A pair of Terminators are sent to our present to the unforgiving wastelands of Death Valley to hunt the young John Connor and erase his future -- and the only hope for the future of mankind. Dark Horse revisits the terrifying possibility of a world on the verge of apocalypse in this third Terminator graphic novel.

Terminator 3: Rise of the Machines David Hagberg,2003-07-13 As John Connor struggles with fears about his destiny as the head of the human resistance against the robotic forces of Skynet, a new advanced-model Terminator from the future is sent to kill him.

Terminator 3: Terminator Hunt Aaron Allston,2013-11-05 Riding the crest of popularity following Terminator 3: Rise of the Machines, Terminator Hunt continues the action where Aaron Allston's first Terminator 3 novel, Terminator Dreams left off, with an exciting original story of John Connor, Kate Brewster, and the human Resistance battling Skynet and its deadly robots. 2029 A.D.: Paul Keeley is a member of the Resistance who died over a year ago-or so everyone thinks, until he awakens in a hospital room and stumbles out into a raging battle between John Connor's elite team of Hellhounds and a group of Skynet robots led by the deadly Terminatrix. Back at Home Plate, Resistance headquarters, members of the Resistance discover that Paul has been brainwashed by Skynet. Living in a computer-simulated dream of the twentieth century, Paul, an expert on twentieth century life, was being used as part of an effort to train the T-X terminator for a time jump. John and Kate have no way of knowing where the jump will occur, so to prevent it from happening at all, they launch a daring plan to use John Connor as bait to capture the T-X. Meanwhile, Paul remains under suspicion, since no one knows how the brainwashing may still affect him. Capturing the T-X proves to be a deadly task with consequences nobody could foresee. The danger and suspense mount as Resistance action leads to an epic battle pitting human ingenuity and sheer courage against the coldblooded logic of machine intelligence. Fans of Terminator 3:

Rise of the Machines will not be disappointed. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Terminator 3: Terminator Dreams Aaron Allston,2013-11-05 Despite the heroic efforts of John Connor and Kate Webster, and the ultimate sacrifice of a T-850 terminator, Skynet became operational and mobilized its machine forces in all-out war against its prime enemy: mankind. More than twenty years later the war continues, fought by human resistance forces led by John and Kate, and by people in secret enclaves around the world. Raiding machine facilities, using small guerrilla forces to sabotage and destroy Skynet forces, the resistance is holding its own . . . but it's not enough. The self-aware AI that controls the robot terminators, the hunter-killers, and the rest of what used to be America's arsenal is too smart, too quick, too flexible to be defeated. Or perhaps the answer to human victory lies shrouded behind the mists of time. Before Judgment Day, Danny Avila was a programmer on the project that became Skynet. In the months leading up to Judgment Day he began to have nightmares involving Terminators rampaging and destroying the world. Then, two days before the holocaust, he disappeared. Found years later by John and Kate, completely amnesiac about events of his life prior to Judgment Day, he became a useful member of the resistance, with an uncanny ability to predict Skynet tactics. Now he is having Terminator dreams again, dreams of the days when he was on the Terminator design team . . . of the days when the world was on the path to destruction. Could there be some kind of psychic link between the Danny of today and the Danny of nearly thirty years ago---a mental wire through which thoughts and images are transmitted forward and backward in time? Might this one desperately stressed man living in two eras be the time machine the resistance needs to undo the devastation of Judgment Day? A daring and dangerous experiment may prove the salvation of mankind's future . . . At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Terminator 3: Terminator Dreams Aaron Allston,2003-12-19 Leading the resistance force that would free humanity from the exterminating machines of Skynet, John Connor realizes that the nightmares of fellow fighter Danny Avila may be connected to events leading up to Judgment Day and forms a dangerous plan to thwart Skynet. 25,000 first printing.

Superman Vs. the Terminator Alan Grant,Steve Pugh,Mike Perkins,2000 Superman: he can bend steel, leap tall buildings, and is faster than speeding bullets but can he save the future?! Terminator: 2029-1984 Zack Whedon,2011-06-21 Before John Connor sent him back in time to save Sarah Connor from a T-800 with a grudge, Kyle Reese was just another man fighting to survive in a world overrun by Skynet and its terrifying army of killer cyborgs. Follow Kyle on his journey through the ravaged landscape of 2029, filled with T-800s, HKs, and rogue revolutionaries, to a world previously unimaginable to him—the glittering streets of Los Angeles in 1984! This volume collects The Terminator: 2029 #1–#3 and The Terminator: 1984 #1–#3. • Reese's gang of survivors is a likeable, hardened bunch who cracks wise in the ruin.
