3D Tic Tac Toe Rwg,2019-10-30 3D Tic Tac Toe is an advanced version of the regular Tic Tac Toe game. This game was particularly popular in the 1970s when a game maker released a board game, another company sold a printed pad of Tic Tac Toe games and Atari released a video game version. The game is played on a 4x4x4 cubic grid. 3x3x3 versions have been made but they aren't a fun gameplay experience as the game is usually quickly won! This game is easy to learn but the strategy is complex to master. Instructions included.

3D Tic Tac Toe 4X4X4 Lawrence Westfall,2019-10-09 Are you and your kids bored with regular old 3X3 Tic Tac Toe? Why not accept a real challenge and play an abstract strategy board game - 3 Dimensional (3D) Tic Tac Toe? Get 4 in a row in this cubical array of cells - 4X4X4 3-D version. Maybe you used to play Qubic or something similar back in the 70s. Now, you can play again. Get the 4X4X4, 3 Dimension (3D) Tic Tac Toe game book and have hours of fun challenging your friends to a real game. The 8.5 X 11 Inch book has 150 pages with 4 3D boards per page for a total of 600 games that can be played. Here are the easy instructions: Instructions: This is a game primarily for two players but 3 or 4 players can also play. One player chooses X and one chooses O. Each player takes turns to place their mark (X or O) on an empty square in the 4X4X4 grid. The winner is the first player to get four in a row in any direction - horizontally, vertically or diagonally. Winning lines can stretch across all four grids as long as they make a straight line from corner to corner. A variation of this game is instead of playing to make one row of four, the goal is to make as many rows of three as possible. A rule that makes it less advantageous to begin is to prohibit the first player from placing his first piece in either a corner position or in one of the eight center positions. STRATEGY: Always block a straight line of three marks. Plan ahead. Keep new straight lines forming in different directions. Lines forming in the middle of the structure are less easily detected. The more you play, the more your own individual strategy will improve. The 3D Tic Tac Toe 4X4X4 Game Book will give you hours of fun and frustration. Perfect Christmas Stocking Stuffer or ideal to bring on road trips or long flights.
