The Portable Therapist Susanna McMahon,1994-07-10 "An inspiring book that can give guidance and comfort to the reader."—Barbara De Angelis, Ph. D., author of *Real Moments The Journey to Self-Love, Self-Discovery, and Finding Life's True Meaning Begins with . . .* You Each of us has the power to find true happiness, and to discover a sense of purpose in our lives. This remarkable book will help you find your own answers to life's most difficult questions and guide you on your quest to change and grow, to live in the moment, and to feel the pure unadulterated joy of being alive. Drawing from questions her patients ask most, psychologist Susanna McMahon teaches you how to deal with the issues you care about—from self-love to destructive behavior to loving relationships. The Portable Therapist is more than a practical guide to emotional healing and wellness. It is effective medicine for the troubled soul. With compassion, wisdom, and enlightening ideas, it encourages you to be true to yourself, develop social interests, and discover the positive, capable, confident human being you are meant to be. Discover the Answers to These and Other Essential Questions: • Why don't self-help books work for me? • I have everything I need; why am I so miserable? • How can I stop abusing alcohol? Drugs? Food? Sex? Others? Myself? • Why can't I have a good relationship?

The Portable Therapist Judith K. Stewart,1991-05-01 The definitive insider's guide to the therapy experience. Portable Therapist, by Judith K. Stewart, MSW, takes you, step by step, through the major lessons presented in typical counseling sessions. An entertaining & comprehensive therapy home companion, THE PORTABLE THERAPIST is a valuable reference book for the entire family. Find out why: You spend so much energy keeping in place what you really don't want in your life - You'd rather be right than be happy - Co-dependence is just a polite word for a far more dangerous game we play - Addictions are the symptoms; not the disease - Creating a family map can help you break your destructive patterns - Your secrets keep you from being all that you can be. THE PORTABLE THERAPIST provides numerous case histories for the reader to identify with in addressing his or her own problems. In addition, Stewart has created a complete, easy-to-use WORKBOOK section that encourages the reader to actively participate in coming to terms with personal issues. Also coming in Winter 1992, Stewart's Global Challenges, Personal Solutions, a book on making a difference in the world by changing your life.

The Portable Guide to Testifying in Court for Mental Health Professionals Barton E. Bernstein, JD, LMSW, Thomas L. Hartsell, Jr., JD, 2005-08-08 A one-stop guide to testifying in court for mental health professionals Even the most seasoned mental health professionals can find themselves unnerved by the prospect of appearing in court, especially when presented with it for the first time. Those in the mental health field usually have no formal preparation for testifying in court, even though they often play an important part in many types of cases. The Portable Guide to Testifying in Court for Mental Health Professionals provides a concise yet comprehensive guide for practitioners preparing to appear in court. The authors employ their combined decades of legal work in the mental health field to provide a clear, no-nonsense handbook of what to expect, how to prepare, and what to look out for when testifying in court. Along with a general introduction to courts and the legal system, the text details topics such as: * Testifying both as an expert and involuntary witness * Protecting clients when bringing therapy into testimony * Preparing for testimony * Tips to use and lawyers' tricks to look out for when testifying in court Throughout the book, Bernstein and Hartsell use detailed case studies to provide specific examples. In addition, legal lightbulbs offer important tips and facts, and appendices list relevant Web resources and provide common legal forms. A one-of-a-kind resource, The Portable Guide to Testifying in Court for Mental Health Professionals gives a complete view of your role in courtroom proceedings, offering a vital tool for both legal and mental health practices.

International Handbook of Behavior Modification and Therapy Alan S. Bellack, Michel Hersen, Alan E. Kazdin, 2012-12-06 It is particularly gratifying to prepare a second edition of a book, because there is the necessary implication that the first edition was well received. Moreover, now an opportunity is provided to correct the problems or limitations that existed in the first edition as well as to address recent developments in

the field. Thus, we are grateful to our friends, colleagues, and students, as well as to the reviewers who have expressed their approval of the first edition and who have given us valuable input on how the revision could best be structured. Perhaps the first thing that the reader will notice about the second edition is that it is more extensive than the first. The volume currently has 41 chapters, in contrast to the 31 chapters that comprised the earlier version. Chapters 3, 9, 29, and 30 of the first edition either have been dropped or were combined, whereas 14 new chapters have been added. In effect, we are gratified in being able to reflect the continued growth of behavior therapy in the 1980s. Behavior therapists have addressed an ever-increasing number of disorders and behavioral dysfunctions in an increasing range of populations. The most notable advances are taking place in such areas as cognitive approaches, geriatrics, and behavioral medicine, and also in the treatment of childhood disorders.

Capnography J. S. Gravenstein, Michael B. Jaffe, Nikolaus Gravenstein, David A. Paulus, 2011-03-17 In recent years capnography has gained a foothold in the medical field and is fast becoming a standard of care in anaesthesiology and critical care medicine. In addition, newer applications have emerged which have expanded the utility of capnographs in a number of medical disciplines. This new edition of the definitive text on capnography reviews every aspect of this valuable diagnostic technique. An introductory section summarises the basic physiology of carbon dioxide generation and transport in the body. A technical section describes how the instruments work, and a comprehensive clinical section reviews the use of capnography to diagnose a wide range of clinical disorders. Edited by the world experts in the technique, and with over 40 specialist contributors, Capnography, second edition, is the most comprehensive review available on the application of capnography in health care.
