📖 **BOOSTING EUROPEAN COMPETITIVENESS** MAREK BELKA,EWALD NOWOTNY,PAWEŁ SAMECK,DORIS RITZBERGER-GRÖNWALD,2016-10-28 In the global financial crisis, competitiveness gaps between Euro area countries caused additional strain. This book discusses the various dimensions of competitiveness, with a special focus on central, eastern and southeastern Europe. With products becoming ever more technically sophisticated and global interconnectedness on a relentless rise, quality, customer orientation and participation in production networks are as important as relative costs and prices. For Europe to proceed with convergence and to resist global competitive pressures, policies to boost productivity and innovation are therefore vital.

📖 **FEDERAL REGISTER** ,2013-10

📖 **THE REPORT: INDONESIA 2015** Oxford Business Group,2015-05-21 With the application of the right policies, Indonesia could return to growth above 6%, and perhaps eventually reach the 7% target set by the new president. The government intends to double expenditure in the key areas of public works, transport and agriculture, and new plans include the construction of 2600 km of roads, 15 airports, 24 ports, 3258 km of railway and the addition of around 35,000 MW to the state electricity company’s current capacity. The investments to be made in infrastructure have the potential to boost the economy in both the short and long term. A shift to more investment and less consumption would help lead to more sustainable growth and insulate the country from external shocks. Already the numbers are starting to head in the right direction.

📖 **HOUSING IN AFRICAN CITIES** MARGOT RUBIN,SARAH CHARLTON,NEIL KLUG,2023-12-29 This edited collection from across the African continent offers a diverse set of analytical accounts that engage with the urban governance dynamics, drivers and impacts of a wide variety of housing initiatives. These include insights into the relationships between parties and actors undertaking developments, or whose housing activities impact on the city. The book illustrates issues of power distribution, the visions or agendas motivating these actions, and the instruments used to advance them. It considers the rise of mega housing projects; private sector driven residential developments; unobtrusive transformations of existing building stock, establishment and upgrading of informal settlements; and state driven low cost housing schemes. It surfaces the contestation, collaborations and conflicts as well as the power relations that operate within cities and which are made visible on cityscapes. Housing and human settlement scholars as well as those interested in urban politics and governance dynamics in the global south and across the African continent will find much to appreciate in this volume.

📖 **CONTRACT LAW AND THE LEGISLATURE** TT Arvind,Jenny Steele,2020-08-06 This volume revisits some of the key debates about the nature and shape of contract law, in light of the impact that statutes have had on its development. With contributions from leading contract law scholars, it fills a significant gap in existing theoretical and doctrinal analyses of contract law, which rely primarily on cases to put forward accounts of the general principles and structure of contract law. Statutory rules are, typically, seen as being specific instances of legal regulation that carve out exceptions to these general principles for specific reasons of policy. This treatment of these rules has resulted in an incomplete understanding of the nature of contract law and the principles that underpin it. By drawing specifically on contract statutes, the volume produces a more complete picture of modern contract law. A companion to the ground-breaking Tort Law and the Legislature: Common Law, Statute and the Dynamics of Legal Change (Hart Publishing, 2012) this collection will have a significant impact on the study of contract law.

📖 **PRIVATE RENTING IN THE ADVANCED ECONOMIES** PETER A. KEMP,2023-10-18 The private rental housing market plays an important and growing role in the advanced economies. Providing accommodation for a wider range of households than before the global financial crisis, rental housing is also a key asset class for private individuals and companies, while the rise of Airbnb lettings has pushed up rents and reduced the number of homes available to residents. This edited collection by leading experts in the field analyses recent changes in the private rental market, using case studies from the UK, Europe, Australia and the USA, and assesses the initial impacts of the COVID-19 pandemic.

📖 **PARENTAL ROLES AND RELATIONSHIPS IN IMMIGRANT FAMILIES** SUSAN S. CHUANG,CATHERINE L. COSTIGAN,2018-02-10 This insightful volume presents important new findings about parenting and parent-child relationships in ethnic and racial minority immigrant families. Prominent scholars in diverse fields focus on families from a wide range of ethnicities settling in Canada, China, Israel, Italy, the Netherlands, and the United States. Each chapter discusses parenting and parent-child relationships in a broader cultural context, presenting within-group and cross-cultural data that provide readers with a rich understanding of parental values, beliefs, and practices that influence children’s developmental outcomes in a new country. For example, topics of investigation include cultural variation in the role of fathers, parenting of young children across cultures, the socialization of academic and emotional development, as well as the interrelationships among stress, acculturation processes, and parent-child relationship dynamics. This timely reference: •explores immigration and families from a global, multidisciplinary perspective; •focuses on immigrant children and youth in the family context;•challenges long-held assumptions about parenting and immigrant families;•bridges the knowledge gap between immigrant and non-immigrant family studies;•describes innovative methodologies for studying immigrant family relationships; and•establishes the relevance of these data to the wider family literature. Parental Roles and Relationships in Immigrant Families is not only useful to researchers and to family therapists and social workers attending to immigrant families, but also highly informative for persons interested in shaping immigration policy at the local, national, and global levels.

📖 **THE PLANETARY GENTRIFICATION READER** LORETTA LEES,TOM SLATER,ELVIN WYLY,2022-12-30 Gentrification is a global process that the United Nations now sees as a human rights issue. This new Planetary Gentrification Reader follows on from the editors’ 2010 volume, The Gentrification Reader, and provides a more longitudinal (backward and forward in time) and broader (turning away from Anglo-/Euro-American hegemony) sense of developments in gentrification studies over time and space, drawing on key readings that reflect the development of cutting-edge debates. Revisiting new debates over the histories of gentrification, thinking through comparative urbanism on gentrification, considering new waves and types of gentrification, and giving much more focus to resistance to gentrification, this is a stellar collection of writings on this critical issue. Like in their 2010 Reader, the editors, who are internationally renowned experts in the field, include insightful commentary and suggested further reading. The book is essential reading for students and researchers in urban studies, urban planning, human geography, sociology, and housing studies and for those seeking to fight this socially unjust process.

📖 **ON UNEMPLOYMENT, VOLUME II** Mark R. Reiff,2015-10-07 With unemployment at historically high rates that show signs of becoming structural, there is a pressing need for an in-depth exploration of this economic injustice. Unemployment is one of the problems most likely to put critical pressure on our political institutions, disrupt the social fabric of our way of life, and even threaten the continuation of liberalism itself. Despite the obvious importance of the problem of unemployment, however, there has been a curious lack of attention paid to this issue by contemporary non-Marxist political philosophers. On Unemployment explores the moral implications of the problem of unemployment despite the continuing uncertainty involving both its causes and its cures. Reiff takes up a series of questions about the nature of unemployment and what justice has to tell us about what we should do, if anything, to alleviate it. The book comprehensively discusses the related theory and suggests how we might implement these more general observations in the real world. It addresses the politics of unemployment and the extent to which opposition to some or all of the book’s various proposals stem not from empirical disagreements about the best solutions, but from more basic moral disagreements about whether the reduction of unemployment is indeed an appropriate moral goal. This exciting new text will be essential for

SCHOLARS AND READERS ACROSS BUSINESS, ECONOMICS, AND FINANCE, AS WELL AS POLITICS, PHILOSOPHY, AND SOCIOLOGY.

📖 **SCREEN COMEDY AND ONLINE AUDIENCES** INGER-LISE KALVIKNES BORE,2017-06-14 THE QUESTION OF WHY WE LAUGH (OR DON’T LAUGH) HAS INTRIGUED SCHOLARS SINCE ANTIQUITY. THIS BOOK CONTRIBUTES TO THAT DEBATE BY EXPLORING HOW WE EVALUATE SCREEN COMEDY. WHAT KINDS OF CRITERIA DO WE USE TO JUDGE FILMS AND TV SHOWS THAT ARE MEANT TO BE FUNNY? AND WHAT MIGHT THAT HAVE TO DO WITH OUR SOCIAL AND CULTURAL BACKGROUNDS, OR WITH WIDER CULTURAL IDEAS ABOUT FILM, TV, COMEDY, QUALITY AND ENTERTAINMENT? THE BOOK EXAMINES THESE QUESTIONS THROUGH A STUDY OF AUDIENCE RESPONSES POSTED TO ONLINE FACILITIES SUCH AS TWITTER, FACEBOOK, REVIEW SITES, BLOGS AND MESSAGE BOARDS. BORE’S ANALYSIS OF THESE RESPONSES CONSIDERS A BROAD RANGE OF ISSUES, INCLUDING HOW AUDIENCES PERCEIVE THE IDEA OF NATIONAL COMEDY; WHAT THEY THINK OF FEMALE COMEDIANS; HOW THEY EVALUATE ROMCOMS, SITCOMS AND WEB COMEDY; WHAT THEY THINK IS ACCEPTABLE TO JOKE ABOUT; WHAT COMEDY FANS GET EXCITED ABOUT; HOW FANS INTERACT WITH STAR COMEDIANS; AND WHAT COMEDY VIEWERS REALLY DESPISE. THE BOOK DEMONSTRATES SOME OF THE WAYS IN WHICH WE CAN ADAPT THEORIES OF HUMOUR AND COMEDY TO EXAMINE THE PRACTICES OF CONTEMPORARY SCREEN AUDIENCES, WHILE OFFERING NEW INSIGHTS INTO HOW THEY NEGOTIATE THE OPPORTUNITIES AND CONSTRICTIONS OF DIFFERENT ONLINE FACILITIES TO SHARE THEIR VIEWS AND EXPERIENCES.
