The Rise of Cities in North-West Europe Adriaan Verhulst, 1999-10-21 A concise study of large time frame (fourth-twelfth centuries) charting the growth and development of cities in north-west Europe.

The State of the Parties John Clifford Green, Daniel M. Shea, 1996 This work illuminates the two realities that currently structure the state of American political organisations. This new edition examines changes in the political landscape, including the impact of the Republican electoral triumph of 1994, the Contract with America, third parties and party elites.

Behold! Shocking True Tales of Terror... .. and Some Other Spooky Stuff! Rick Hale, 2018-10-15 Chicago is known for many things: jazz, Al Capone, being the windy city. But it is also home to one of the world's most haunted cemeteries, Bachelor's Grove, and, fittingly, Rick Hale, a master paranormal investigator and scholar of all things haunted. This is his account of how he became interested in the spookier side of life, which all started with an encounter with an innocuous spirit in his grandmother's home. Read all about his adventures battling dark entities, helping the perplexed at a loss at what to do with their resident ghosts, meeting the ghosts at the Stanley Hotel, aka The Overlook to horror movie buffs, finding out about alien abduction and many more unnerving encounters. To find out what it takes to not only be a ghost hunter, but ultimately, how one man dealt with one of the biggest challenges life threw at him, open this book and be prepared for a bumpy ride!

The Meyerbeer Libretti Giacomo Meyerbeer, 2008
Giacomo Meyerbeer, one of the most important and

influential opera composers of the nineteenth century, enjoyed a fame during his lifetime hardly rivalled by any of his contemporaries. This ten volume set provides in one collection all the operatic texts set by Meyerbeer in his career. The texts offer the most complete versions available. Each libretto is translated into modern English by Richard Arsenty; and each work is introduced by Robert Letellier. In this comprehensive edition of Meyerbeer's libretti, the original text and its translation are placed on facing pages for ease of use. The eleventh volume presents the fourth of Meyerbeer's grands opéras, and his final work. By 1860 long-imposed labor had started to tell upon the composer's health: he knew that he must concentrate on the *opéra* project which he had started twenty years earlier if he intended to finish it. Meyerbeer died on 2 May 1864, the day after the completion of the copying of the full score of this his last opera, *Vasco da Gama*. Minna Meyerbeer and Charles Victor Perrin, the director of the *Opéra*, entrusted the editing of a performing edition to the famous Belgian musicologist François-Joseph Fétis, while the libretto was revised by Jules Lesville. The original title of *L'Africaine* was restored out of deference to public expectation. Much of the music and action was suppressed, in spite of the strain this inflicted on the internal logic of the story. While *L'Africaine* is not lacking in the grandeur of statement and stirring climaxes for which the composer was so famous, there is a new intimacy, a new intensity of melancholic lyricism. Like its famous predecessors, it is basically an historical work, derived from the period of sixteenth-century Renaissance. The account of Vasco da Gama's voyage of discovery around the Cape of Good Hope and conquest of Calicut (1497-98) is subjected to a fictional treatment that raises many interesting issues. The

framework is historical, but most of the characters and course of action are not; in fact the end of the opera, in the suicide of the heroine, suddenly leaves the terra firma of reality, and transports us into the mystical realms of the spirit. It is this mixture of modes that is central to the dramaturgy of *L'Africaine*, a confusion of history and fairytale, ancient certainties and challenging discoveries, in the creation of a new mythology. There is also originality in formal developments, with the great tenor scene in act 4 providing a new malleability in handling the constraints of shape and genre: recitative, arioso and cabaletta have a fluent integration in trying to explore the text more pointedly. *L'Africaine* was produced on 28 April 1865, a great posthumous tribute to its famous creators. The Ship Scene, the exotic Indian act, and the Scene of the Manchineel Tree exerted a fascination on audiences, and elicited new praise. The work full of melodic beauty and rapturous lyricism, began a triumphal progress through the world, beginning with the big stages of London and Berlin.

Gripe Night Ida Sanford Asbury, 2022-02-23

Autobiography: About the artist/writer, Paula S. Smith (Ida Mae Asbury): graduated from Miami University in August, the same day as her parents celebrated their 25th Wedding Anniversary. In Lazarus' Advertising Department in Columbus, Ohio, she progressed from Assistant Production Manager to Retoucher, to Home Artist, to Fashion Artist, to a Supervisor: Layout Artist - Finish Artist. Her freelance business, Collage, began in 1977. She received a Masters in Art Education in 1984 and began teaching art from 1986 at Princeton High School in Cincinnati, Ohio, for the next 21 years. Theater arts membership from 1986 included Black Cultural Productions (television), Oxford Community Theater, Hamilton Civic Theater, and Footlighters when she danced and sang. In 1990 she returned to Oxford to live

with her mother, Sarah, and returned to her home church, Bethel AME. She enjoyed drawing and singing jazz, rock and roll, country music, and writing. In 1990 (+3 more years) Paula was chosen by her students for Who's Who Among American Teachers. Honors in 2006 included National Honor Roll's Outstanding American Teachers and in 2010-11 Cambridge Who's Who recognized her as an executive, professional, and entrepreneur of that year and an honored member the next. Her business, Collage, is still functioning; the art in stock includes black and white prints, full-color watercolor prints, original drawings, paintings (acrylic and watercolor), landscapes, and Third World subject matter. Miss Smith believes that in all life and art, whether in subject matter or media, there can be joy in the doing and the partnership of discovery. Book synopsis: Gripe Night is the story of how my father and mother developed and implemented the fair hearing of family disputes. How these affected different family members is included within the booklet. I hope that families will enjoy this small window into the life of the author and can use this as a small piece building peace within family life.

Jim Crow Guide to the U.S.A. Stetson

Kennedy,2011-03-15 Jim Crow Guide documents the system of legally imposed American apartheid that prevailed during what Stetson Kennedy calls the long century from Emancipation to the Overcoming. The mock guidebook covers every area of activity where the tentacles of Jim Crow reached. From the texts of state statutes, municipal ordinances, federal regulations, and judicial rulings, Kennedy exhumes the legalistic skeleton of Jim Crow in a work of permanent value for scholars and of exceptional appeal for general readers.

Access to Environmental Justice: A Comparative Study Andrew Harding,2007-06-05 Although it is commonly asserted that enhanced citizen participation results in better environmental policy and improved enforcement of environmental standards, this hypothesis has rarely been subject to testing on a comparative basis. The contributors to this book set out to study the extent to which citizens can and do exert influence over their urban environments through the legal (and extra-legal) 'gateways' in eleven countries spanning several continents as well as different climates, levels and type of economic development, and national legal and constitutional systems, as well as exhibiting a different set of environmental problems. One interviewee questioned about access to environmental

justice, dryly remarked that in his city there was no environment, no justice and no access to either. Yet this view, as will be seen, requires to be nuanced. While few people will be surprised by the finding that legal gateways to environmental justice are largely ineffective, the reasons for this are revealing; but also the richness of detail and the comparisons between the different countries, and also the positive aspects which surfaced in several instances, were indeed both encouraging and sometimes surprising. This book presents the first comparative survey of access to environmental justice, and will be of considerable use to lawyers, policy-makers, activists and scholars who are concerned with the environmental issues which so profoundly affect and afflict our habitat and conditions of social justice throughout the world.
