The Master Key System - Book and Audiobook Charles Haanel,2007-02 The Master Key System - Book and AudioBook (for Download) by Charles F. Haanel In this paperback book you will find the audio link so you can download and start listening to this great book. Nature compels us all to move through life. We could not remain stationary however much we wished. Every right-thinking person wants not merely to move through life like a sound-producing, perambulating plant, but to develop - to improve - and to continue the development mentally to the close of physical life. This development can occur only through the improvement of the quality of individual thought, and the ideals, actions and conditions that arise as a consequence. Hence a study of the creative processes of thought and how to apply them is of supreme importance to each one of us. This knowledge is the means whereby the evolution of human life on earth may be hastened and uplifted in the process. Humanity ardently seeks The Truth and explores every avenue to it. In this process it has produced a special literature, which ranges the whole gamut of thought from the trivial to the sublime - up from Divination, through all the Philosophies, to the final lofty Truth of The Master Key. The Master Key is here given to the world as a means of tapping the great cosmic intelligence and attracting from it that which corresponds to the ambitions and aspirations of each reader. Every thing and institution we see around us, created by human agency, had first to exist as a thought in some human mind. Thought, therefore, is constructive. Human thought is the spiritual power of the cosmos operating through its creature man. The Master Key instructs the reader how to use that power, and use it both constructively and creatively. The things and conditions we desire to become realities we must first create in thought. The Master Key explains and guides the process. The Master Key teaching has hitherto been published in the form of a Correspondence Course of 24 lessons, delivered to students one per week for 24 weeks. The reader, who now receives the whole 24 parts at one time, is warned not to attempt to read the book like a novel, but to treat it as a course of study and conscientiously to imbibe the meaning of each part - reading and re-reading one part only per week before proceeding to the next. Otherwise, the later parts will tend to be misunderstood and the reader's time and money will be wasted. Used as thus instructed, The Master Key will make of the reader a greater, better personality, and equipped with a new power to achieve any worthy personal purpose and a new ability to enjoy life's beauty and wonder.

Burgess, author's introduction, psychological chart, twenty-four parts with study questions, glossary, correspondents questionnaire, and comprehensive index. The Master Key System was originally published in 1912 as a 24 week correspondence course, and first published in book form in 1916. It was Mr. Haanel's intention that readers of his book approach it not as though it were a novel, but rather embrace the contents of one part individually, each week, for 24 weeks. In this way, there is opportunity to comprehend the full meaning of each phrase, and each part, even if it's necessary to read them several times. With every reading The Master Key unlocks new doors to the secrets of the Universe, secrets that we already possess, You and I, yet perhaps have forgotten along the way. In the modern, fast-paced, hectic world of today there will be temptation to rush through the pages, to receive and review more than one part in a weeks time. Resist the temptation to do this. Go slowly. This is not a race. There is great power in this book, the same power that is within all of us, and in the words of the author, You need not acquire this power. You already have it. But you want to understand it, you want to use it, you want to control

it, you want to impregnate yourself with it, so that you can go forward, and carry the world before you. These are not idle words. They are a call to action, that each and every one of us assume our responsibilities as Human and Spiritual beings in order to create a harmonious world, a world of joy, power and abundance. As you reach deep into the beauty of this book, allow it to become a part of you. Scribble your thoughts in the space provided throughout its pages, fold down corners to mark your favorite passages, add to its content with writing or pictures of your own. Fill it with your life. Make it your own. Soon enough there will be no need to pass this book forward. Your life will reflect the wisdom you are about to embrace.
