MBA for Medics Emma Stanton,2021-04-05 'Increasingly, doctors are seeing the value of learning the language of management. This book is for doctors who see the value that an education in management can bring, whether formal or informal. The ultimate reason for doctors to be ambitious and to gain a management education is not for personal gain or for more letters after their name, but for the prize of better, safer healthcare for patients.' - From the Foreword by Sir Liam Donaldson This book encourages medics preparing for management roles to think about management and business as applied to healthcare, providing key insights on the skills involved and information for those who decide to study for an MBA. It informs health professionals on how they can improve the quality of healthcare through an understanding of business and management, including key areas such as understanding and managing accounts, marketing, and influencing and managing change. Healthcare professionals undertaking - or considering undertaking - MBAs or related management qualifications such as leadership fellowships will find this invaluable reading, as will consultants who are increasingly expected to be aware of and manage budgets for services. Undergraduate and practising doctors researching the options and roles available in medical management will also find this a vital source of information.

**The MBA Oath** Max Anderson,Peter Escher,2010-04-29 As a manager, my purpose is to serve the greater good by bringing people and resources together to create value that no single individual can create alone... So begins the MBA Oath, conceived in early 2009 by Max Anderson, Peter Escher, and a team of Harvard Business School students. They saw that in the wake of the financial crisis, the Madoff scandal, and other headlines, MBAs were being vilified. People were angry because business leaders, many of whom were MBAs, seemed not to care about anything beyond their own private interests. Many began to question the worth of business schools and the MBA degree. The oath quickly spread beyond Harvard, becoming a worldwide movement for a new generation of leaders who care about society as well as the bottom line. Thousands of graduating MBAs have now pledged to conduct themselves with honesty and integrity, just as medical students swear by the Hippocratic oath before they can practice. This book is the manifesto for the movement. It provides not only a strong case for why the MBA Oath is necessary but also examples of how it can be applied in the real world. It will help guide businesspeople through some of the toughest decisions they'll make in their careers.
