San Zi Jing - Three Character Classic in Chinese and English Wang Yinglin,2020-07

A Chinese Jesuit Catechism Anthony E. Clark,2021-01-09 This book is the first scholarly study of the famous Jesuit Chinese children's primer, the Four Character Classic, written by Giulio Aleni (1582-1649) while living in Fujian, China. This book also includes masterful translations of both Wang Yinglin's (1551-1602) hallowed Confucian Three Character Classic and Aleni's Chinese catechism that was published during the Qing (1644-1911). Clark's careful reading of the Four Character Classic provides new insights into an area of the Jesuit mission in early modern China that has so far been given little attention, the education of children. This book underscores how Aleni's published work functions as a good example of the Jesuit use of normative Chinese print culture to serve the catechetical exigencies of the Catholic mission in East Asia, particularly his meticulous imitation of Confucian children's primers to promote decidedly Christian content.

Daily Life for the Common People of China, 1850 to 1950 Ronald Suleski,2018-10-22 In this exciting book, Ronald Suleski introduces daily life for the common people of China in the century from 1850 to 1950. They were semi-literate, yet they have left us written accounts of their hopes, fears, and values. They have left us the hand-written manuscripts (chaoben 抄本) now flooding the antiques markets in China. These documents represent a new and heretofore overlooked category of historical sources. Suleski gives a detailed explanation of the interaction of chaoben with the lives of the people. He offers examples of why they were so important to the poor laboring masses: people wanted horoscopes predicting their future, information about the ghosts causing them headaches, a few written words to help them trade in the rural markets, and many more examples are given. The book contains a special appendix giving the first complete translation into English of a chaoben describing the ghosts and goblins that bedeviled the poor working classes.

The Journey to the West, Books 1, 2 And 3 Jeff Pepper,2021-01-15 This book contains the full text, in Traditional Chinese, of the first three books in our Journey to the West series for people learning to read Chinese. The three stories told here - The Rise of the Monkey King, Trouble in Heaven, and The Immortal Peaches - are unchanged from our original versions except for minor editing and reformatting. These three stories all focus on the adventures of Sun Wukong, The Handsome Monkey King, one of the most famous characters in Chinese literature and culture. His legendary bravery, foolish mistakes, sharp-tongued commentary and yearning for immortality and spiritual knowledge have inspired hundreds of books, television shows, graphic novels, video games and films. These books are based on the original epic 2,000 page novel written in the 16th century by Wu Cheng'en. It is probably the most famous and best-loved novel in China and is considered one of the four great classical novels of Chinese literature. These stories are written, as much as possible, using the 600 word vocabulary of HSK3. They are presented in Traditional Chinese characters and pinyin, and include an English version and complete glossary. Free audio versions of all books in this series are available on YouTube's Imagin8 Press channel, and on our website, www.imagin8press.com.

War and Popular Culture Chang-tai Hung,2023-12-22 This is the first comprehensive study of popular culture in twentieth-century China, and of its political impact during the Sino-Japanese War of 1937-1945 (known in China as The War of Resistance against Japan). Chang-tai Hung shows in compelling detail how Chinese resisters used a variety of popular cultural forms—especially dramas, cartoons, and newspapers—to reach out to the rural audience and galvanize support for the war cause. While the Nationalists used popular culture as a patriotic tool, the Communists refashioned it into a socialist propaganda instrument, creating lively symbols of peasant heroes and joyful images of village life under their rule. In the end, Hung argues, the Communists' use of popular culture contributed to their victory in revolution.

Dao de Jing in Clear English ,2018-05-15 The Dao De Jing, also called the Tao Te Ching, was originally written in the 6th century BCE by the Chinese sage Laozi. Only 5,000 Chinese characters long, its concise and beautiful wording and its profound insights into the nature of the universe make it one of the most influential books ever written.This wonderful new book expresses the Dao De Jing in simple, contemporary language, while remaining true to the rhythms and poetic structure of the original Chinese. Islamic Thought in China Jonathan Lipman,2017-08 Tells the stories of Chinese Muslims trying to create coherent lives at the intersection of two potentially conflicting cultures. How can people belong simultaneously to two cultures, originating in two different places and expressed in two different languages, without alienating themselves from either? Muslims have lived in the Chinese culture area for 1400 years, and the intellectuals among them have long wrestled with this problem. Unlike Persian, Turkish, Urdu, or Malay, the Chinese language never adopted vocabulary from Arabic to enable a precise understanding of Islam's religious and philosophical foundations. Islam thus had to be translated into Chinese, which lacks words and arguments to justify monotheism, exclusivity, and other features of this Middle Eastern religion. Even in the 21st century, Muslims who are culturally Chinese must still justify their devotion to a single God, avoidance of pork, and their communities' distinctiveness--among other things--to sceptical non-Muslim neighbours and an increasingly intrusive state--

The three stories told here - The Magic Ginseng Tree, The Monster's Secret, and The Five Treasures - are unchanged from the original versions except for minor editing and reformatting. In the Magic Ginseng Tree, Tangseng and his disciples arrive at a secluded mountain monastery which turns out to be the home of a powerful master and an ancient and magical ginseng tree. The Young Monk Jeff Pepper,2020-04 The Young Monk is the fourth book in the Journey to the West series of stories by Jeff Pepper and Xiao Hui Wang. Other titles include Rise of the Monkey King, Trouble in Heaven and The Immortal Peaches. In this, the fourth book in the series, we leave the imprisoned Sun Wukong behind, and tell the story of Xuanzang, the monk chosen by the Buddha to undertake the dangerous journey westward to India and bring sacred wisdom back to China. Unlike the previous books which told of Sun Wukong's great adventures (and misadventures) across heaven and earth, this story deals with smaller, human-scale events and the traditional themes of love, loyalty, treachery and revenge. Our story begins with the Buddha's decision to bring his wisdom to China. Then we meet the young couple - Guangrui and Wenjiao - who become Xuanzang's parents. We witness their terrible ordeals around the time of Xuanzang's birth, and we then jump ahead to when he turns eighteen, learns of his true parentage, and avenges his parents. This book is based on chapters 8 and 9 of Journey To The West, an epic novel written in the 16th Century by Wu Chen'en. Journey To The West is loosely based on an actual journey by the Buddhist monk Xuanzang, who traveled from the Chinese city of Chang'an westward to India in 629 A.D. and returned 17 years later with priceless knowledge and texts of Buddhism. Over the course of the book the band of travelers face the 81 tribulations that Xuanzang had to endure to attain Buddhahood. Each book in our Journey to the West series covers a short section of the original 2,000-page novel. The first three books in the series all focus on Sun Wukong, the Monkey King. We tell the story of his birth, his early years, and his adventures in Heaven and Earth that lead, ultimately, to his capture and his centuries-long imprisonment under Five Finger Mountain. The story is written, as much as possible, using the 600 word vocabulary of HSK 3. It is presented in simplified Chinese characters and pinyin, and includes an English version and complete glossary. A free Chinese language audiobook is also available on YouTube, on the Imagin8 Press channel.

Trouble in Heaven Jeff Pepper,2020-04 Trouble In Heaven is the second book in the Journey to the West series of stories by Jeff Pepper and Xiao Hui Wang. Other titles include Rise of the Monkey King, The Immortal Peaches and The Young Monk. In this book, things begin to unravel for Sun Wukong, as he starts to see the consequences of his outrageous actions. While trying to defend his troop of monkeys, he manages to offend the underwater Dragon King, the Dragon King's mother, all ten Kings of the Underworld, and the great Jade Emperor himself. Finally, goaded by a couple of troublemaking demons, he goes too far, calling himself the Great Sage Equal to Heaven and setting events in motion that will cause him some serious trouble. Sun Wukong, the Handsome Monkey King, is one of most famous characters in Chinese literature and culture. His legendary bravery, his foolish mistakes, his sharp-tongued commentary and his yearning for immortality and spiritual knowledge have inspired hundreds of books, television shows, graphic novels, video games and films.
