The Fort That Jack Built Boni Ashburn,2013-09-03 In this imaginative interpretation of the nursery rhyme “The House That Jack Built,” young Jack builds an amazing fort in the middle of the living room, using the chairs, blankets, and other objects on hand. Unfortunately, those objects belong to his family members, so when they want their things back—there goes the walls and roof! Jack struggles to keep his fortress going as it crumbles piece by piece. Finally, Grandma saves the day with her quilts for a sweet, satisfying ending filled with family fun. Boni Ashburn’s text is brought to life by acclaimed illustrator Brett Helquist, whose lively style takes this tale beyond the living room and into the world of adventure.

House That Jack Built ,2009-05-26 This is the house that Jack built - in a splendid Caribbean setting! The lush vegetation, bright colours, blazing skies and gentle rhythms of Jenny Stow's illustrations breathe fresh life into this familiar nursery rhyme, that has delighted young listeners for centuries.

The House That Jack Built Randolph Caldecott,2014-11-27 It is a cumulative tale that does not tell the story of Jack's house, or even of Jack who built the house, but instead shows how the house is indirectly linked to other things and people, and through this method tells the story of The man all tattered and torn, and the Maiden all forlorn, as well as other smaller events, showing how these are interlinked.Origins: It has been argued that the rhyme is derived from an Aramaic hymn Chad Gadya (lit., One Young Goat) in Sepher Haggadah, first printed in 1590; but although this is an early cumulative tale that may have inspired the form, the lyrics bear little relationship. It was suggested by James Orchard Halliwell that the reference to the priest all shaven and shorn indicates that the English version is probably very old, presumably as far back as the mid-sixteenth century. There is a possible reference to the song in The Boston New Letter of 12 April 1739 and the line: This is the man all forlorn, &c. However, it did not appear in print until it was included in Nurse Truelove's New-Year's-Gift, or the Book of Books for Children, printed in London in 1755. It was printed in numerous collections in the late eighteenth and early nineteenth centuries. Randolph Caldecott produced an illustrated version in 1878. Cherrington Manor, a handsome timber-framed house in North East Shropshire, England, is reputed to be the actual house that Jack built. There is a former malt house in the grounds.Syntactic structure: Each sentence in the story is an example of an increasingly deeply nested relative clause. The last version, This is the horse..., would be quite difficult to untangle if the previous ones were not present. See the Noun Phrase for more details about postmodification of the noun phrase in this manner.References in popular culture: The rhyme continues to be a popular choice for illustrated children's books, with recent examples by Simms Taback and Quentin Blake showing how illustrators can introduce a fresh angle and humour into a familiar tale. The popularity of the rhyme can be seen in its use in a variety of other cultural contexts..

Alibaba Duncan Clark,2016-04-12 In just a decade and half Jack Ma, a man who rose from humble beginnings and started his career as an English teacher, founded and built Alibaba into the second largest Internet company in the world. The company’s \$25 billion IPO in 2014 was the world’s largest, valuing the company more than Facebook or Coca Cola. Alibaba today runs the e-commerce services that hundreds of millions of Chinese consumers depend on every day, providing employment and income for tens of millions more. A Rockefeller of his age, Jack has become an icon for the country’s booming private sector, and as the face of the new, consumerist China is courted by heads of state and CEOs from around the world. Granted unprecedented access to a wealth of new material including exclusive interviews, Clark draws on his own first-hand experience of key figures integral to Alibaba’s rise to create an authoritative, compelling narrative account of how Alibaba and its charismatic creator have transformed the way that Chinese exercise their new found economic freedom, inspiring entrepreneurs around the world and infuriating others, turning the tables on the Silicon Valley giants who have tried to stand in his way. Duncan explores vital questions about the company’s past, present, and future: How, from such unremarkable origins, did Jack Ma build Alibaba? What explains his relentless drive and his ability to outsmart his competitors? With over 80% of China’s e-commerce market, how long can the company hope to maintain its dominance? As the company sets its sights on the country’s financial and media markets, are there limits to Alibaba’s ambitions, or will the Chinese government act to curtail them? And as it set up shop from LA and San Francisco to Seattle, how will Alibaba grow its presence and investments in the US and other international markets? Clark tells Alibaba’s tale within the wider story of China’s economic explosion—the rise of the private sector and the expansion of Internet usage—that have powered the country’s rise to become the world’s second largest economy and largest Internet population, twice the size of the United States. He also explores the political and social context for these momentous changes. An expert insider with unrivaled connections, Clark has a deep understanding of Chinese business mindset. He illuminates an unlikely corporate titan as never before, and examines the key role his company has played in transforming China while increasing its power and presence worldwide.
