Chris Roush

Built from Scratch Bernie Marcus, Arthur Blank, Bob Andelman, 2019-08-20 One of the greatest entrepreneurial success stories of the past twenty years. When a friend told Bernie Marcus and Arthur Blank that “you’ve just been hit in the ass by a golden horseshoe,” they thought he was crazy. After all, both had just been fired. What the friend, Ken Langone, meant was that they now had the opportunity to create the kind of wide-open warehouse store that would help spark a consumer revolution through low prices, excellent customer service, and wide availability of products. *Built from Scratch* is the story of how two incredibly determined and creative people—and their associates—built a business from nothing to 761 stores and \$30 billion in sales in a mere twenty years. *Built from Scratch* tells many colorful stories associated with The Home Depot’s founding and meteoric rise; shows that a company can be a tough, growth-oriented competitor and still maintain a high sense of responsibility to the community; and provides great lessons useful to people in any business, from start-ups to the Fortune 500.

Kurt Barnard, President, Barnard Retail Trend Report and Barnard's Retail Consulting Group. Admirers, competitors, industry and Wall Street analysts alike are intrigued with the question of what makes Home Depot so special. What, exactly, does this giant do that so clearly distinguishes it from the competition? How does Home Depot culture and customer service work? And, most importantly, what lessons can every business learn from the Home Depot example? *INSIDE HOME DEPOT* takes you behind the scenes to discover the secrets of success of this retail giant. How, in just twenty years, Home Depot has not only changed the way hardware is sold, Home Depot has also elevated the superstore concept to a new level of success, inspiring both admiration and fear in the retail community. Relying on inside access to Home Depot's training programs, interviews with key employees both past and present, and meticulous investigative journalism, Pulitzer Prize nominated journalist Chris Roush presents the first uncensored book about how this company has become so successful, and isolates the practical lessons that readers can apply to any industry.

**I Love Capitalism!** Ken Langone,2018-05-15 New York Times Bestseller Iconoclastic entrepreneur and New York legend Ken Langone tells the compelling story of how a poor boy from Long Island became one of America's most successful businessmen. Ken Langone has seen it all on his way to a net worth beyond his wildest dreams. A pillar of corporate America for decades, he's a co-founder of Home Depot, a former director of the New York Stock Exchange, and a world-class philanthropist (including \$200 million for NYU's Langone Health). In this memoir he finally tells the story of his unlikely rise and controversial career. It's also a passionate defense of the American Dream -- of preserving a country in which any hungry kid can reach the maximum potential of his or her talents and work ethic. In a series of fascinating stories, Langone shows how he struggled to get an education, break into Wall Street, and scramble for an MBA at night while competing with privileged competitors by day. He shares how he learned how to evaluate what a business is worth and apply his street smarts to 8-figure and 9-figure deals . And he's not shy about discussing, for the first time, his epic legal and PR battle with former NY Governor Eliot Spitzer. His ultimate theme is that free enterprise is the key to giving everyone a leg up. As he writes: This book is my love song to capitalism. Capitalism works! And I'm living proof -- it works for everybody. Absolutely anybody is entitled to dream big, and absolutely everybody should dream big. I did. Show me where the silver spoon was in my mouth. I've got to argue profoundly and passionately: I'm the American Dream.
