

The Real Deal Magazine

George A. Sorial, Damian Bates

The New Kings of New York Adam Piore, 2022-04-12 There's a story behind every apartment sale, every building development, and each real estate transaction in New York City. And many of those stories involve the uber-wealthy behaving badly—the blood sport that is New York real estate is defined by billion-dollar feuds. **THE NEW KINGS OF NEW YORK: Renegades, Moguls, Gamblers and the Remaking of the World's Most Famous Skyline**, by journalist Adam Piore (The Real Deal; April 12, 2022; hardcover \$29.95), charts the extraordinary transformation of America's greatest city from a near-bankrupt urban combat zone into the land of Billionaires' Row and Hudson Yards—a luxury playground for the global 1 percent—and provides an inside look at the bombastic developers behind the biggest real estate deals of this century. The first two decades of the twenty-first century were a giddy, hyperbolic era of dizzying highs and deep, dark lows. The headlines told the story: the largest residential and commercial development in North America, the largest condo conversion in the history of the world, the most expensive penthouse sale in the city, the most lucrative office skyscraper sale in history, the tallest condo ever built. Yet 2020 brought in a new era: 95 percent of Manhattan's office space sat empty amid a pandemic, retail stores were boarded up, and restaurants went belly-up. **THE NEW KINGS OF NEW YORK** offers a behind-the-scenes picture of what it's like to operate at the highest levels of the industry, and how some of the skyline-transforming deals were accomplished. And it features the larger-than-life characters behind the deals. Written and published by the team behind *The Real Deal*, New York's preeminent real estate-focused publication, **THE NEW KINGS OF NEW YORK** is a book about the history of the city, the dawn of New York real estate's second gilded age, the opportunists who sought to exploit it, and the adventures they had along the way. It is a look at where we have come from as we consider where to go next.

Real Deal Comix Lawrence Hubbard, H.P. McElwee, 2016-08-31 Inspired by magazines like *Mad* and traditional superhero comics, *Real Deal* magazine was a self-published, independent comic book created in the 1990s by Lawrence Hubbard (a.k.a. “RawDog”) and H.P. McElwee (a.k.a. “R.D. Bone”). Peopled with a cast out of a blaxploitation movie — convicts, hustlers, drug addicts, crack whores, car thieves, and murderers — these cult-classic comics straddle the line between satirizing and showing the harsh realities of urban life.

The Real Deal Joe McNally, 2021-10-19

Photographer and best-selling author Joe McNally shares stories and lessons from a life in photography.

When Joe McNally moved to New York City in 1976, his first job was at the *Daily News* as a copyboy, “the wretched dog of the newsroom.” He was earning the lowest pay grade possible and living in a cheap hotel in Manhattan. Life was not glamorous. But with a fierce drive, an eye for a picture, and a willingness to take (almost) any assignment that came his way, Joe stepped out onto the always precarious tightrope of the freelance photographer—and never looked back. Fast forward 40 years, and his work has included assignments and stories for *National Geographic*, *Time*, *LIFE*, *Sports Illustrated*, and more. He has traveled for assignments to nearly 70 countries and received dozens of awards for his photography.

In *The Real Deal*, Joe tells us how it all started, and candidly shares stories, lessons, and insights he has collected along the way. This is not a dedicated how-to book about “where to put the light,” though there is certainly instructional information to be gleaned here. This is also not a navel-gazing look back at “the good old days,” because those never really existed anyway. Instead, *The Real Deal* is simply a collection of candid “field notes”—some short, some quite long—gathered over time that, together, become an intimate look behind the scenes at a photographer who has pretty much seen and done it all.

Though the photography industry bears little resemblance to the industry just 10 years ago (much less 40 years ago), what it really takes to become a successful photographer—the character traits, the fundamental lessons, the ability to adapt, and then adapt again—remains the same. Joe writes about everything from the crucial ability to know how to use (and make!) window light to the importance of creating long-term relationships built on trust; from lessons learned after a day in the field to the need to follow your imagination wherever it takes you; from the “random” and “lucky” moments that propel one's career to the wonders and pitfalls of today's camera technology. For every mention of f-stops and shutter speeds, there is equal discussion about the importance of access, the occasional moment of hubris, and the idea of becoming iconic.

Before Joe was a celebrated and award-winning photographer, before he was a well-respected educator and author of multiple bestselling books, he was just...Joe, hustling every day, from one assignment to the next, piecing together a portfolio, a skill set, a reputation, a career. He imagined a life—and then took pictures of it. Here are a few frames.

The Real Deal Richard Desmond, 2015-06-18 From the age of five, when he helped his deaf father negotiate advertising contracts, Richard Desmond has always had an eye for business. In *The Real Deal* he offers a no-holds-barred account of an extraordinary career that has taken him from cloakroom attendant at a north London club to billionaire media owner. En route he tells of his early life as a rock and roll drummer, his first steps in the world of magazine publishing as a purveyor of leisure and top-shelf titles, and finally, after decades of paying his dues building smaller brands, his arrival in the big league with the launch of *OK!* magazine and the acquisition of *Express Newspapers*, his purchase and sale of Channel 5, and his £80 million investment in the Health Lottery, combining business innovation with help for good causes. Along the way, he imparts many of the secrets of his astounding success, as well as giving his forthright opinion (and he always has one) on such diverse subjects as politicians, religion, and the similarities between being a rock and roll drummer and running a business — as well as his views on a cast of characters ranging from Alan Sugar to Victoria Beckham and from Simon Cowell to Jennifer Aniston. Often controversial, frequently revelatory, always entertaining, *The Real Deal* is the brilliantly frank account of a life spent at the sharp end.

The Real Deal George A. Sorial, Damian Bates, 2019-06-11 Remember when Trump was a great boss, a great father, and a great businessman, before the liberal media rewrote that narrative? That's still the real Trump. Longtime Trump Organization executive and attorney George A. Sorial saw the real Trump firsthand, from the early days of *The Apprentice* to the passing of power to the younger generation before the inauguration. He learned from his boss how to use chaos, the media, and a single-minded focus to achieve things everyone else said were impossible. He learned how to predict what the world's least predictable leader would do next. In *The Real Deal*, George A. Sorial

and Damian Bates, a former newspaper editor who has covered Trump for years, explain the forty-fifth president's business and political strategies in detail. Often what looks complicated is just a man giving the people what he wants. For instance, why would Trump run for president, when winning would be a financial disaster for him? He was forced to set aside his TV contracts and international expansion, costing him hundreds of millions of dollars. The answer is: because everyone he talked to wanted him to run to make America great again. In this book we see a man barely recognizable from the media's depiction. We see the deliberate and cunning reasons he scolds people, gets impatient with complicated briefings, hires neophytes, and starts fights in the media. We also see a boss who was hard-working, fun, well read, generous with opportunities, and endlessly interested in outside opinions. The mainstream media has tried to undermine the president at every turn by spreading lies about his management abilities, his negotiation style, and his business success. Now, in *The Real Deal*, George A. Sorial and Damian Bates explain how Trump's unusual style worked so well for decades—and how it's working better in the White House than anyone realizes.

Real Estate Titans Erez Cohen, 2019-04-02 In *Real Estate Titans*, Erez Cohen shares the advice and learnings of the world's leading real estate experts to create a guide for becoming a savvy real estate player. Cohen draws on his experience as a research and teacher's assistant at Wharton Business School with an investment expert—and his mentor—Dr. Peter Linneman. Throughout his career, Cohen has collected first-hand knowledge from meetings with such real estate titans as Ronald Terwilliger, Sam Zell, Joseph Sitt, and numerous others. Cohen wanted to understand how these real estate giants became so successful, so he refined his quest into three critical questions: What inspires these titans to work so hard and reach such extraordinary levels of success? What are the main elements and traits inside of them that propel them to be so grandiose? How have these individuals, who had less resources, succeeded on a much bigger scale than so many of their competitors? *Real Estate Titans* contains the 7 key lessons distilled from interviews with several of the world's greatest real estate investors. These critical lessons offer insight into the mindset, tactics, and habits that each of the interviewed titans possess. Once you implement these key ideas—which you won't find anywhere else—into your business, it will grow exponentially within a matter of months. *Real Estate Titans* offers an insider's view into several of the most successful investors on the planet. The book's compelling stories and lessons show why real estate is such a wonderful and important business, and it also offers a roadmap for becoming a world class real estate player.

The Real Deal Daylle Deanna Schwartz, 2002 A music business reference source that offers specific advice to musicians on getting that all-important record deal. This expanded edition features advice from dozens of managers, record producers, recording artists and publicists. Here are step-by-step instructions on preparing a presentation package and contacting record labels. Also included is information on using the Internet.

The Real Deal Gregory Alan Haage, 2008-03 Written in a 'coffee talk' format, this is a VERY helpful book for both the seeker and Bible student. Pastor Greg writes in a style as if he's sitting across from you, talking one to one, fielding your questions about Jesus, as well as, controversial topics. A must-read, aid for everyone's library! In everyone's life there comes a time when they go on a God search, which usually involves listening to religious experts. You watch CNN's Larry King Live show and a supposed religious expert says one thing about what the Bible really says and the very next night a different expert states just the opposite. (Most people think, O.K. What's up with that?) You read about Christians being put in Roman coliseums with lions because they refuse to denounce their King, missionaries in third world countries dying for their faith, study martyrs over the last twenty centuries being killed for the cause only to watch stories of TV preachers living lavish lifestyles of jets, limousines and mansions and say to yourself, What's wrong with this picture? The Biblical insights to all these relevant questions, especially in a crazy, confusing, 9/11, violent world, are in this no non-sense, straight ahead, pull no punches examination of Christianity by Greg Haage, a successful professional musician and recording artist who's now in ministry called to counsel and train others in the faith with one goal in mind: Getting people free from religious works or denominational duties and pointing them to the One who made the footprints in the sand. www.UpFrontMinistries.com

The Real Deal Lauren Blakely, 2018-07-10 Get ready for your next favorite romantic comedy, *THE REAL DEAL*, from #1 New York Times bestselling author Lauren Blakely! April Hamilton wants you to know she hasn't been on GigsForHire since that time she sold her futon after college. She doesn't even spend that much time online. And even if she did, she would not be looking up personal ads. But going home alone for her family's summer reunion is an invitation for every single relative to butt into her personal life. She simply can't handle another blind date with the butcher, the baker or the candlestick maker from her hometown. So when she finds the GigsforHire ad for a boyfriend-for-hire, she's ready to pay to play. Heading Home and Need a Buffer? I'm the REAL DEAL. Theo Banks has been running from the past for years. He's this close to finally settling all his debts, and one more job as a boyfriend-for-hire will do the trick. He's no gigolo. Please. He's something of an actor, and he knows how to slip into any role, including pretending to be April's new beau -- the bad boy with the heart of gold. Even if it means sleeping in close quarters in that tiny little bed in her parents' inn. Even if it means spinning tales of a romance that starts to feel all too true. What neither one of them counts on is that amid the egg toss, the arm wrestling, and a fierce game of Lawn Twister that has them tangled up together, they might be feeling the real deal. She only wanted to show her family once and for all that she had no need to settle down. He didn't expect to have the time of his life at her parent's home. They didn't plan on loving every single second of the game. But can a masterful game of pretend result in true love?

Trump: The Art of the Deal Donald J. Trump, Tony Schwartz, 2009-12-23 President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America's foremost deal-maker. "I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big."—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks—really talks—about how he does it. *Trump: The Art of the Deal* is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for *Trump: The Art of the Deal* "Trump makes one believe for a moment in the American dream again."—The New York Times "Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet."—Chicago Tribune "Fascinating . . . wholly absorbing . . . conveys Trump's larger-than-life demeanor so vibrantly that the reader's attention is

instantly and fully claimed.”—Boston Herald “A chatty, generous, chutzpa-filled autobiography.”—New York Post

Other People's Money Charles V. Bagli, 2014-03-25 A veteran New York Times reporter dissects the most spectacular failure in real estate history Real estate giant Tishman Speyer and its partner, BlackRock, lost billions of dollars when their much-vaunted purchase of Stuyvesant Town–Peter Cooper Village in New York City failed to deliver the expected profits. But how did Tishman Speyer walk away from the deal unscathed, while others took the financial hit—and MetLife scored a \$3 billion profit? Illuminating the world of big real estate the way *Too Big to Fail* did for banks, *Other People's Money* is a riveting account of politics, high finance, and the hubris that ultimately led to the nationwide real estate meltdown.

Back on the Market Holly Parker, 2020-12-29 A hilarious view of life after divorce; you'll never look at properties again without thinking of your dating life. *Back on the Market* is a Realtor's guide to life, love, and dating and the multitude of challenges that come with it all. Holly Parker has sold 8 billion dollars of luxury real estate throughout her career as one of Manhattan's most successful brokers. Through her humor and quick wit, she connects common real estate terms to everyday life, making *Back on the Market* a fun and unforgettable read. After seven years of marriage, Holly found herself “falling out of contract,” as a newly divorced woman reluctantly facing the prospect of being “back on the market.” She understands that life is transactional, whether it's a business decision or those we spend our time with, so she took her skills as a master real estate agent and applied everything she knew to getting her life back. Cleverly told through the eyes of a Realtor, Holly depicts the perils of life, love, and dating—whether it's dealing with first-time buyers (those who have a romanticized version of what they think they want and what they can actually have), the value of curb appeal, fixing the foundation of a damaged home, not listing before you're ready to sell, staging, and so much more. Hilarious and emotional, Holly shares her dating experiences with “fixer uppers,” the guys with “good bones,” and the “forever renters.” *Back on the Market* is a story of hope and the pursuit of happiness. Full of memorable takeaways, lessons, and anecdotes, Holly will help you find your perfect “home” and fall in love with life all over again.

Building the Skyline Jason M. Barr, 2016 Manhattan's natural history -- Mannahatta to Manhattan: settlement to grid plan -- Land use before the Civil War -- The tenements and the skyline -- The economics of skyscraper height -- Measuring the skyline -- The bedrock myth -- The birth of Midtown -- Edifice complex? The cause of the 1920s building boom -- What's Manhattan worth? 150 years of land values

The Real Deal on Love and Men Michelle McKinney Hammond, 2013 Bestselling author Michelle McKinney Hammond (1.5 million relationship books sold) fields women's questions on love, men, dating, and marriage. Michelle answers the question and explores the ins and outs of love. It's time to get down to the nitty-gritty and find out what makes love happen...It's time to engage our brains while following our hearts.

Flying Magazine , 1987-12

Flying Magazine , 1987-11

The Real Deal James Caan, 2010-12-14 After dropping out of school at just sixteen, James Caan started his business life in a broom cupboard with no qualifications and two pieces of fatherly wisdom: 'observe the masses and do the opposite' and 'always look for opportunities where both parties benefit'. Armed with this advice, natural charm and the Yellow Pages, he built a market-leading business with a turnover of £130 million and swiftly became one of Britain's most successful entrepreneurs. From Caan's childhood as a Pakistani immigrant to the phenomenal success of his first company and beyond, *The Real Deal* traces both his financial and personal achievements. It offers a frank account of what success at thirty really signifies and brings us right up to the present, including his impact on *Dragons' Den* and what his charity work, from saving a hospital in London to building a school in Lahore, means to him. Ultimately, it is a story of learning what money is really worth, told by one of the country's most insightful businessmen.

The Sky's the Limit Steven Gaines, 2005-06-01 With his signature elan, Gaines weaves a gossipy tapestry of brokers, buyers, co-op boards, and eccentric landlords and tells of the apartment hunting and renovating adventures of many celebrities -- from Tommy Hilfiger to Donna Karan, from Jerry Seinfeld to Steven Spielberg, from Barbra Streisand to Madonna. Gaines uncovers the secretive, unwritten rules of co-op boards: why diplomats and pretty divorcees are frowned upon, what not to wear to a board interview, and which of the biggest celebrities and CEOs have been turned away from the elite buildings of Fifth and Park Avenues. He introduces the carriage-trade brokers who never have to advertise for clients and gives us finely etched portraits of a few of the discreet, elderly society ladies who decide who gets into the so-called Good Buildings. Here, too, is a fascinating chronicle of the changes in Manhattan's residential skyline, from the slums of the nineteenth century to the advent of the luxury building. Gaines describes how living in boxes stacked on boxes came to be seen as the ultimate in status, and how the co-operative apartment, originally conceived as a form of housing for the poor, came to be used as a legal means of black-balling undesirable neighbors. A social history told through brick and mortar, *The Sky's the Limit* is the ultimate look inside one of the most exclusive and expensive enclaves in the world, and at the lengths to which people will go to get in.

Crooked Hallelujah Kelli Jo Ford, 2020-07-14 “A masterful debut” that follows four generations of Cherokee women across four decades—from the Plimpton Prize-winning author (Sarah Jessica Parker). It's 1974 in the Cherokee Nation of Oklahoma and fifteen-year-old Justine grows up in a family of tough, complicated, and loyal women, presided over by her mother, Lula, and Granny. After Justine's father abandoned the family, Lula became a devout member of the Holiness Church—a community that Justine at times finds stifling and terrifying. But Justine does her best as a devoted daughter, until an act of violence sends her on a different path forever. *Crooked Hallelujah* tells the stories of Justine—a mixed-blood Cherokee woman—and her daughter, Reney, as they move from Eastern Oklahoma's Indian Country in the hopes of starting a new, more stable life in Texas amid the oil bust of the 1980s. However, life in Texas isn't easy, and Reney feels unmoored from her family in Indian Country. Against the vivid backdrop of the Red River, we see their struggle to survive in a world of unreliable men and near-Biblical natural forces, like wildfires and tornados—intent on stripping away their connections to one another and their very ideas of home. In lush and empathic prose, Kelli Jo Ford depicts what this family of proud, stubborn,

Cherokee women sacrifices for those they love, amid larger forces of history, religion, class, and culture. This is a big-hearted and ambitious novel of the powerful bonds between mothers and daughters by an exquisite and rare new talent. “A compelling journey through the evolving terrain of multiple generations of women.” –The Washington Post

PC Mag ,2001-01-16 PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology.
