Hysterectomy Ibrahim Alkatout,Liselotte Mettler,2017-09-14 This book initiates the descriptions of the practical performance of different hysterectomies with conventional and robotically assisted laparoscopy, laparotomy and vaginal surgery. Laparoscopic hysterectomy has been out as an additional technique for hysterectomies for the last couple of decades. As the necessary light, augmentation and advanced skill has only been introduced into this already 200 year old surgical procedure within the last few decades by laparoscopy, the editors aim to look at the laparoscopic procedures followed by the traditional techniques of hysterectomy with laparotomy and vaginal surgery.

Knit One, Pearl Two Laura Thompson,2010-11 Ladies of all ages will enjoy this unique study of God's Word which takes lessons learned by a knitter and applies them to daily living. Even if a woman doesn't knit and has no desire to learn, there are still applications to be gleaned. Perfect for a group who knits for charity or donation, this study is designed for learning, fellowship and discussion. It was so encouraging to see the power of God's Word in our lives as we studied the Bible in fellowship and fun - all this while learning to knit. What a picture - lives and yarn transformed - Marsha L. I not only learned how to knit but also learned a whole new way to look at Scripture - God has a pattern that He uses in our lives. - Diane N. Laura

Thompson's passion for Christ overflows in a desire to use all of her many gifts to glorify the Name of Jesus. Laura is a 21st Century Biblical Woman. She is a child of God, a wife, mother, daughter, sister, sister in Christ and the daughter of the King - a servant of Jesus Christ. Laura's life exemplifies her passion for Christ and His Word. It has been a joy to see God's creative gifts reflected through Laura's extraordinary leadership for many years. As a Bible teacher in our Church and a leader in Bible Study Fellowship, Laura has a passion to teach children and adults the hidden treasures of God's Word. Her personal experience of a daily walk with Christ is put into practice in this exceptional Bible Study of Knit One, Pearl Two. May every heart be encouraged as you dig deep into His Word. May everyone enjoy being knit together in love(Col.2: 2 ESV) during this transformational study.

Introduction to Research Methodology for Specialists and Trainees P. M. Shaughn O'Brien, Fiona Broughton Pipkin, 2017-08-17 Health-centred research has changed hugely over the last ten years, from the importance of computing software to the NHS becoming more involved in research. The expectations of grant-awarding bodies, ethics committees and publishers have evolved and increased in many senses. This new edition is designed for trainee clinicians, not only those preparing for membership of the Royal College of Obstetricians and Gynaecologists (MRCOG) but also higher degree candidates and aspiring clinical academics. Chapter authors with extensive expertise make the path to embarking on research direct, straightforward and most importantly, fun and interesting, particularly aiming to support those who trained clinically and are now undertaking a research project or beginning an academic career. There remains no single book with so much relevant information gathered in a single, succinct volume. This edition now covers the wide spectrum of modern research methods for all specialities, with five supplementary chapters on major obstetric and gynaecological subspecialties.
