Model Rules of Professional Conduct American Bar Association. House of Delegates, Center for Professional Responsibility (American Bar Association), 2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

**Producing Women** Michele White, 2015-03-02 Producing Women examines the ways femininity is produced through new media. Michele White considers how women are constructed, produce themselves as subjects, form vital production cultures on sites like Etsy, and deploy technological processes to reshape their identities and digital characteristics. She studies the means through which women market traditional female roles, are viewed, and produce and restructure their gendered, raced, eroticized, and sexual identities. Incorporating a range of examples across numerous forms of media—including trash the dress wedding photography, Internet how-to instructions about zombie walk brides, nail polish blogging, DIY crafting, and reborn doll production—Producing Women elucidates women's production cultures online, and the

ways that individuals can critically study and engage with these practices.
