The Light of the Oracle Victoria Hanley, 2009-03-25

Bryn is the daughter of a humble stone-cutter. So no one is more surprised than she when the Master Priest seeks her out to become a student at the famous Temple of the Oracle; a training school for future priests and priestesses. But her innately gifted nature proves a threat to the evil embedded within the Temple, and Bryn encounters unimaginable danger. Is she able to struggle with the unknown and to save the whole world from untold misery? Or will the powers of darkness succeed?

Hebrews, the General Letters, and Revelation Charles B.

Puskas, 2016-10-28 Most New Testament (NT) introductions, because of page limitations and other reasons, tend to

minimize their treatment of the last nine books of the Christian Bible (from Hebrews to Revelation). The focus in these introductions is often on the four Gospels and the Letters of Paul. As important as these books are, one should not neglect, with only a brief survey, the treatment of Hebrews, the General Letters, and the book of Revelation. The title given later to the collection--Catholic Epistles or General Letters--is a reminder of its general appeal to the whole church, despite its slow canonical recognition and authorship issues. Nevertheless, these writings from Hebrews to Revelation continue to capture our attention and ignite our imagination. My purpose for this book is to supplement my NT introduction and others like it with a focus on specific questions about each book from Hebrews to Revelation: -When and why was each book written? -By whom and to whom was each book written? -What are some special features of each book? -How soon (or late) was each book included in the NT collection? Answers to many of these questions are tentative. The assured results of scholarship are in continual need of reevaluation. Since the 1980s a host of diverse studies have emerged, and I have endeavored to include them when they are relevant to the discussion.

Seers, Witches and Psychics on Screen Karin Beeler,2014-01-10 This book addresses the pervasive representation of women with unique visionary abilities in postfeminist television series and films from the 1990s to the present. These women mediate between the living and the dead or between different worlds of experience, redefining what it means to be "normal" and challenging

the traditional boundary between science and the inner world of visionary, mystical experience. Part 1 includes a discussion of modern-day Cassandra figures, including the witches and other “seers” of the television series *Buffy the Vampire Slayer*, *Angel*, *Firefly*, *Charmed*, *Hex*, and *Tru Calling*. Part 2 discusses modern television shows whose main characters represent a contemporary spin on Joan of Arc, including *Joan of Arcadia* and the short-lived *Wonderfalls*. Finally, Part 3 investigates female mediums and other “psychic detectives” in reality television series such as *Psychic Investigators* and *Rescue Mediums*; the popular television dramas *Medium*, *Ghost Whisperer*, and *Afterlife*; and contemporary films such as *Ghost*, *The Gift*, and *Premonition*.

The Prestige of the Pagan Prophet Balaam in Judaism, Early Christianity and Islam George H. van Kooten, J.T.A.G.M. van Ruiten, 2008-05-31 In this book the ambiguous reception is traced which the pagan prophet Balaam received in Judaism, early Christianity and Islam.

The Illearth War Stephen R. Donaldson, 2012-05-16 “The Thomas Covenant saga . . . will certainly find a place on the small list of true classics in its specialized field.”—The Washington Post Book World After scant days in his “real” world, Thomas Covenant finds himself again summoned to the Land. There, forty bitter years have passed, while Lord Foul, immortal enemy of the Land, moves to fulfill his prophecy of doom. The Council of Lords find their spells useless, now that Foul the Despiser holds the Illearth Stone, ancient source of evil power. At last High Lord Elena turns in desperation to Covenant and the legendary white gold magic of his ring. . . .

The Seer in Ancient Greece Michael Flower, 2008 Surveying all kinds of evidence—historiographical, literary, dramatic, and visual—Flower provides a comprehensive,

readable, and engaging account of the operations of 'seers' during the Classical period.—Mark Griffith, editor of *Prometheus Bound* and *Antigone* In a page-turning tour de force of anthropological reconstruction, classicist Michael Flower revisits hundreds of ancient texts to tease out his case for the absolutely central role of seercraft at all levels of ancient Greek society. Thanks to Flower's invitingly-woven tapestry of their mesmerizing stories and anecdotes, we can now savor, and comprehend through his lucid and persuasive interpretations.—Peter Nabokov, author of *Where the Lightning Strikes: American Indian Ways of History*

The Character Codex III: The Book of Eastern Fantasy Character Classes Robert Neri, 2016-03-21 A new supplement from Ranger Games for the Dice & Glory game system containing specialist character classes drawn from Asian and middle-eastern history and lore. This book is a great resource for both Players and Game Masters wishing to introduce some eastern flavor into their game!

The Seer and the City Margaret Foster, 2024-05-28 Seers featured prominently in ancient Greek culture, but they rarely appear in archaic and classical colonial discourse. Margaret Foster exposes the ideological motivations behind this discrepancy and reveals how colonial discourse privileged the city's founder and his dependence on Delphi, the colonial oracle par excellence, at the expense of the independent seer. Investigating a sequence of literary texts, Foster explores the tactics the Greeks devised both to leverage and suppress the extraordinary cultural capital of seers. The first cultural history of the seer, *The Seer and the City* illuminates the contests between religious and political powers in archaic and classical Greece.

In and Out of the Mind Ruth Padel,2016-09-26 Ruth Padel explores Greek conceptions of human innerness and the way in which Greek tragedy shaped European notions of mind and self.
