corner of the ring without tripping on their own shoelaces. Gary Neilson and Bruce Pasternack help you identify which of the seven company types you work for—and how to keep what's good and fix what's wrong. You'll feel the shock of recognition ("That's me, that's my company") as you find out whether your organization is:

- **Passive-Aggressive** ("everyone agrees, smiles, and nods, but nothing changes"): entrenched underground resistance makes getting anything done like trying to nail Jell-O to the wall
- **Fits-and-Starts** ("let 1,000 flowers bloom"): filled with smart people pulling in different directions
- **Outgrown** ("the good old days meet a brave new world"): reacts slowly to market developments, since it's too hard to run new ideas up the flagpole
- **Overmanaged** ("we're from corporate and we're here to help"): more reporting than working, as managers check on their subordinates' work so they can in turn report to their bosses
- **Just-in-Time** ("succeeding, but by the skin of our teeth"): can turn on a dime and create real breakthroughs but also tends to burn out its best and brightest
- **Military Precision** ("flying in formation"): executes brilliant strategies but usually does not deal well with events not in the playbook
- **Resilient** ("as good as it gets"): flexible, forward-looking, and fun; bounces back when it hits a bump in the road and never, ever rests on its laurels

For anyone who's ever said, "Wow, that's a great idea, but it'll never happen here" or "Whew, we pulled it off again, but I'm tired of all this sprinting," Results provides robust, practical ideas for becoming and remaining a resilient business. Also available as an eBook From the Hardcover edition.

*Global Trends 2030* National Intelligence Council (U.S.),2012 This report is intended to stimulate thinking about the rapid and vast geopolitical changes characterizing the world today and possible global trajectories over the next 15 years. As with the NIC's previous Global Trends reports, we do not seek to predict the future, which would be an impossible feat, but instead provide a framework for thinking about possible futures and their implications. In-depth research, detailed modeling and a variety of analytical tools drawn from public, private and academic sources were employed in the production of Global Trends 2030. NIC leadership engaged with experts in nearly 20 countries, from think tanks, banks, government offices and business groups, to solicit reviews of the report.

**Clients for Life** Andrew Sobel,Jagdish Sheth,2001-02-21 Finally, the book that all professionals frustrated with fleeting client loyalty and relentless price pressure have waited for -- the first in-depth, client-tested guide to developing lasting business relationships. What separates extraordinary professionals from ordinary ones? Why are some professionals always drawn into their clients' inner circle of advisers, while others are employed on a one-shot basis and treated like vendors? Based on groundbreaking research, Clients for Life sets forth a comprehensive framework for how professionals in all fields can develop breakthrough relationships with their clients and enjoy enduring client loyalty. Drawing on insights from extensive interviews with both leading CEOs and today's most prominent client advisers, Jagdish Sheth and Andrew Sobel debunk the conventional wisdom about professional success -- find a specialty, do good work -- as hopelessly inadequate in a world where clients have unlimited access to information and expertise. The authors replace these tired conventions with an innovative blueprint, supported by over

one hundred case studies and examples drawn from consulting, financial services, law, technology, and other fields, for how you can evolve from an expert for hire -- a commodity -- to an extraordinary adviser. Riveting portraits of both exceptional contemporary professionals and legendary advisers such as Aristotle, Thomas More, Niccolò Machiavelli, and J. P. Morgan reveal how great client relationships are achieved in practice. Readers will learn, for example, to develop selfless independence, which tempers complete emotional, intellectual, and financial independence with a powerful commitment to client needs; to become deep generalists and overcome the narrow perspective caused by specialization; to systematically build lifelong trust; and to cultivate the power of synthesis -- big-picture thinking -- that is so highly valued by clients. Acclaimed by leading management thinkers, *Clients for Life* clearly illustrates the most important attributes and strategies of extraordinary client advisers and shows how you can use them to enrich your own relationships. It provides sophisticated professionals with the tools and insights they need to reap the rewards of lifetime client loyalty.
