**Structure and Cognition in Art** Dorothy K. Washburn,1983-07-21 The essays in this 1983 volume present an innovative and unified approach to the archaeological analysis and interpretation of art and design.

**Len Lye** Roger Horrocks,2001-08-01 The life of an extraordinary New Zealander told for the first time. A charismatic personality Lye was a major New Zealand artist and a leading figure in international modernism who lived in London and New York but always retained a South Pacific energy and informality. There is a growing interest in his work and it is well illustrated in this book.

**Tiki Drinks** Adam Rocke,2000 Light the torches and grab the tiny paper umbrellas - the handbook of delicious tiki beverages is here. In Tiki Drinks, former bartender Adam Rocke selects his favorite tropical libations. The effect of tiki or boat drinks, says the author, is to evoke the sensation of being marooned on a tropical island with a bevy of insignificant others eager to do your bidding. 50 of the best tropical drink recipes include pina coladas, daiquiris, tropical punches, margaritas, freezes, coolers, and other classics that will conjure island breezes and rolling waves. Lesser-known but equally transporting drinks include such creative variations as the Pirate's Cove, Buccaneer, Zombie, Frozen Mudslide, and Bahama Mama. In addition to serving up liquid exotica, Rocke offers tips on mixers, glasses, and serving techniques - all necessary accoutrements of the pro or amateur bartender who wants to keep the natives restless.

**Beachbum Berry's Sippin' Safari** Jeff Berry,2007 The new book by the author of The Grog Log,

Intoxica and Taboo Table. Beach Bum Berry, as he is better known, is America's leading authority on tropical drinks and polynesian pop culture. In this all new book, Berry not only offers up tantalizing new drink recipes, but tells stories about some of the most famous figures of their time. The Bum applies the same dogged research to the untold stories of the people behind the drinks. Stories culled from over 100 interviews with those who actually created the mid-century Tiki scene -- people as colorful as the drinks they invented, or served, or simply drank. People like: Leon Lontoc, the Don The Beachcomber's waiter who served Frank Sinatra and Marlon Brando by night, and acted in their movies by day; Henry Riddle, the Malibu Seacomber bartender who fed items about his famous customers to infamous gossip columnist Louella Parsons, till the day Howard Hughes found him out; and Duke Kamanamoku, whose manager turned him from Olympic champion into reluctant restaurateur.

*Beach Bum Berry's Grog Log* Jeff Berry, 2013 This edition of The Grog Log is NOT SPIRAL BOUND. Tiki bar mixology is a lost art--but the Grog Log rescues it. A twenty-page introduction traces

the history of Polynesian Pop, then teaches you everything you need to know about how to make the Grog Log's eighty tropical drink recipes. Many of these recipes have never before been published anywhere—including vintage lost recipes by Don the Beachcomber, Trader Vic, and long-gone Polynesian restaurants from the island of Manhattan to the islands of Hawaii. Profusely illustrated with vintage tiki menu graphics from the '50 and '60s, with cover art by famed Exotica artist Bosko. Review SIPS - Trader Vic Drank Here By WILLIAM GRIMES As John Glenn was orbiting the earth for the first time, his fellow Americans were deep into the long-lived craze known as tiki. This gaudy life-style package -- a blend of Polynesian kitsch, fake island food and lethal rum drinks -- began in the late 1930's and early 40's with Los Angeles restaurants like Don the Beachcomber and Trader Vic's, and gradually spread to the suburban patio before fizzling out in the early 1970's. It's back, of course. Jeff Berry and Annene Kaye, serious students of tiki, have compiled a serious tiki cocktail book, Beachbum Berry's Grog Log. In 96 spiral-bound pages adorned with tiki illustrations, the authors have ranged far and wide to gather classic Polynesian fakes, like the Fog Cutter from Trader Vic's, the Missionary's

Downfall from Don the Beachcomber and the Sidewinder's Fang from the Lanai Restaurant in San Mateo, Calif. They have even managed to unearth Manhattan tiki cocktails, like the Hawaiian Room, served at the old Hotel Lexington in the 1940's, and the Headhunter, served at the Hawaii Kai in the 1960's. The authors have also come up with their own tiki-inspired originals, like Hell in the Pacific (151-proof Demerara rum, lime juice, maraschino liqueur and grenadine), and the Waikikian (light Puerto Rican Rum, dark Jamaican rum, lemon juice, curacao and orgeat syrup). It's no longer possible to eat Tonga Tabu Native Drum Steak, which was a featured menu item at the now-defunct Islander in Beverly Hills (from the ovens of the ancient goddess of Bora Bora, Pele, Mistress of Flame), but you can shake up a Shark's Tooth or a Shrunken Skull. As Mr. Berry and Ms. Kaye see it, they are giving the country the perfect drink book for the age of malaise. If we're going to feel like zombies, they write in their preface, we may as well be drinking them. END -- Publisher Comments About the Author Jeff Berry is a learned fan of tropical drinks and is perhaps the foremost authority on the subject. He is also a screenwriter and filmmaker.

Smuggler's Cove Martin Cate, Rebecca Cate, 2016-06-07 Martin and Rebecca Cate, founders and owners of Smuggler's Cove (the most acclaimed tiki bar of the modern era) take you on a colorful journey into the lore and legend of tiki: its birth as an escapist fantasy for Depression-era Americans; how exotic cocktails were invented, stolen, and re-invented; Hollywood starlets and scandals; and tiki's modern-day revival, in this James Beard Award-winning cocktail book. Featuring more than 100 delicious recipes (original and historic), plus a groundbreaking new approach to understanding rum, Smuggler's Cove is the magnum opus of the contemporary tiki renaissance. Whether you're looking for a new favorite cocktail, tips on how to trick out your home tiki grotto, help stocking your bar with great rums, or inspiration for your next tiki party, Smuggler's Cove has everything you need to transform your world into a Polynesian Pop fantasia. Make yourself a Mai Tai, put your favorite exotica record on the hi-fi, and prepare to lose yourself in the fantastical world of tiki, one of the most alluring—and often misunderstood—movements in American cultural history.

**Magicians of the Gods** Graham Hancock, 2015-11-10 Graham Hancock's multi-million bestseller

Fingerprints of the Gods remains an astonishing, deeply controversial, wide-ranging investigation of the mysteries of our past and the evidence for Earth's lost civilization. Twenty years on, Hancock returns with the sequel to his seminal work filled with completely new, scientific and archaeological evidence, which has only recently come to light... Near the end of the last Ice Age 12,800 years ago, a giant comet that had entered the solar system from deep space thousands of years earlier, broke into multiple fragments. Some of these struck the Earth causing a global cataclysm on a scale unseen since the extinction of the dinosaurs. At least eight of the fragments hit the North American ice cap, while further fragments hit the northern European ice cap. The impacts, from comet fragments a mile wide approaching at more than 60,000 miles an hour, generated huge amounts of heat which instantly liquidized millions of square kilometers of ice, destabilizing the Earth's crust and causing the global Deluge that is remembered in myths all around the world. A second series of impacts, equally devastating, causing further cataclysmic flooding, occurred 11,600 years ago, the exact date that Plato gives for the destruction and submergence of Atlantis. The evidence revealed in this book shows

beyond reasonable doubt that an advanced civilization that flourished during the Ice Age was destroyed in the global cataclysms between 12,800 and 11,600 years ago. But there were survivors - known to later cultures by names such as 'the Sages', 'the Magicians', 'the Shining Ones', and 'the Mystery Teachers of Heaven'. They travelled the world in their great ships doing all in their power to keep the spark of civilization burning. They settled at key locations - Gobekli Tepe in Turkey, Baalbek in the Lebanon, Giza in Egypt, ancient Sumer, Mexico, Peru and across the Pacific where a huge pyramid has recently been discovered in Indonesia. Everywhere they went these 'Magicians of the Gods' brought with them the memory of a time when mankind had fallen out of harmony with the universe and paid a heavy price. A memory and a warning to the future... For the comet that wrought such destruction between 12,800 and 11,600 years may not be done with us yet. Astronomers believe that a 20-mile wide 'dark' fragment of the original giant comet remains hidden within its debris stream and threatens the Earth. An astronomical message encoded at Gobekli Tepe, and in the Sphinx and the pyramids of Egypt, warns that the 'Great Return' will occur in our time...

Arts in the Religions of the Pacific Albert C. Moore,1997 The vivid art forms of Australia, Melanesia, Polynesia, and New Zealand are rooted in their religious cultures. This relationship is still apparent in the new and ever-evolving art forms of the modern Pacific world.

*Surrealism and the Exotic* Louise Tythacott,2003-09-02 Surrealism and the Exotic is the story of the obsessive relationship between surrealist and non-western culture. Describing the travels across Africa, Oceania, Mexico and the Caribbean made by wealthy aesthetes, it combines an insight into the mentality of early twentieth century collectors with an overview of the artistic heritage at stake in these adventures. Featuring more than 70 photographs of artefacts, exhibitions and expeditions-in-progress, it brings to life the climate of hedonism enjoyed by Breton, Ernst, Durkheim, and Mauss, It is an unparalleled introduction to the Surrealist movement and to French thought and culture in the 1920s and 1930s.
