**The Right Word** Jen Bryant,2014-09-15 2015 Caldecott Honor Book 2015 Sibert Medal Winner For shy young Peter Mark Roget, books were the best companions -- and it wasn't long before Peter began writing his own book. But he didn't write stories; he wrote lists. Peter took his love for words and turned it to organizing ideas and finding exactly the right word to express just what he thought. His lists grew and grew, eventually turning into one of the most important reference books of all time. Readers of all ages will marvel at Roget's life, depicted through lyrical text and brilliantly detailed illustrations. This elegant book celebrates the joy of learning and the power of words.

*The Right Words at the Right Time* Marlo Thomas,2004-01-06 For everyone who needs a hero or loves a good story, here is an inspiring collection of personal revelations from more than 100 remarkable men and women who share a moment when words changed their lives--Jacket.

The Right Word in the Right Place at the Right Time William Safire,2007-11-01 For the past twenty-five years Americans have relied on Pulitzer Prize-winning wordsmith William Safire for their weekly dose of linguistic illumination in The New York Times Magazine's column On Language -- one of the most popular features of the magazine and a Sunday-morning staple for innumerable fans. He is the most widely read writer on the English language today. Safire is the guru of contemporary vocabulary, speech, language, usage and writing. Dedicated and disputatious readers itch to pick up each column and respond to the week's linguistic wisdom with a gotcha letter to the Times. The Right Word in the Right Place at the Right Time marks the publication of Safire's sixteenth book on language. This collection is a classic to be read, re-read, enjoyed and fought over. Fans, critics and fellow linguists wait with bated (from the French abattre to beat down) breath for each new anthology -- and, like its predecessors, this one is bound to satisfy and delight. Safire finds fodder for his columns in politics and current events, as well as in science, technology, entertainment and daily life. The self-proclaimed card-carrying language maven and pop grammarian is not above tackling his own linguistic blunders as he detects language trends and tracks words, phrases and clichés to their source. Scholarly, entertaining and thoughtful, Safire's critical observations about language and slanguage are at once provocative and enlightening. Safire is America's go-to guy when it comes to language, and he has included sharp and passionately opinionated letters from readers across the English-speaking world who have been unable to resist picking up a pen to put the maven himself in his place or to offer alternate interpretations, additional examples, amusing anecdotes or just props. The Right Word in the Right Place at the Right Time is a fascinating, learned and piquant look at the oddities and foibles that find their way into the English language. Exposing linguistic hooey and rigamarole and filled with Safire's trademark wisdom, this book has a place on the desk or bedside table of all who share his profound love of the English language -- as well as his penchant for asking What does that mean? Or, Wassat? This new collection is sure to delight readers, writers and word lovers everywhere and spark the interest of anyone who has ever wondered, Where did the phrase 'brazen hussy' come from?

**How to Find the Right Words** THE SCHOOL OF LIFE.,2021-03-09 Twenty case studies explaining how to gently deliver a range of life's most awkward messages while causing minimal harm. Life constantly requires us to give other people some hugely awkward messages: that we don't love them anymore; that we do love them (though we're not meant to); that they smell a bit; that they're fired; that we're furious with them (though we adore them) or that their music is too loud... Often, out of embarrassment, we just stay quiet. Occasionally we explode. And typically, we stumble about, looking for the right words - dreading that we didn't find them and thereby causing more hurt than we should. This is a book to help us locate the best possible words to get across a range of life's most difficult messages. With twenty case studies drawn from relationships, friendships, work, our families, and social situations, we are gently shown what we might - in an ideal world - find ourselves saying to make our intentions known while causing minimal harm. We are guided, among other topics, to how best to end a relationship, how to make it up with a child, and how gently to let down a friend who wants more. We laugh, we recognize our troubles - and we're introduced to a range of deeply empathetic ways to navigate some of our most acute social dilemmas.

That's the simple, but profound question posed to forty-six renowned authors in LIGHT THE DARK. Each writer begins with a favorite passage from a novel, a song, a poem—something that gets them started and keeps them going with the creative work they love. From there, incredible lessons and stories of life-changing encounters with art emerge, like how sneaking books into his job as a night security guard helped Khaled Hosseini learn that nothing he creates will ever be truly finished. Or how a college reading assignment taught Junot Díaz that great art can be a healing conversation, and an unexpected poet led Elizabeth Gilbert to embrace an unyielding optimism, even in the face of darkness. LIGHT THE DARK collects the best of The Atlantic's much-acclaimed By Heart series edited by Joe Fassler and adds brand new pieces, each one paired with a striking illustration. Here is a guide to creative living and writing in the vein of Daily Rituals, Bird by Bird, Draft No. 4, and Big Magic for anyone who wants to learn how great writers find inspiration—and to find some of your own.
