Belieber! Cathleen Falsani, 2011-09-27 Justin Bieber's rise from regular kid to one of the most famous people on the planet has captivated a nation of devoted fans called "Beliebers." With hit records, 33 million followers on Twitter and the third-largest grossing documentary film of all time, the 18-year-old Canadian pop star dubbed "Super Boy" on Rolling Stone's recent cover has countless fans who hang on his every word. But is there more to this pop idol's startling success than his legendary haircut and unusual talent? "The success I've achieved comes ... from God," Bieber says I feel I have an obligation to plant little seeds with my fans. I'm not going to tell them, 'You need Jesus,' but I will say at the end of my show, 'God loves you.'" The bold yet humble faith that grounds Bieber's worldview may just be the key to his extraordinary appeal. Recognizing that music and film are the language of this new generation, author and religion journalist Cathleen Falsani's hope is that this book will encourage faith leaders as well as parents to engage with popular culture in a different way so they can better talk to their kids about what matters most.

Why I Love Justin Bieber And You Should Too! Kathleen

P., 2012-02-29 ABOUT THE BOOK Justin Bieber, thanks in no small part to his legions of devoted and adoring fans, is the subject of one of Wikipedia's most popular articles. According to *The Observer*, a UK-Based newspaper, Bieber is more influential in the social networking world than such world figures as President Barack Obama and the Dalai Lama. Jan Hoffman of *The New York Times* postulates that Bieber's YouTube channel has played a crucial role in his appeal and popularity. Long before the release of his first EP, *My World*, Bieber's YouTube channel had already garnered millions of views. This savvy and unarguably successful marketing ploy was pivotal in attracting a devoted fan base even before he had officially released a record. So just how did this young Canadian boy rocket from obscurity to being one of the most popular teen idols of all time? EXCERPT FROM THE BOOK Braun then flew Bieber, just age thirteen, down to Atlanta to record some demo tapes. Within a week of his arrival, Bieber found himself performing for R&B sensation Usher, who was also

Braun's business partner. Usher was at least as impressed with Beiber's talent and appeal as Braun was, and Bieber was shortly contracted to Raymond Braun Media Group (RBMG), a joint venture established by Usher Raymond and Scooter Braun. Justin Timberlake was also reportedly in the running to sign the young artist, but lost the bidding war to Usher. Usher then began work on the process of finding a record label for his young protégé with the assistance of his then-manager Chris Hicks, who helped procure an audition with his contact at Island Def Jam Music Group, Antonio L.A. Reid. In October of 2008 Reid signed Bieber to Island Records, resulting in a joint venture between RBMG and Island Records. Reid also appointed Hicks as executive Vice-President of Def Jam so he would be able to manage Beiber's career at the label... Buy a copy to keep reading!

It turns every day things—her cat, outer space, even bullying—into profound, thought-provoking acrostics, haikus, old high school works, and a special piece modeled after Geoffrey Chaucer's Canterbury Tales. Kelley dives deep into the spiritual roots that make her so strong, from direct Bible passages to her own creations. She provides an individual section that allows the reader to get an inside look into the author herself, but not in the way anyone is expecting!

Hijacking the Runway Teri Agins,2014-10-09 A fascinating chronicle of how celebrity has inundated the world of fashion, realigning the forces that drive both the styles we covet and the bottom lines of the biggest names in luxury apparel. From Coco Chanel's iconic tweed suits to the miniskirt's surprising comeback in the late 1980s, fashion houses reigned for decades as the arbiters of style and dictators of trends. Hollywood stars have always furthered fashion's cause of seducing the masses into buying designers' clothes, acting as living billboards. Now, forced by the explosion of social media and the accelerating worship of fame, red carpet celebrities are no longer content to just advertise and are putting their names on labels that reflect the image they—or their stylists—created. Jessica Simpson, Jennifer Lopez, Sarah Jessica Parker, Sean Combs, and a host of pop, sports, and reality-show stars of the moment are leveraging the power of their celebrity to become the face of their own fashion brands, embracing lucrative contracts that keep their images on our screens and their hands on the wheel of a multi-billion dollar industry. And a few celebrities—like the Olsen Twins and Victoria

Beckham—have gone all the way and reinvented themselves as bonafide designers. Not all celebrities succeed, but in an ever more crowded and clamorous marketplace, it's increasingly unlikely that any fashion brand will succeed without celebrity involvement—even if designers, like Michael Kors, have to become celebrities themselves. Agins charts this strange new terrain with wit and insight and an insider's access to the fascinating struggles of the bold-type names and their jealousies, insecurities, and triumphs. Everyone from industry insiders to fans of Project Runway and America's Next Top Model will want to read Agins's take on the glitter and stardust transforming the fashion industry, and where it is likely to take us next.
