Various

Terminator Alan Grant,1999-09 In a hellish future controlled by computers bent on exterminating the human race, John Connor will lead the remnants of humanity against the killing machines known as Terminators -- unless the Terminators can reach back through time and snuff out his existence before he grows to adulthood. A pair of Terminators are sent to our present to the unforgiving wastelands of Death Valley to hunt the young John Connor and erase his future -- and the only hope for the future of mankind. Dark Horse revisits the terrifying possibility of a world on the verge of apocalypse in this third Terminator graphic novel.

Terminator Omnibus Volume 2 Various,2008-04-01 The Terminators never sleep. They don't need food or water. The heat of the desert gives them no pause. The darkness of night does not halt their deadly gaze. Bullets won't stop them. Their humanity cannot be appealed to-because they have none. Sent from the future, their mission is clear and unrelenting: to erase the lives of any who threaten their future dominance, any who would attempt to deny the rise of the Machine. But that which man has created, man can destroy, and so... the war for the future begins today. Dark Horse Comics is the acknowledged leader of adapting film blockbusters to graphic fiction, and The Terminator is one of the premier examples of what can be done with comics to expand an exciting film mythos. * Featuring work by fan-favorite creators James Robinson, Jackson Guice, Alan Grant, Steve Pugh, Guy Davis and more.

Terminator Omnibus Volume 1 James A. Robinson,2008-02-19 They came from another time to ensure that the future would belong solely to the machines. They are Terminators indestructible killing engines hiding inside shells of flesh and blood. Tireless, fearless, merciless, unencumbered by human emotion, dedicated to the complete eradication of mankind. But despite the frailty of human flesh, nothing is as immortal as the human spirit, and even the strongest metal will bend by the will of a mother fighting for the future of her children. Dark Horse Comics has long been regarded as the heavyweight champion of adapting film blockbusters to graphic fiction, and The Terminator is one of the finest examples of bringing top comics talents to the expansion of a premier action/adventure mythos. Featuring work by fanfavorite creators James Robinson, Matt Wagner, John Arcudi, Paul Gulacy, Ian Edginton, and more, The Terminator Omnibus Volume 1 features over three hundred story pages in a full color, highquality, valuepriced edition.
