**Croatian, Slovenian and Czech Constitutional Documents 1818–1849** Dalibor Cepulo,Mirela Krešić,Milan Hlavacka,Ilse Reiter,2010-03-26 The 38 Croatian, Slovenian and Czech constitutional documents reflect the development of the modern national movements of these Middle and South East European Slavic peoples and their political and cultural efforts to emancipate themselves from the Habsburg monarchy around 1848. Here the two imperial “Cabinet Letters for Bohemia□” are of particular importance for the Czech middle classes. For Croatia, the “Petitions of Rights of the National Movement of the Triune Kingdom of Dalmatia, Croatia and Slavonia”, and for Slovenia, the “Programme of United Slovenia” are of pre-eminent significance.

The Innovator’s Dictionary Christian Buchholz,Benno Aerssen,2020-10-12 More and more people have to organize or moderate innovation processes, creative workshops and design thinking projects and need help when choosing appropriate tools. At the same time, the number of available methods has virtually exploded in recent years – making it difficult to find the most appropriate method. This book presents 555 of the most important innovation methods and tools, selected and curated by experienced innovation professionals. A step-by-step explanation for each method allows for easy implementation in your own team meeting or workshop. Further information on each method, such as method results, experience insights, required innovation skills and numerous illustrations help the reader to select the right instrument and adapt it to their respective goal. Whether you are a beginner or a professional, the book will help you to select methods quickly and safely. Innovation managers and everyone responsible for projects and products will find invaluable help for their work in this dictionary. It also offers a Design Thinking reference for all methods as well as a free online method search with various search paths.

Variation in Second and Heritage Languages Robert Bayley,Dennis R. Preston,Xiaoshi Li,2022-07-15 Variationist work in Second Language Acquisition (SLA) began in the mid 1970s and steadily progressed during the 1980s. Much of it was reviewed along with newer approaches in Bayley and Preston 1996 (B&P), heavily devoted to VARBRUL analyses that exposed the variability in developing interlanguages and placed variationist work within the canon of SLA. This new volume features three developing trends. First, it widens the scope of L1s of learners (from 6 in B&P to 8) and L2 targets (2 in B&P to 7) and in each case has brought more careful demographic and variable considerations to bear, including heritage languages and study abroad. Second, it modernizes statistics by moving from VARBRUL to the more widely used log-odds probabilities that allow more detailed consideration of variables and their influences. Finally, it deepens consideration of variable sociolinguistic meaning in learner behaviors, a dominating feature of 3rd Wave variationist work.
