**From a Clear Blue Sky** Timothy Knatchbull, 2023-12-19 The prize-winning, “exceptionally moving” memoir of a family boat trip, an IRA bombing, and a teenager’s loss of his twin brother (The Telegraph). Christopher Ewart-Biggs Literary Award Winner and PEN/JR Ackerley Prize Nominee On an August weekend in 1979, fourteen-year-old Timothy Knatchbull joined his family on a boat trip off the shore of Mullaghmore in County Sligo, Ireland. By noon, an Irish Republican Army bomb had destroyed the boat, leaving four dead. The author survived, but his grandparents, family friend, and twin brother did not. Lord Mountbatten, his grandfather, was the target, and became one of the IRA’s most high-profile assassinations. Knatchbull and his parents were too badly injured to attend the funerals of those killed, which only intensified their profound sense of loss. Telling this story decades later, Knatchbull not only revisits these terrible events but also writes an intensely personal account of human triumph over tragedy—a story of recovery not just from physical wounds but deep emotional trauma. *From a Clear Blue Sky* takes place in Ireland at the height of the Troubles and gives compelling insight into that period of Irish history. But more importantly, it brings home that while calamity can strike at any moment, the human spirit is able to forgive, to heal, and to move on. “A minute by minute story of what happened that day, and what happened afterwards.” —Daily Mail “This is an extremely moving book. Beyond providing a phenomenally detailed evocation of his own family’s trauma, Knatchbull has lots of wise things to say about how we survive horrors—of all kinds—in our lives.” —Zoë Heller, author of the Booker Prize finalist *Notes on a Scandal* “A very poignant, clear-sighted, heartbreaking but ultimately positive account.” —Hugh Bonneville, *The New York Times*

Electra after Freud Jill Scott, 2018-07-05 Electra's story is essentially a tale of murder, revenge, and violence. In the ancient myth of Atreus, Agamemnon returns home from battle and receives no hero's welcome. Instead, he is greeted with an ax, murdered in his bath by his wife, Clytemnestra, and her lover-accomplice, Aegisthus. Electra chooses anger over sorrow and stops at nothing to ensure that her mother pays. In revenge, Electra, with the help of her brother, orchestrates a brutal and bloody matricide, and her reward is the restitution of her father's good name. Amid all this chaos, Electra, Agamemnon's princess daughter, must bear the humiliation of being treated as a slave girl and labeled a madwoman.—from the Introduction Almost everyone knows about Oedipus and his mother, and many readers would put the Oedipus myth at the forefront of Western collective mythology. In *Electra after Freud*, Jill Scott leaves that couple behind and argues convincingly for the primacy of the countermyth of Agamemnon and his daughter. Through a lens of Freudian and feminist psychoanalysis, this book views renderings of the Electra myth in twentieth-century literature and culture. Scott reads several pivotal texts featuring Electra to demonstrate what she calls a narrative

revolt against the dominance of Oedipus as archetype. Situating the Electra myth within a framework of psychoanalysis, medicine, opera, and dance, Scott investigates the heroine's role at the intersections of history and the feminine, eros and thanatos, hysteria and melancholia. Scott analyzes Electra adaptations by H.D., Hofmannsthal and Strauss, Musil, and Plath and highlights key moments in the telling and reception of the Electra myth in the modern imagination.

**Flint on a Bright Stone** Kirsten Blythe Painter, 2006 Flint on a Bright Stone closes a significant gap in the history of Modernist poetry by identifying the existence of Tempered Modernism, an international phenomenon exemplified by Akhmatova, Rilke, H.D., and Williams, and characterized by small poems written with precision, restraint, simplicity, equilibrium, and hardness.

Digital Video Recorders Jimmy Schaeffler, 2013-07-24 Four specific trends are driving the DVR industry: consumer content choice, consumer content control, personalization of content libraries, and the ability to transfer content from device-to-device and person-to-person. Digital Video Recorders features a macro and micro views of the already established yet still burgeoning DVR industry. As part of the NAB Executive Technology Briefing series, this book gives you a wealth of market knowledge, business models, case studies, and industry insights explained in a non-technical fashion. Digital Video Recorders discusses the impact of the technology across many different industries and platforms, explains hardware, software and technology of set-top boxes, DVR infrastructure, on-screen guides, planning and scheduling, content security, and more. Whether you are an executive in the broadcast, telecommunications, consumer electronic, or advertising space, you will expand your knowledge on DVR impact, explore new business opportunities, and get a brief overview of the technical terms needed. You will also be able to accurately analyze and understand the trends, projections and other data, all of which will help lead to the expedited growth and development of DVR industry.

D.H. Lawrence and Nine Women Writers Leo Hamalian,1996 D. H. Lawrence and Nine Women Writers sheds fresh light on how a number of women writers of his time and our own reacted, in their thinking and writing, to D. H. Lawrence's unbridled individualism, sensitive genius, creative energy, and his sometimes infuriating misogynistic resentments. Critic and scholar Leo Hamalian explores the ways that the sensibilities of nine important women writers were both extensively and profoundly influenced by the English author's fiction, poetry, criticism, and self-styled polyanalytics. Hamalian's series of comparative readings is illuminating. They demonstrate clearly that the hard questions of ideology, subject matter, and style, which engaged Lawrence throughout his turbulent, career, continued to challenge a number of women writers who were grappling with these issues from another vantage point. Through skeptical of some of Lawrence's theories, these writers valued the dynamic aspects of Lawrence's creativity, especially his emphasis on consciousness of wider meanings rather than character, on symbol rather than narrative - although he was a masterful storyteller. They realized that his intensely conceived and evocatively concentrated scenes could be turned into a highly rewarding technique for suggesting the emotional conflicts and moral dilemmas of their own characters. His primitivist philosophy struck them as healthy and his sensitivity as a kind of appealing vulnerability.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. **Breathing Flesh** Rune Nyord,2009 The ancient Egyptian Coffin Texts form a corpus of ritual spells written on the inside of coffins from the Middle Kingdom (c. 2000-1650 BCE). Thus accompanying the deceased in a very concrete sense, the spells are part of a long Egyptian tradition of equipping the dead with ritual texts ensuring the transition from the state of a living human being to that of a deceased ancestor. The texts present a view of death as entailing threats to the function of the body, often conceptualised as bodily fragmentation or dysfunction. In the transformation of the deceased, the restoration of these bodily dysfunctions is of paramount importance, and the texts provide detailed accounts of the ritual empowerment of the body to achieve this goal. Seen from this perspective, the Coffin Texts provide a rich material for studying ancient Egyptian conceptions of the body by providing insights into the underlying structure of the body as a whole and the proper function of individual part of the body as seen by the ancient Egyptians. Drawing on a theoretical framework from cognitive linguistics and phenomenological anthropology, *Breathing Flesh* presents an analysis of the conceptualisation of the human body and its individual parts in the ancient Egyptian Coffin Texts. From this starting point, more overarching concepts and cultural models are discussed, including the ritual conceptualisation of the acquisition and use of powerful substances such as magic, and the role of fertility and procreation in ancient Egyptian mortuary conceptions.
