

The Perfect Touch 30

Shirley Wright

The Personal Touch Emma Beatrice Brunner,1922

The Personal Touch Caroline B. Cooney,2013-10-29 DIVDIVIn Caroline B. Cooney's classic tale of friendship and first love, a teenage girl discovers that the boy who's always made her life a misery has suddenly morphed into a tall, gorgeous stranger/divDIV Sunny Compton lives in the third-oldest house in Sea's Edge. She loves life in this timeless New England resort town—until the summer people descend, like the Lansberrys, whose son, Tim (whose name Sunny considers an acronym for “Terrible Infuriating Monster”), exists to make everyone's life miserable. Now it's April 30, and Sunny has exactly thirty days to find a job before the monster's return./divDIV But something happened between last year and now. The scrawny, freckled kid who ran over her mother's roses with his father's car has become this completely other person. When did Tim get so tall? Wasn't he totally uncoordinated last summer? And he's so gallant and well mannered. Worst of all, Sunny's been secretly hoping for a handsome boy to sweep her off her feet. And she's gotten . . . Tim./divDIV A book filled with the joy,

wonder, and anguish of first love, *The Personal Touch* is about finding that special someone in a place—and a person—you never expected . . . and the thrill of those endless summer nights that will never come again. /div/div

The Personal Touch Judi Bland, 2000-07 Judi Bland has turned her love of reading into a passion for writing with the completion of three novels in the past year. She lives in Northern California with her husband, Larry, and is the mother of two grown children and the stepmother of four. She didn't die – her husband did. After twenty years of marriage he was taken from her suddenly and tragically in a plane crash. Now she has to deal with the prospect of “getting on with her life” - whatever that might mean. Cajoled into placing a personal ad, she's intrigued by the responses she receives. Finally, caving in to pressure from her friends she makes the phone call that leads her to her future – Cole Roberts. Cole's dazzling sense of humor is exactly what she needs and when she meets him she is overpowered by his warmth and charm. DeAnna is a strong woman – she's proven that – but the thought of a relationship with someone new at 40 plus years of age is a harrowing thought. Can she

trust this newfound love? Can she overcome the hurdles being placed between her and happiness and let herself believe that it's possible to have two great loves in a lifetime?

The Right Touch David M. DeLo, 2000-01-05

This Peace is For You – A 30-day journey to find more personal peace and freedom in your life.

The Perfect Touch Rita Rainville, 1986

The Personal Touch Shirley Wright, 1976

Perfect Touch Elizabeth Lowell, 2015-07-28 The New York Times bestselling queen of romantic suspense returns with a heart-racing tale in which a former soldier turned rancher and a beautiful designer race to stop a vicious killer—a battle for survival that threatens to explode in an intense and irresistible passion. An art dealer and owner of her own design studio, Perfect Touch, Sara Medina travels the world to find the ideal artwork for her clients. Her sophisticated, comfortable life in San Francisco is light years away from the poverty of her family's dairy farm, and Sara will do whatever it

takes to keep her business strong. A dedicated urban career woman focused on her work, she doesn't have time or energy for a family or distracting romantic entanglements. Jay Vermillion recently inherited Vermillion Sky, a working ranch near Wyoming's breathtaking Grand Teton Mountains—and the estates of the rich and restless. While he was fighting in two wars, his father tried to keep the homestead running, until illness stole his fight and then his life. Jay's determined to restore Vermillion Sky, but first he's got to settle a vicious battle with his former stepmother over some of his late father's paintings. The last thing on his mind is a finding a wife and creating a seventh generation of Vermillions. When Jay hires Sara to handle his father's artwork, it's love at first sight—a mutually inconvenient attraction that is soon complicated by a double murder at the edge of the ranch and a potential betrayal even closer to home. Working together to unmask a murderer, Sara and Jay try to fight the intense heat between them. Then the killer targets Sara. And suddenly, Jay, the war-weary soldier, finds something he's once again willing to die for . . .

The Right Touch Eileen Nauman, 1986 The Right Touch by Eileen Nauman released on Feb 21, 1986 is available now for purchase.

So to Speak Shirley Kobliner, Harold Kobliner, 2020-12-08 Engage with everyday expressions in a completely different (and fun!) way, with this entertaining and interactive book of common phrases that can turn a humdrum gathering into a raucous game night. We use expressions and idioms all the time. When you feel sick, you're "under the weather." When you feel great, you're "on top of the world." But whether you're a "smart cookie" or a tough one, you—and almost everyone you know—have a veritable smorgasbord of expressions stored deep in your brain. **So to Speak: 11,000 Expressions That'll Knock Your Socks Off** is the largest collection of its kind. Thoughtfully divided into sixty-seven categories—from Animals to Food & Cooking, from Love to Politics, this reference guide may have more in common with an activity book! Don't look for definitions and etymologies, because the book is just the beginning. **So to Speak** is the launchpad for your lifelong journey to explore the universe of expressions. In fact, it's designed to get readers off the page—and engaging with each other through

word games and puzzles. So to Speak spurs discussion, debate, and play, while encouraging the art of listening and celebrating the joy of words. Authors Shirley and Harold Kobliner spent more than half a century nurturing and teaching children. So to Speak is a reflection of their deeply held belief that regardless of a person's age, the most impactful learning happens when you're having fun. Whether it's grandparents teaching their favorite expressions to their grandkids, teens helping adults with the latest lingo or slang, or millennials indulging in their love of wordplay and games, this is the perfect book for any lover of language.

The Magic Prism Howard Wettstein,2004-04-01 The late 20th century saw great movement in the philosophy of language, often critical of the fathers of the subject--Gottlieb Frege and Bertrand Russell--but sometimes supportive of (or even defensive about) the work of the fathers. Howard Wettstein's sympathies lie with the critics. But he says that they have often misconceived their critical project, treating it in ways that are technically focused and that miss the deeper implications of their revolutionary challenge. Wettstein argues that Wittgenstein--a figure with whom the critics of Frege and Russell are typically unsympathetic--laid the foundation for much of what is really revolutionary in this late 20th century movement. The subject itself should be of great interest, since philosophy of

language has functioned as a kind of foundation for much of 20th century philosophy. But in fact it remains a subject for specialists, since the ideas are difficult and the mode of presentation is often fairly technical. In this book, Wettstein brings the non-specialist into the conversation (especially in early chapters); he also reconceives the debate in a way that avoids technical formulation. The Magic Prism is intended for professional philosophers, graduate students, and upper division undergraduates.
