Novel 11, Book 18 Dag Solstad,2021-06-01 A brilliant novel by the Norwegian master Dag Solstad Bjorn Hansen, a respectable town treasurer, has just turned fifty and is horrified by the thought that chance has ruled his life. Eighteen years ago he left his wife and their two-year-old son for his mistress, who persuaded him to start afresh in a small, provincial town and to devote himself to an amateur theater. In time that relationship also faded, and after four years of living alone Bjorn contemplates an extraordinary course of action that will change his life forever. He finds a fellow conspirator in Dr. Schiotz, who has a secret of his own and offers to help Bjorn carry his preposterous plan through to its logical conclusion. But the sudden reappearance of his son both fills Bjorn with new hope and complicates matters. The desire to gamble with his comfortable existence proves irresistible, however, taking him to Vilnius in Lithuania, where very soon he cannot tell whether he's tangled up in a game or reality. Dag Solstad won the Norwegian Critics Prize for Literature for Novel 11, Book 18, a concentrated uncompromising existential novel that puts on full display the author's remarkable gifts and wit.

A Visit from the Goon Squad Jennifer Egan, 2011-03-22 NATIONAL BESTSELLER • NATIONAL BOOK CRITICS CIRCLE WINNER • With music pulsing on every page, this startling, exhilarating novel of self-destruction and redemption features characters about whom you come to care deeply as you watch them doing things they shouldn't, acting gloriously, infuriatingly human (The Chicago Tribune). Bennie is an aging former punk rocker and record executive. Sasha is the passionate, troubled young woman he employs. Here Jennifer Egan brilliantly reveals their pasts, along with the inner lives of a host of other characters whose paths intersect with theirs. "Pitch perfect.... Darkly, rippingly funny.... Egan possesses a satirist's eye and a romance novelist's heart." –The New York Times Book Review

New York After 9/11 Susan Opatow, Zachary Baron Shemtob, 2018-09-04 An estimated 2 billion people around the world watched the catastrophic destruction of the World Trade Center. The enormity of the moment was immediately understood and quickly took on global proportions. What has been less obvious is the effect on the locus of the attacks, New York City, not as a seat of political or economic power, but as a community; not in the days and weeks afterward, but over months and years. New York after 9/11 offers insightful and critical observations about the processes set in motion by September 11, 2001 in New York, and holds important lessons for the future. This interdisciplinary collection brings together experts from diverse fields to discuss the long-term recovery of New York City after 9/11. Susan Opatow and Zachary Baron Shemtob invited experts in architecture and design, medicine,

health, community advocacy, psychology, public safety, human rights, law, and mental health to look back on the aftereffects of that tragic day in key spheres of life in New York City. With a focus on the themes of space and memory, public health and public safety, trauma and conflict, and politics and social change, this comprehensive account of how 9/11 changed New York sets out to answer three questions: What were the key conflicts that erupted in New York City in 9/11's wake? What clashing interests were involved and how did they change over time? And what was the role of these conflicts in the transition from trauma to recovery for New York City as a whole?

Contributors discuss a variety of issues that emerged in this tragedy's wake, some immediately and others in the years that followed, including: PTSD among first responders; conflicts and design challenges of rebuilding the World Trade Center site, the memorial, and the museum; surveillance of Muslim communities; power struggles among public safety agencies; the development of technologies for faster building evacuations; and the emergence of chronic illnesses and fatalities among first responders and people who lived, worked, and attended school in the vicinity of the 9/11 site. A chapter on two Ground Zeros –in Hiroshima and New York – compares and historicizes the challenges of memorialization and recovery. Each chapter offers a nuanced, vivid, and behind-the-scenes account of issues as they unfolded over time and across various contexts, dispelling simplistic narratives of this extended and complicated period. Illuminating a city's multifaceted response in the wake of a catastrophic and traumatic attack, New York after 9/11 illustrates recovery as a process that is complex, multivalent, and ongoing.

The Book of Deuteronomy, Chapters 1–11 Bill T. Arnold, 2022-11-01 "The book of Deuteronomy can rightly be called a compendium of the most important ideas of the Old Testament." So begins this commentary on the book of Deuteronomy, which Bill Arnold treats as the heart of the Torah and the fulcrum of the Old Testament—crystallizing the themes of the first four books of the Bible and establishing the theological foundation of the books that follow. After a thorough introduction that explores these and other matters, Arnold provides an original translation of the first eleven chapters of Deuteronomy along with verse-by-verse commentary (with the translation and commentary of the remaining chapters following in a second volume). As with the other entries in the New International Commentary on the Old Testament, Arnold remains rooted in the book's historical context while focusing on its meaning and use as Christian Scripture today. Ideal for pastors, students, scholars, and interested laypersons, this commentary is an authoritative yet accessible companion to the book of Deuteronomy.

Submission Michel Houellebecq,2016-09-08 As the 2022 French Presidential election looms, two candidates emerge as favourites: Marine Le Pen of the Front National, and the charismatic Muhammed Ben Abbes of the growing Muslim Fraternity. Forming a controversial alliance with the political left to block the Front National's alarming ascendancy, Ben Abbes sweeps to power, and overnight the country is transformed. This proves to be the death knell of French secularism, as Islamic law comes into force: women are veiled, polygamy is encouraged and, for our narrator François – misanthropic, middle-aged and alienated – life is set on a new course. Submission is a devastating satire, comic and melancholy by turns, and a profound meditation on faith and meaning in Western society.
